Washington Redskins Steven M. Karras,2017-08-01 Each National Football League team has a unique story The My First NFL Book series introduces readers to the 32 NFL teams Each title explores an NFL team s major records stars stadium history statistics and more *The League* John Eisenberg,2018-10-09 The epic tale of the five owners who shepherded the NFL through its tumultuous early decades and built the most popular sport in America The National Football League is a towering distinctly American colossus spewing out 14 billion in annual revenue But it was not always a success In The League John Eisenberg focuses on the pioneering sportsmen who kept the league alive in the 1920s 1930s and 1940s when its challenges were many and its survival was not guaranteed At the time college football baseball boxing and horseracing dominated America s sports scene Art Rooney George Halas Tim Mara George Preston Marshall and Bert Bell believed in pro football when few others did and ultimately succeeded only because at critical junctures each sacrificed the short term success of his team for the longer term good of the league At once a history of a sport and a remarkable story of business ingenuity The League is an essential read for any fan of our true national pastime The Rough Guide to Washington D. Washington Redskins David Elfin,2011 **Redskins** C. Richard King,2019-03-01 The Washington Redskins franchise remains one of the most valuable in professional sports in part because of its easily recognizable popular and profitable brand And yet redskins is a derogatory name for American Indians Prominent journalists politicians and former players have publicly spoken out against the use of Redskins as the name of the team The number of grassroots campaigns to change the name has risen in recent years despite the current team owner s assertion that the team will never do so The NFL for its part actively defends the name and supports it in court Redskins Insult and Brand examines how the ongoing struggle over the team name raises important questions about how white Americans perceive American Indians about the cultural power of consumer brands and about continuing obstacles to inclusion and equality C Richard King examines the history of the team s name the evolution of the term redskin and the various ways in which people both support and oppose its use today King s hard hitting approach to the

team's logo and mascot exposes the disturbing history of a moniker's association with the NFL a multibillion dollar entity that accepts public funds as well as popular attitudes toward Native Americans today **Celebrating the Super Bowl** Linda K. Fuller, 2024-02-10 A de facto American national holiday and phenomenon the Super Bowl claims a spot as one of the most significant sporting events in the world and the most widely celebrated feasted and feasting event of the year with 14 billion at stake commercials costing 7 million for a 30 second spot record setting broadcast ratings and 113 million viewers More avocados 105 million pounds are consumed and more beer is drunk 325 million gallons on the single day of Superbowl Sunday But there is much more at play than partying at our annual sports extravaganza as this scholarly researched yet readable volume demonstrates Here you will read a historical perspective that includes discussions of the meta event's economics stakeholders host cities advertising gambling and media fandom ratings halftime entertainment the roles of mythic spectacle and religion football's sexist militaristic language gender issues like cheerleaders and sex trafficking the Puppy Bowl medical concerns like concussions and violence tailgating and foodie ideas all along with tidbits about your favorite team's and player's Touchdown **The Religion of White Supremacy in the United States** Eric Weed, 2017-08-28 On January 20th 2009 the United States entered a new era in terms of race relations in the country The hopes of many Americans were not to be fulfilled and many believe race relations are worse now The reason is the legacy of race is integral to the American nation The Religion of White Supremacy in the United States traces this legacy to show how race is defined by more than beliefs or acts of injustice What this book reveals is that white supremacy is a religion in the United States This book is a theo historical account of race in the United States that argues that white supremacy functions through the Protestant Christian tradition The Religion of White Supremacy in the United States is an interdisciplinary work of Critical Whiteness Studies American History and Theology to build a narrative in which the religion of white supremacy dominates U S culture and society In this way the racial tensions during the Obama era become sensible and inevitable in a nation that finds ultimacy in white supremacy *Redskins* Bruce Stapleton, 2001 A firestorm of controversy swirls around Indian sports mascots Dr Bruce Stapleton wades through the rancor focusing on what some say is the most egregious slur of all *Slingin' Sam* Joe Holley, 2012-10-01 Dan Jenkins calls Baugh the greatest quarterback who ever lived college or pro Even though he played for the Washington Redskins mostly in the pre TV era 1937 1952 he is still remembered and revered by fans who consistently name him as the former player they would most like to see back in the game Baugh was one of the first inductees into the Pro Football Hall of Fame A living link between the leather helmet era and the modern Baugh spread the field opened up the game and made the forward pass a strategic weapon not a desperation heave He made quarterback the glamour position which means that Peyton Manning Tony Romo Tom Brady and all the other football field generals since Baugh are in his debt **Native American Issues** Paul C. The Washington Football Team George Jasmine, 2021-06-25 The Washington Football Team are a professional football team that competes in the National Football League NFL Established in 1932 as the Boston Braves the team changed its name to the Redskins the following year and moved to Washington D C in 1937 In July 2020 following increasing pressure from fans and sponsors the Washington Redskins announced that they would change their name as the term Redskins was seen as disrespectful toward Native Americans and other people of color The team named itself the Washington Football Team until the announcement of an official new name at a later date The team won two NFL championships in the pre Super Bowl era and has won the Super Bowl three times American businessman Daniel Marc Snyder is currently the majority owner of the Washington Team You can find many useful things in this book

Showdown Thomas Smith, 2011-09-06 In 1961 as America crackled with racial tension the Washington Redskins stood alone as the only professional football team without a black player on its roster In fact during the entire twenty five year history of the franchise no African American had ever played for George Preston Marshall the Redskins cantankerous principal owner With slicked down white hair and angular facial features the nattily attired sixty four year old NFL team owner already had a well deserved reputation for flamboyance showmanship and erratic behavior And like other Southern born segregationists Marshall stood firm against race mixing We ll start signing Negroes he once boasted when the Harlem Globetrotters start signing whites But that was about to change Opposing Marshall was

Interior Secretary Stewart Udall whose determination that the Redskins or Paleskins as he called them reflect John F Kennedy s New Frontier ideals led to one of the most high profile contests to spill beyond the sports pages Realizing that racial justice and gridiron success had the potential either to dovetail or take an ugly turn civil rights advocates and sports fans alike anxiously turned their eyes toward the nation s capital There was always the possibility that Marshall one of the NFL s most influential and dominating founding fathers might defy demands from the Kennedy administration to desegregate his lily white team When further pressured to desegregate by the press Marshall remained defiant declaring that no one including the White House could tell him how to run his business In Showdown sports historian Thomas G Smith captures this striking moment one that held sweeping implications not only for one team s racist policy but also for a sharply segregated city and for the nation as a whole Part sports history part civil rights story this compelling and untold narrative serves as a powerful lens onto racism in sport illustrating how in microcosm the fight to desegregate the Redskins was part of a wider struggle against racial injustice in America
