Hacker, 1993 The I Ching the Book of Changes is the Chinese classic that is best known and most widely read in Western civilization Although it was written nearly 3000 years ago its wisdom is still applicable to modern issues and in its multi metaphorical themes one may find insights and solutions to the personal social political and philosophical problems encountered today Dr Hacker's I Ching Handbook is the best compendium of study aids and state of the art information now available on the ancient Book of Changes It contains knowledge that allows the reader to achieve a deeper level of understanding of the I Ching It also provides the reader with a formal presentation of the subject that is not found elsewhere The Handbook is excellently referenced with footnotes and appendices to meet the needs of the most assiduous scholar It also contains 2 annotated bibliographies a concordance to the most often studied Wilhelm Baynes translation of the I Ching and a glossary of technical terms Features A comprehensive compendium of study aids to guide the reader through the most popular of ancient Chinese texts Excellent references and 2 bibliographies for further reading Gl The Emotional I Ching Chris Lofting, 2009-05-01 Hardcover This book presents the I Ching as an example of a language a language of the vague and as such shows the ability

of the I Ching to describe itself by reference to itself This association with language allows for linking yang yin with fight flight the language we call emotions Through consideration of current research into emotions the book brings out the ability to translate the language of primary emotion into the language of yang yin and so present a more consistent precise yang yin interpretation of any situation given an emotional assessment of that situation The appendix introduces a more general perspective on meaning derivation given our current knowledge about our neurology and the creation of symbols and metaphors

I Ching Edward Hacker, Steve Moore, 2023-05-31 With over one thousand entries covering a diverse range of sources including books articles unpublished dissertations taped lectures devices and software this is the most comprehensive annotated bibliography of English works on the I Ching This book will be indispensable for all scholars of the I Ching and an invaluable resource for those interested in this classic Chinese book Follow this link www.zhouyi.com to editor Lorraine Patsco's massive I Ching web bibliography featuring over 2500 I Ching related websites

The Original I Ching Oracle, 2007 This remarkable work is the final result of 50 years of I Ching research and over 10 years of roundtables and seminars Based on a revolutionary translation method and inspired by Carl Jung's insights into the psyche The Original I Ching Oracle offers Western readers the closest possible approach to the true content of the ancient Chinese oracle By cutting through layers of philosophical analysis and recovering the original images of the I Ching it puts readers in contact with a deep universal dimension of the human psyche as important today as it was for the shamans in China over 3 000 years ago
