Politiques de l'Union européenne Dominique Berlin, 2020-09-28 une époque où parler d'Europe se résume pointer du doigt ce qui ne fonctionne pas ou ce qui n'existe pas il est important de montrer que la construction européenne n'est pas un vain mot même si elle prend du temps C'est l'ambition de cet ouvrage de montrer de manière synthétique les principales réalisations des politiques européennes On s'apercevra que le travail réalisé est considérable tant en matière monétaire commerciale de concurrence qu'en matière de transports ou d'agriculture mais également de protection des consommateurs ou de protection de l'environnement Il est d'autant plus que dans une partie préliminaire on aura constaté que les États membres ont limité les capacités financières de l'Union alors que comme chacun sait l'argent est le nerf des politiques Certes tout n'est pas parfait ni complètement achevé Précisément l'ouvrage s'efforce de mettre en perspective les réalisations pour replacer chaque politique dans son histoire et d'apprécier les futures tendances et d'offrir cette deuxième édition s'efforce de présenter les conditions et perspectives des récentes crises que l'Europe a dû affronter et continue de gérer qu'il s'agisse du Brexit ou de la crise pandémique et ses conséquences budgétaires et financières De surcroît l'exposé de l'état des réalisations passe par un examen des textes mais également par celui des nuances apportées par la jurisprudence Enfin au-delà du caractère technique fourni du matériel scientifique qui accompagne les développements des graphiques ou des définitions permettent de rendre plus clair ce qui peut apparaître complexe Au total tout honnête homme désireux de se faire une idée exacte de comment fonctionne cette Union européenne dont paradoxalement il entend peu parler mais qu'il rencontre un peu partout pourra trouver dans cet ouvrage les éléments nécessaires à la formation de sa propre opinion Il s'adresse aux praticiens spécialisés en droit de l'Union européenne avocats
