Jeffers,2003 The book chronicles James Jeffers life from about age two but it purposefully falls short of being either memoirs or autobiography With this work he has attempted to simply record for his children grandchildren and others the wonderful events of his life as he experienced them The book covers thousands of miles of travel along with living and working with peoples of differing cultures on three continents and in the Caribbean five foreign countries and fifteen

different states spanning the nation from coast to coast to coast **United States Army Aviation Digest** ,1976 **NASA**

Reflections Zobian And A Lesley Zobian and Ann Humm,2009-12 Truth so they say is stranger than fiction This may be so
but when anecdotes about such characters as Lam Rugg Great Uncle Horatius and his disreputable companion Stinky plus an
assortment of animals are added to the equation doubt about this truism can creep in Curious Reflections is the meandering
observations musings and correspondence between two sisters living three hundred miles apart in England During the
course of these ramblings the line between truth and fiction can very often become decidedly blurred In an attempt to keep
my mind off other projects I decided to log on and see if there were any e mails from Ann Ann or Mowl as she is known is a
very diligent correspondent keeping me up to date with all the trivia and goings on down in her neck of the woods She is
known as Mowl because when we were children we would amuse ourselves by deciding what animals people reminded us of
Because of her short sightedness and penchant for black velvet Ann was of course a mole hence Mowl For reasons we shall
not go into I was a ferret or Pherrit somehow the ph makes it seem so much better
