Rediscovery Of Wordsworth:

The Rediscovery of Wordsworth.. Cornelius Howard Patton,1966 *The Rediscovery of Wordsworth (Classic Reprint)*

Cornelius Howard Patton,2016-12-03 Excerpt from The Rediscovery of Wordsworth N writing this book I have had three classes of people in mind First those who know practically nothing about Wordsworth but who might be drawn into the circle of his influence should the right word be said Second those who know enough of the Poet to realize that they should go much farther but who lack the guiding clue Third those who know a great deal of Wordsworth as an honored poet of one hundred years ago but who have not appreciated the unique significance of his message for our own particular time Perhaps it is fair to add that I have named the classes of hoped for readers in the reverse order of importance as the matter has lain in my mind At least I have felt that the message of the Poet is the main thing and that there is no accounting for his steadily increasing influence evidenced in so many ways other than on the ground that to the modern world to use his own expression he has become or is becoming A Mighty Voice It has been my aim to show how closely his teachings fit into our present post war situation and to do this in a somewhat detailed way passing from the lower to the higher that is from nature to man from man to society and from society to the ethical and philosophical principles that underlie his work Then in order that the totality of impression might not be missed I have added a brief summary at the end In confessing the ideas of the Poet as my major interest I am well aware that I shall fall foul of the critics never more in evidence than today to whom aesthetics is the sole criterion of successful verse So be it As I show in one of my chapters the issue is as old as Matthew Arnold's reply to Leslie Stephen in the well known preface to his Wordsworth Selections I can only plead that there are some good names on the Stephen side of the debate About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **REDISCOVERY OF WORDSWORTH**

CORNELIUS HOWARD. PATTON,2018 *Wordsworth's Counterrevolutionary Turn* John Rieder,1997 Arguing throughout that Wordsworth's originality springs from his invention and elaboration of a peculiarly literary form of community Rieder maintains that the didactic element in Wordsworth's concept of community was doomed to irrelevance by the course of English economic and social development Yet Wordsworth's writing became enormously influential not by virtue of the agrarian community it envisioned but rather by virtue of the literary form of community it modeled and produced in its dissemination *The Rediscovery of America* Stuart Andrews,1998-10-15 The Rediscovery of America features some twenty representatives of England France and America whose careers in some sense straddled the Atlantic in the last quarter of the

eighteenth century While not establishing causal links between the American and French Revolutions the collective weight of these individual responses to the new America supports the idea of an Atlantic Revolution This study of the writings and transatlantic experiences of the revolutionary generation shows the power of American images in shaping political rhetoric if not political reality The Monist Paul Carus,1925 Vols 2 and 5 include appendices **Making of the Victorian Novelist** Bradley Deane,2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian novelist Easily dismissed at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria s reign could be esteemed among the greatest of artists Between these extremes stretches a century of ideological contention between alternative representations of authorship Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production arguments over copyright legislation and revisions of the criteria of periodical criticism Combining literary sociology and close readings The Making of the Victorian Novelist offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians understanding of their great novelists **Wordsworth's Poetry of Repetition** Sarah Houghton-Walker,2023 This book explores those moments of repetition placing them in the early nineteenth century context from which they emerged and teasing out through extended close attention to the poetry itself the complexities of repetition and recapitulation **The Princeton University Library Chronicle** Lawrence Thompson,1950 Vol 1 includes section Biblia devoted to the interests of the Friends of the Princeton Library v 11 **Annual Bibliography of English Language and Literature** ,
