**Turning Points** Richard Jochum, Judith M. Burton, Jason Watson, 2023 *Turning Points* invites readers to join in a dialogue about creating more responsive studio art pedagogies for all following a global pandemic that forced art educators to do what many believed to be impossible: teach studio art online. Amidst this sudden shift, long simmering social and political challenges pushed to the forefront such as racial injustice, access to educational resources, economic inequality, and environmental degradation. As these issues compounded, art educators and art students navigated a radical shift in priorities, rethinking the materials, spaces, and relationships that form the foundation of the discipline. This collection of essays brings together international voices from across the field to share the lived experience of responsive teaching during the pandemic and how we might rebuild a better educational ecosystem. Chapters address how new technologies, more inclusive spaces, and a heightened focus on relationships will reshape the studio art programs of the future. **Book Features:** Synthesizes diverse cultural viewpoints from both leaders and practitioners in the field of art education; Focuses on the impact of the pandemic and its aftermath on studio art teaching and learning; Connects art education to sociocultural world issues, student wellness, mentorship, equity, and racial inequality; Offers suggestions for how to move the field forward to meet the challenges of the 21st century. **An Abecedarian of Animal Spirit Guides** Mark G. Boyer, 2016-03-28 Almost every person has owned a pet at one time or another in life or known someone who has. In all world religions, animals serve as spirit guides; there is spirituality to animal and human dialogue. Animals have the ability to help us reach wholeness if we learn their wisdom and integrate it into our lives. This abecedarian, a book whose contents are in alphabetical order, explores the spiritual growth that is possible by reflecting on the wisdom of creatures which serve as spirit guides in all world religions and help humans experience the divine. The author explores animal spirit guides in the Bible, The Quran, The Dhammapadam, The Rig Veda, The Analects of Confucius, stories from Aesop and Grimm, and much more. In these pages, you can explore bears and bees, eagles and elephants, ravens and roosters, tadpoles and turtles, and many more. For each of the thirty-two entries, the author presents a text identifying the animal spirit guide, a reflective study, a question for journaling or personal meditation, and a concluding prayer. The spiritual life can be nourished in many ways; in this book, it is enhanced by animal spirit guides.
