Reflections On Political Theory A Voice Of Reason From The Past:

Reflections on Political Theory N. Wood, 2001-12-18 In this thought provoking study Neal Wood challenges the conception of political theory as a lofty discipline remote from the world of real politics Drawing on the examples of thinkers from Plato to those of the nineteenth century he attempts to define political theory by examining the nature of the state and politics by identifying the major characteristics that their theories share and by analyzing the conditions that have favoured their creation Wood critically explores the two principle approaches to studying the work of past theorists the philosophical and historical and evaluates the relevance of Marxism The various theories are not treated as blueprints but collectively as a voice of reason from the past which can inspire and guide present and future theorizing

Power to the People Avner De-Shalit, 2006-01-01 *Power to the People* examines the teaching of political philosophy in what is taken to be skeptical times Author Avner de Shalit encourages political philosophers to remain committed to the analytical achievements of political philosophy while also revising and improving the teachings of the discipline to be more in tune with the demands of democratic society Using highly accessible language de Shalit argues that distinguishing political philosophy from politics is methodologically and normatively wrong that political philosophy can empower its students and that political philosophy should be democratized De Shalit s radical and provocative theory will fascinate anyone involved in politics philosophy and education

Bibliographie Internationale de Science Politique ,2002 *History and Revolution* Michael Haynes,Jim Wolfreys,2007 In *History and Revolution* a group of respected historians confronts the conservative revisionist trends in historical enquiry that have been dominant in the last twenty years Ranging from an exploration of the English French and Russian revolutions and their treatment by revisionist historiography to the debates and themes arising from attempts to downplay revolution s role in history *History and Revolution* also engages with several prominent revisionist historians including Orlando Figes Conrad Russell and Simon Schama This important book shows the inability of revisionism to explain why millions are moved to act in defence of political causes and why specific political currents emerge and is a significant reassertion of the concept of revolution in human development

The British National Bibliography Arthur James Wells,2002 **Robert Browning** S. Wood,2001-05-04 Browning both denied and affirmed the value of biography for an understanding of literature This book narrates the development of his controversial creative life through responses to his work by five key nineteenth century figures John Stuart Mill William Charles Macready Thomas Carlyle John Ruskin and Matthew Arnold It also relates Browning s sense of literary vocation to Victorian publishing Browning emerges as a writer vividly engaged with contemporary assumptions yet deeply aware of the unaccountability of writing **Studies in Political Economy** ,2003 Political Theory Leigh Jenco,Paulina Ochoa Espejo,Murad Idris,2025-02-19 This groundbreaking work presents a transformative

Methodological Reflections on Women's Contribution and Influence in the History of Philosophy Sigridur Thorgeirsdottir,Ruth Edith Hagengruber,2020-07-11 This book introduces methodological concepts aimed at including women in the canon of the history of philosophy The history of women philosophers is as long and strong as the history of philosophy and this holds true not only for the European tradition as the research of women philosophers of the past shows The phenomenon of ignoring and excluding women in 19th and 20th century views on the history of philosophy was a result of the patriarchal tradition that ostracized women in general In this book leading feminist philosophers discuss methodologies for including women thinkers in the canon and curricula of philosophy How does the recovery of women

thinkers and their philosophies change our view of the past and how does a different view of the past affect us in the present
Studying a richer and more pluralistic history of philosophy presents us with worlds we have never entered and have never
been able to approach This book will appeal to philosophers and intellectual historians wanting to view the history of
philosophy in a new light and who are in favor of an inclusive perspective on that history Transforming Encounters and
Critical Reflection: African Thought, Critical Theory, and Liberation Theology in Dialogue Justin Sands,Anné Hendrik
Verhoef,2018-12-04 This book is a printed edition of the Special Issue Transforming Encounters and Critical Reflection
