So which account is true Since people are still making a living as artists today how are they managing to do it William Deresiewicz a leading critic of the arts and of contemporary culture set out to answer those questions Based on interviews with artists of all kinds *The Death of the Artist* argues that we are in the midst of an epochal transformation If artists were artisans in the Renaissance bohemians in the nineteenth century and professionals in the twentieth a new paradigm is emerging in the digital age one that is changing our fundamental ideas about the nature of art and the role of the artist in society    *Vibe* ,2004-05    *Playback* ,2004    **Directory of Special Libraries and Information Centers** ,1990-10
