Reflections On Blue Water:

Reflection City Jesse P. Ward, 2015-06-18 Reflection City is a magical place visible for only one month every fifteen years. Its inhabitants have been hidden away for two generations by a spell designed to keep the city safe from war, the cruelty of others, and extremes of weather. When Joel, the new king of Regstar, discovers Reflection City hidden in the mountains of his own kingdom, he is amazed. He meets a beautiful princess named Phyllass, and they fall in love. In spite of her father's wishes, Phyllass leaves Reflection City to be with Joel, knowing that she will be unable to return home for the next fifteen years. They are married, and soon the queen gives birth to a daughter named Donella, but in the process loses her life. When the princess is fourteen, however, she is kidnapped and taken to the city where her mother would have reigned. With Donella trapped inside, as Reflection City disappears, Joel has no way to save his only child, and now invaders are approaching his kingdom. His only hope is Asher, a young knight who grew up with Donella. Can Asher rescue the princess and save the kingdom of Regstar? In this fantasy novel, a king and his knight must work together to protect their kingdom and rescue a kidnapped princess from a magical city. *The Tumbleweed Traversed the Dusty Road: Poems, Reflections on the Great American West* Thomas Henry Carter, 2007-07-01 Western Poems and Reflections is a book of poems written by a Wannabe Cowboy who took a once-in-a-lifetime trip through the American West. This unique photo reference helps both fine and decorative artists tackle these subjects with ease. You will find stunning photos of a wide variety of scenes and objects, including the textures of nature such as autumn leaves, stones, fruits, weathered wood, and sand; man-made textures like rusty metal bricks and pottery; breathtaking settings from deserts to meadows and mountains; reflections in calm, rough, and rippling water; scenes featuring waves, clouds, snow, and forests. There are also six painting demonstrations in all the major mediums that show you exactly how to get the most out of reference photos. Artists of all levels will appreciate this inspiring guide. *Waters' Reflection* Jennifer Driscoll, 2016-05-30 At the age of nine, Jillian Waters' idyllic childhood dissolved the day her mother disappeared. She somehow survived the loss, but that doesn't mean she emerged with her heart intact. She spent the next twenty years moving from town to town with her police officer father as he worked on the case of his life. She built up sturdy walls to protect her heart from anything close to love. Now living in Chicago, within arm's reach of Lake Michigan, which along with her dad has been the only constant in her life, she meets Drew Montgomery. He is a boat builder and a man of passion searching for someone with whom to build his life.

his way with a solid foundation and plenty of heart Their mutual love of the lake draws Jillian and Drew into a relationship unlike any she has ever dared to risk When Jillian discovers a connection to her mother she must decide to walk away or risk her heart on a man who may hold answers to so many questions that have lingered throughout her life Waters Reflection is a story of connections loss and strength in the face of danger and on the chance of love Love always matters *Reflections of a Whale-watcher* Michelle A. Spiller,2001-01-28 A dark and poetic look into the End of the World Can one man really make a difference Is the road to Hell truly paved with good

intentions Will the world really end not with a bang but with a whimper Ms Spiller offers her answer to all of these questions in her dark and poetic look into the end of mankind The narrator is a mysterious omniscient poet who speaks directly to the reader much like the Muses in an ancient tragedy The narrator looks back on the events of the book some time after The End has occurred The book is full of ironies and symbols The story of The End takes place over the course of seven days an ironic parallel of The Creation Ms Spiller s concept of Hell is portrayed as a shattered and broken world yet shockingly similar to the world around us in the present day The End of the World we find is not caused by a nuclear holocaust or global warming or an incurable disease but rather the simple but deadly combination of good intentions and misguided decisions The concept and the story are excellent insightful and hypnotic This book is a quick read but it will make a lasting impression Highly recommended Chris Tringali as posted at Amazon com **Animal Camouflage** Martin Stevens,Sami Merilaita,2011-07-07

In the last decade research on the previously dormant field of camouflage has advanced rapidly with numerous studies challenging traditional concepts investigating previously untested theories and incorporating a greater appreciation of the visual and cognitive systems of the observer Using studies of both real animals and artificial systems this book synthesises the current state of play in camouflage research and understanding It introduces the different types of camouflage and how they work including background matching disruptive coloration and obliterative shading It also demonstrates the methodologies used to study them and discusses how camouflage relates to other subjects particularly with regard to what it can tell us about visual perception The mixture of primary research and reviews shows students and researchers where the field currently stands and where exciting and important problems remain to be solved illustrating how the study of camouflage is likely to progress in the future **Reflection & Echoes** Rekha Mohanty,2024-06-27
