**A Reflection Guide on Human Sexuality and the Ordained Priesthood** Catholic Church. National Conference of Catholic Bishops. Bishops' Committee on Priestly Life and Ministry, 1983      **The Priestly Office** Avery Dulles, 1997 The past three decades have witnessed a decline in the number of Roman Catholic priests in Europe and North America the result of resignations from the priesthood and of fewer people entering seminaries A major cause contributing to this situation has been the ambiguity surrounding the role and identity of the priest in light of new theological paradigms This book attempts to restore clarity to that matter by drawing primarily although not exclusively on the teachings of the Second Vatican Council postconciliar theology and the pronouncements of Pope John Paul II The first chapter probes the relationship of the priest to Christ and the church This is the basic theme of the book since the manner in which the relationship is perceived colors all aspects of priestly life The following three chapters examine the three forms of ministry the priest renders to the community the ministry of the word of worship and of pastoral care The book ends with a consideration of the most fundamental role of the priest a disciple of Jesus So the book comes full circle returning to the primary relationship of the priest to Christ and to the church as a community of disciples BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      *Theological Reflections* Elaine Graham, 2013-01-08 Following the same topics as the *Methods* volume this reader is aimed at postgraduates and academics interested in the expanding volume of work and research surrounding theological reflection Brought together in this second volume are materials relating to the same topics and dealt with by the same divisions descriptions and features The identified models being The Living Human Document Constructive Narrative Theology Canonical Narrative Theology Corporate Theological Reflection The Correlative Method Performative or Praxis Theological Reflection and Theology in the Vernacular or local theologies Volume one described and identified the various models whilst this new second volume fleshes out these descriptions by allowing the reader access to a variety of sources and examples of writings within these models      **Priestly Identity** Thomas J. McGovern, 2010-04-01 It is generally accepted that since the end of Vatican II there has been a crisis in the Catholic priesthood This is reflected in two areas in particular defections from the priesthood and a serious decline in vocations primarily in the developed countries of the West John Paul II has addressed this situation many times during his pontificate especially in *Pastores dabo vobis* where he offers a clear theological vision and a program of formation to overcome the current crisis of priestly identity In his new book McGovern offers a deep analysis of the Pope's theology of priesthood drawing not only from *Pastores dabo vobis* but also from his Holy Thursday Letters and other important writings on this topic In this study the author deals with core aspects of priestly identity under three main headings theological spiritual and pastoral in the context of service to the lay faithful and the

evangelization required of the Church in the new millennium      *Irish and British Reflections on Catholic Education* Sean Whittle, 2021-02-20 This volume presents an interdisciplinary and systematic review of Catholic Education Studies across Ireland and Britain Taken together the chapters drill down to the foundations identity and leadership matters in Catholic education and schools It is in reading the complete volume that a more precise picture of Catholic education in Ireland and Britain develops into sharper focus This is important because it reflects and crystallises the complexity which has almost organically developed within the field of Catholic Education Studies It also provides a powerful antidote to the naive reductionism that would boil Catholic education down to just one or two fundamental issues or principles Contemporary Catholic education perhaps globally but certainly in Ireland and Britain is best depicted in terms of being a colourful kaleidoscope of differing perspectives However this diversity is ultimately grounded in the underlying unity of purpose because each of the contributors to this volume is a committed advocate of Catholic education The volume brings together a rich range of scholars into one place so that these voices can be listened to as a whole It includes contributions from leading scholars blended with a plethora of other voices who are emerging to become the next generation of leading researchers in Catholic education It also introduces a number of newer voices to the academic context They present fresh perspectives and thinking about matters relating to Catholic education and each of them confidently stand alongside the other contributors Moreover these reflections on Catholic education are important fruits to have emerged from the collaboration made possible through the creation of the Network for Researchers in Catholic Education which was established in 2016 under the auspices of Heythrop College University of London      *The Inner Life of Priests* Gerard J. McGlone, Len Sperry, 2012-06-05 *The Inner Life of Priests* is a landmark exploration of how the categories and practices of psychology are contributing to a new health and vitality in the priesthood Authors McGlone and Sperry both nationally recognized experts on the integration of psychology and spirituality in priestly life investigate issues and answer questions that concern those invested in the healthy ministry of priests everyone from the people in the pews to those in Church leadership They include How has psychology helped us understand both mental and spiritual health of those applying to Catholic seminaries and then serving in priestly ministry How has it shaped understanding of key issues like affective maturity cultural competency and even the discipline of celibacy How has it helped Church leaders better understanding and positively influence clerical culture in seminaries dioceses and religious orders Catholic laity priests seminarians vocation directors those considering religious and priestly vocations everyone interested in how men serving in this critical ministerial role are identified formed and supported will welcome this authoritative and positive book      *Recollections and Reflections* Athanasio Dzadagu, 2016-04-08 This book is an autobiographical account by Athanasio Dzadagu a former Zimbabwean Catholic priest outlining and reflecting on the experiences he had in Britain during the period from 1996 2014 While indeed the book is largely about the author's own experiences as an immigrant an African and a Zimbabwean in many ways it is also a reflection on the experiences of

Zimbabweans in Britain These include the challenge of being far away from home the initial shock of finding their good English not understood experiences while undertaking further studies the challenge of an environment characterised by persistent negative headlines about Zimbabwe and its president Robert Mugabe and the challenge of British social and cultural values The book also opens the reader's eyes to how having come to Britain hoping to return to Zimbabwe as a high flying academic to teach in the Major Seminary or any one of Zimbabwe's universities Fr Dzadagu instead ended up leaving priesthood
