of theology comes from and what its limits are The origin of the canon how the modern Bible came about and why we can trust it The character of theology is the nature of theology practical theoretical or can it be both In a manner equally as welcoming to professors pastors students and armchair theologians Horton has organized this volume in a readable fashion that includes a variety of learning features A brief synopsis of biblical passages that inform certain doctrines Surveys of past and current theologies with contemporary emphasis on exegetical philosophical practical and theological questions Substantial interaction with various Christian movements within the Protestant Catholic and Orthodoxy traditions as well as the hermeneutical issues raised by postmodernity Charts sidebars questions for discussion and an extensive bibliography divided into different entry levels and topics At the heart of this book is a deep love for and curiosity about God Its basic argument is that a personal relationship with God goes hand in hand with the pursuit of theology It isn't possible to know God without studying him

The Gospel of Justification in Christ Wayne Stumme, 2006 On 31 October 1999 exactly four hundred and eighty two years after

Martin Luther nailed his ninety five theses to the church door in Wittenberg the Roman Catholic Church and the Worldwide Lutheran Federation signed a historic joint declaration on the doctrine of justification Recent agreements between Lutheran Reformed and Episcopalian churches have also expressed a shared commitment the doctrine of God s grace in Christ But what does it mean for churches today Persuaded that the doctrine of justification is also gospel the good news of life in Christ the contributors to The Gospel of Justification in Christ engage broadly with this crucial doctrine addressing such topics as the unity of the Church justification s relation to social justice and its significance for interfaith dialogue 1-2 Samuel, 1-2 Kings, 1-2 Chronicles Derek Cooper,Martin J. Lohrmann,2016-04-05 This latest volume in the Reformation Commentary on Scripture RCS series offers biblical commentary from numerous Reformation era theologians pastors and preachers from a variety of theological traditions Lutheran Reformed Anglican Radical and Roman Catholic on six Old Testament books 1 2 Samuel 1 2 Kings and 1 2 Chronicles Grace Alone---Salvation as a Gift of God Carl R. Trueman,2017-04-18 Grace is the heart of the Christian gospel It s a doctrine that touches the very depths of human existence and makes Christianity such an essential alternative to the dissolution and nihilism of modern culture Grace Alone guides you into a better doctrinal understanding of the issue and gives you a more glorious vision of an active and saving God The language of grace fills the Bible so much that to say grace alone may not evoke much reflection Unlike faith alone there s no theological controversy among expressions of Christianity Reviving one of the five great declarations of the Reformation and one of the more overlooked sola Gratia professor and church historian Carl Trueman Provides a thorough definition of grace as it s found in the Bible and an overview of biblical references to and teaching on grace Tracks the doctrine of grace as it s been articulated throughout church history with discussions of Augustine Pelagius Thomas Aquinas and ending with the Reformation and theologies of Luther and Calvin Looks at the relationship between the means of grace and the modern church defining the practical implications of the Reformation s understanding of grace Explanations throughout on the relationship of grace to sin salvation and glorification God s sovereignty the sacraments and the controversies regarding freewill and predestination Grace Alone is a beautiful and much needed revival of this foundational doctrine and the assurance of salvation THE FIVE SOLAS Historians and theologians have long recognized that at the heart of the sixteenth century Protestant Reformation were five declarations often referred to as the solas These five statements summarize much of what the Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures acknowledge the work of Christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for God s glory The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as Christians and churches **The Varieties of Metaphysical Poetry** T. S. Eliot,2014-03-11 The famed series of Trinity College and Johns Hopkins lectures in which the Nobel Prize winner explored

history poetry and philosophy While a student at Harvard in the early years of the twentieth century T S Eliot immersed himself in the verse of Dante Donne and the nineteenth century French poet Jules Laforgue His study of the relation of thought and feeling in these poets led Eliot as a poet and critic living in London to formulate an original theory of the poetry generally termed metaphysical philosophical and intellectual poetry that revels in startlingly unconventional imagery Eliot came to perceive a gradual disintegration of the intellect following three metaphysical moments of European civilization the thirteenth seventeenth and nineteenth centuries The theory is at once a provocative prism through which to view Western intellectual and literary history and an exceptional insight into Eliot s own intellectual development This annotated edition includes the eight Clark Lectures on metaphysical poetry that Eliot delivered at Trinity College in Cambridge in 1926 and their revision and extension for his three Turnbull Lectures at Johns Hopkins University in Baltimore in 1933 They reveal in great depth the historical currents of poetry and philosophy that shaped Eliot s own metaphysical moment in the twentieth century *Universal Cyclopaedia and Atlas* Charles Kendall Adams, Rossiter Johnson, 1902 *Encyclopedia of Philosophy* Donald M. Borchert, 2006 This volume covering entries from Price Richard to Sextus Empiricus presents articles on Eastern and Western philosophies medical and scientific ethics the Holocaust terrorism censorship biographical entries and much more **Encyclopaedia Britannica** , 1973
