**Understanding and Developing Theological Education** Bernhard Ott, 2016-01-31 Historically education has been driven from behind the history and above the educational institution Traditions and adherence requirements have led to inflexible models of school leadership that are focused on administration and rife with educational politics In contrast today s theological landscape needs institutions with a grassroots driven educational system looking to a future that is biblically and theologically grounded This publication an English translation from the original German focuses on the leadership and curriculum development required for such a paradigm shift Ott comprehensively assesses trends in current theological education across the world with detailed reference to wider trends in global tertiary education Written primarily for those in leadership roles at theological schools and training institutions this handbook is an essential resource for equipping the next generation of leaders in theological education

Groeschel,2011-04-11 This clear and unequivocal call for personal reform as the basis of authentic renewal in society and in the Church is rooted in several sources The work of an internationally recognized Biblical scholar Rudolph Schnackenburg is woven in with the observations of contemporary social critics as well as behavioral scientists The author does not spare anyone's feelings in an attempt at a critical and objective analysis of the serious problems of the Catholic Church and mainstream religious denominations in America This book definitively places the onus for reform on the individual Christian striving to follow the Gospel in our materialistic and selfish culture Because of its roots in Scripture and in the long history of reform in the Church this book offers the reader a well founded hope that the first signs of real renewal in the Church are beginning to appear Includes index Father Groeschel has written the book for the Church in the 90 s He is right on target He has said clearly and prophetically what must be said before it is too late namely that all true Christian renewal must be rooted in personal ongoing conversion I found reading the book as valuable as making a retreat Father Richard Roach S J

Scott Dixon,2016-03-24 The years 1450 1650 were a momentous period for the development of Christianity They witnessed the age of Reformation and Counter Reformation perhaps the most important era for the shaping of the faith since its foundation C Scott Dixon explores how the ideas that went into the making of early modern Christianity re oriented the Church to such an extent that they gave rise to new versions of the religion He shows how the varieties and ambivalences of late medieval theology were now replaced by dogmatic certainties where the institutions of Christian churches became more effective and modern staffed by well trained clergy Tracing these changes from the fall of Constantinople to the end of the Thirty Years War and treating the High Renaissance and the Reformation as part of the same overall narrative the author offers an integrated approach to widely different national social and cultural histories Moving beyond Protestant and Catholic conflicts he contrasts Western Christianity with Eastern Orthodoxy and examines the Church s response to fears of Ottoman domination **Worship and Church** Latkovich, Sallie,Phan, Peter C.,2019 These essays cover historical systematic spiritual and spiritual aspects as well as social justice issues in relation to liturgy **Reform and Renewal** John Patrick Donnelly,1977 *Church and Reform* Louis Pascoe,2004-12-01 This work examines Pierre d Ailly s 1351 1420 views on bishops theologians and canon lawyers not primarily in their conciliar context but within the broader dimensions of their individual status office and authority within the Church These views also unfold in varying degrees within the apocalyptic context of his thought and result in a call for both pastoral and personal reform especially for the episcopacy This call moreover reveals strong apostolic and evangelical influences especially those of the Franciscans and the Brethren of the

Common Life and adds a distinctive dimension to the wide variety of late medieval reform ideologies which while having some influence at the Council of Constance contributed heavily to the reform decrees of Trent **Vincent de Paul and Louise de Marillac** Saint Vincent de Paul, 1995 Here are the rules conferences and writings of these two Vincentian founders who through service to the poor left an indelible mark on the church in France in the seventeenth century and beyond to the present Louise 1591 1660 first came to Vincent 1581 1660 for spiritual direction and they became coworkers and friends for the rest of their lives
