Defining and Analyzing a Business Process Jeffrey N. Lowenthal, 2002-06-30 Many references on Six Sigma stress the importance of defining processes All too often practitioners on a Six Sigma project rely on flowcharts for this crucial step Unfortunately flowcharts only show decision points and the steps taken to reach those decisions are overlooked including vital departmental interactions and communication patterns This is the focus of Defining and Analyzing a Business Process A Six Sigma Pocket Guide which helps to fill the gaps found on flowcharts and provides a more complete big picture view of the processes This pocket guide details a methodology on how to analyze your existing processes The book uses two distinct approaches first a Business Interaction Model and second an Integrated Flow Diagram Once the analysis phase is complete the pocket guide presents a method on how to innovate your process to optimize its operation The book moves away from the theory and jumps headlong into a systemic approach to change As a pocket guide it can easily be used as a reference or as a teaching aid and is ideal for anyone who uses processes at any level

Infopartnering André J. Martin, 1994 *Business Innovation and Disruptive Technology* Nicholas D. Evans, 2003 Business Innovation and Disruptive Technology Harnessing the Power of Breakthrough Technology for Competitive Advantage shows you how to profit from the next technological revolution Nicholas D Evans explains how to discover powerfully disruptive technologies more quickly evaluate them more accurately and implement them more profitably He presents business focused introductions to rapidly maturing technologies such as Web services real time computing and P2P then previews crucial trends like software as a service as well as next generation technologies such as grid computing electronic tagging and location based services

The Management Shift V. Hlupic, 2014-10-29 Research shows that corporate life expectancy and performance have declined 75% in the last 50 years organizations need a different approach if they are to survive let alone thrive While people are often stated as a company s greatest asset few businesses have a clear model of leadership that improves engagement removes barriers to innovation and uncovers hidden strengths in

people and the organization This book addresses that need and more importantly demonstrates HOW organizations can make The Management Shift to a new way of thinking and working Professor Hlupic argues that organizations now need to adopt a leadership style that focuses on people purpose and knowledge sharing creating new types of value and ultimately improving innovation and engagement leading to improved business Based on leading edge research supported by numerous case studies which demonstrate the power and impact of change The Management Shift offers managers a practical and systemic approach to diagnose leadership issues in their organization It then provides an implementation process to shift their mindset and organizational culture to the new level of thinking performance and ultimately business success
