Redefining Russian Society And Polity:

Redefining Russian Society And Polity Mary E.a. Buckley,1993-10-31 Offering a reflection of the complexities of the situation in Russia today this book aims to show how glasnost provided citizens with an initially intoxicating freedom and glut of information yet in a context of failed economic reform also brought some extreme reactions The Palgrave Handbook of Women and Gender in Twentieth-Century Russia and the Soviet Union Melanie Ilic,2017-11-30 This handbook brings together recent and emerging research in the broad areas of women and gender studies focusing on pre revolutionary Russia the Soviet Union and the post Soviet Russian Federation For the Soviet period in particular individual chapters extend the geographic coverage of the book beyond Russia itself to examine women and gender relations in the Soviet East Tatarstan Central Asia Kazakhstan Tajikistan and Uzbekistan and the Baltic States Estonia Latvia and Lithuania Within the boundaries of the Russian Federation the scope moves beyond the typically studied urban centres of Moscow and St Petersburg to examine the regions Krasnodar Novosibirsk rural societies and village life Its chapters examine the construction of gender identities and shifts in gender roles during the twentieth century as well as the changing status and roles of women vis a vis men in Soviet political institutions the workplace and society more generally This volume draws on a broad range of disciplinary and methodological approaches currently being employed in the academic field of Russian studies The origins of the individual contributions can be identified in a range of conventional subject disciplines history literature sociology political science cultural studies but the chapters also adopt a cross and inter disciplinary approach to the topic of study This handbook therefore builds on and extends the foundations of Russian women s and gender studies as it has emerged and developed in recent decades and demonstrate the international indeed global reach of such research The Politics of Gender after Socialism Susan Gal,Gail Kligman,2012-01-06 With the collapse of communism a new world seemed to open for the peoples of East Central Europe The possibilities this world presented and the costs it exacted have been experienced differently by men and women Susan Gal and Gail Kligman explore these differences through a probing analysis of the role of gender in reshaping politics and social relations since 1989 The authors raise two crucial questions How are gender relations and ideas about gender shaping political and economic change in the region And what forms of gender inequality are emerging as a result The book provides a rich understanding of gender relations and their significance in social and institutional transformations Gal and Kligman offer a systematic comparison of East Central European gender relations with those of western welfare states and with the presocialist bourgeois past Throughout this essay the authors attend to historical comparisons as well as cross regional interactions and contrasts Their work contributes importantly to the study of postsocialism and to the broader feminist literature that critically examines how states and political economic processes are gendered and how states and markets regulate gender relations **The NEBI YEARBOOK 2003** Pertti Joenniemi,Lars Hedegaard,Heikki Eskelinen,Bjarne Lindström,Karin Peschel,Carl-Einar Stalvant,2012-12-06 Bjllrn Tore Godal Norwegian

Ambassador to Germany Chairman of the Editorial Advisory Board Several of the contributions to the present volume of The NEBI Yearbook have been inspired by the fact that roughly speaking ten years have passed since the first steps were taken to initiate cross border co operation in the Barents and Baltic Sea areas One of the most important co operative organisations in the European Northeast i e The Council of the Baltic Sea States was launched in 1992 The Barents Euro Arctic Council was established in 1993 An avalanche of co operative and cross border initiatives has since hit this part of Europe with all kinds of actors participating states regional and municipal authorities univer sities national organisations businesses and private interests Even international organisations and actors from outside the immediate NEBI area have taken a special interest in this dynamic part of the world Among the most important is the European Union whose Finnish inspired Northern Dimension initiative has become a permanent fixture As many of the chapters in NEBI 2003 testify integration in the NEBI area across old political and ideological borders and cultural and socio economic divides that are among the most pronounced anywhere in the world has on the whole been a great success

Kosovo Mary Buckley, Sally Cummings, 2001-01-01 Nato intervention in Kosovo marked a major turning point in post cold war international relations While some western commentators argued that it was the first war to be fought on purely moral grounds Serbian Russian and Chinese assessments were sharply different This highly original addition to the literature on Kosovo highlights the importance of perspective to an understanding of both the causes and consequences of war It makes clear that the conceptual lenses paradigms or frameworks through which political actors view reality in turn affect their understanding of the behaviour of others and their reactions to it The authors a team of regional experts on the countries covered examine the way the war has been understood in countries involved in and peripheral to the conflict Their aim is to provide a broad yet highly nuanced picture of this focal point of Balkan unrest The book opens with an introduction to the historical and regional context of the conflict The authors go on to present twelve case studies ranging from Serbia and the other former Yugoslav republics to the USA and to China These detailed regional studies highlight the considerable variation in the key states perceptions of their national interest and their perceptions of what constitutes legality or legitimacy In each case domestic constraints are explored and the ways in which differing perspectives of political and military leadership fed into the crisis are examined Further thematic chapters determine the war s consequences and the lessons to be drawn in terms of the wider issues of refugees humanitarian intervention European security and geopolitics

Soviet Fates and Lost Alternatives Stephen F. Cohen, 2009-06-23 In this wide ranging and acclaimed book Stephen F Cohen challenges conventional wisdom about the course of Soviet and post Soviet history Reexamining leaders from Nikolai Bukharin Stalin s preeminent opponent and Nikita Khrushchev to Mikhail Gorbachev and his rival Yegor Ligachev Cohen shows that their defeated policies were viable alternatives and that their tragic personal fates shaped the Soviet Union and Russia today Cohen s ramifying arguments include that Stalinism was not the predetermined outcome of the Communist Revolution that the Soviet Union

was reformable and its breakup avoidable and that the opportunity for a real post Cold War relationship with Russia was squandered in Washington not in Moscow This is revisionist history at its best compelling readers to rethink fateful events of the twentieth and early twenty first centuries and the possibilities ahead In his new epilogue Cohen expands his analysis of U S policy toward post Soviet Russia tracing its development in the Clinton and Obama administrations and pointing to its initiation of a new Cold War that he implies has led to a fateful confrontation over Ukraine

Gender and housing in Soviet Russia Lynne Attwood, 2013-07-19 This book explores the housing problem throughout the 70 years of Soviet history looking at changing political ideology on appropriate forms of housing under socialism successive government policies on housing and the meaning and experience of home for Soviet citizens She examines the use of housing to alter gender relations and the ways in which domestic space was differentially experienced by men and women Much of Attwood's material comes from Soviet magazines and journals which enables her to demonstrate how official ideas on housing and daily life changed during the course of the Soviet era and were propagandised to the population Through a series of in depth interviews she also draws on the memories of people with direct experience of Soviet housing and domestic life Attwood has produced not just a history of housing but a social history of daily life which will appeal both to scholars and those with a general interest in Soviet history
