observing children is more than merely the act of watching them it is also using what you see and hear to craft new opportunities in your classroom This resource provides a wealth of inspiration and practice It will help early childhood educators learn to observe in new ways witness children s remarkable competencies as they experience childhood and find new joy in their work with children The third edition updates include New information on schema theory including a list of the definitions of schemas Updated stories that reflect schema explorations and focus on observing children s ability to get along Added information on identity development and the anti bias goals New chapter on observing children using their bodies New QR codes to videos to continue learning Updates on technology and approaches to keeping observations at the center of required assessments

The Visionary Director, Second Edition Margie Carter, Deb Curtis, 2009-11-01 An inspiring and practical guide to creating a larger vision in early child care

Handbook of Child Development and Early Education Oscar A. Barbarin, Barbara Hanna Wasik, 2011-06-23 How and what should young children be taught What emphasis should be given to emotional learning How do we involve families Addressing these and other critical questions this authoritative volume brings together developmentalists and early educators to discuss what an integrated developmentally appropriate curriculum might look like across the preschool and early elementary years State of the science work is presented on brain development and the emergence of cognitive socioemotional language and literacy skills in 3 to 8 year olds Drawing on experience in real world classrooms contributors describe novel practical approaches to promoting school readiness tailoring instruction to children s learning needs and improving the teaching of language arts math and science

I'm OK! Building Resilience through Physical Play Jarrod Green, 2016-10-24 Children must learn to pick themselves up brush themselves off and bounce back How do you allow for the physicality required to build resilience why you are tasked with children s safety This guide provides the tools and strategies for creating a culture of resilience including families in the process and keeping safety front of mind Examine common safety concerns and how to address and prepare for them Learn how to work with families and build a trusting relationship around children s physical development Consider legal concerns regarding licensing and liability Discover practical approaches to working with children to find their appropriate level of physical risk taking and how to respond to a child s risky behavior Jarrod Green is an early childhood educator with over a decade of experience in early childhood education His teaching practice centers around an emergent project based approach to curriculum with an emphasis on learning through play developing relationships with communities and building self regulation and resilience Green also presents at many professional conferences including NAEYC s Professional Development Institute

Neoliberal Selfhood Stephen Vassallo, 2020-12-17 Psychological constructs such as emotion regulation creativity grit growth mindset lifelong learning and whole child are appealing as pedagogical aspirations and outcomes Researchers policy makers and educators are likely to endorse and accept these constructs as ways to make sense of students and inform pedagogical decision making Few critically interrogate these constructs as they are associated

with students academic achievement psychological well being civic virtue and career readiness However this book shows how these constructs become entangled in a neoliberal vision of selfhood which is tied to market prescriptions and is thus associated with problematic ethical psychological moral and economic consequences The chapters draw attention to the ideological underpinnings in order to facilitate conversations about selfhood in schooling policy and practices
