Modernist Radicalism and its Aftermath Stephen Crook, 2012-10-12 Modernist Radicalism and its Aftermath investigates the ways in which Marx Durkheim Althusser and Habermas are all drawn towards foundationalism and offers a framework for the analysis of foundationalism in social theory Radical Theology and Emerging Christianity Katharine Sarah Moody, 2016-03-03 The theological turn in continental philosophy and the turn to Paul in political philosophy have occasioned a return to radical theology a tradition whose philosophical heritage can be traced to the death of God announced in the work of Nietzsche and Hegel John D Caputo's deconstructive theology and Slavoj Žižek's materialist theology are two

radical theologies that explore what it might mean to pass through the death of God and to abandon this experience as specifically Christian Radical Theology and Emerging Christianity demonstrates how these theologies are transforming everyday religious practices through an examination of the work of Peter Rollins and Kester Brewin two figures at the radical margins of a contemporary expression of Western religiosity called emerging Christianity The author uses her analysis of all four figures to argue that deconstructive practices can enable religious communities to become part of a wider materialist collective in which the death of God continues to resonate Pushing the methodological boundaries of philosophy of religion by examining religious practices as the site of philosophical signification the book challenges scholars and practitioners alike to a new and more demanding dialogue between theory and practice *Radical Thoughts on Ethical Leadership* Carole L.
