Reforming The Treaty On European Union

Dennis Patterson, Anna Södersten

Reforming The Treaty On European Union:

Reforming the Treaty on European Union Alfred E. Kellermann, Bruno de Witte, Deirdre M. Curtin, Jan A. Winter, 2023-07-10 The studies collected in this work are the updated and revised versions of the reports and commentaries presented at an international conference on European Law held in September 1995 The aim of the conference was to stimulate informed reflection and debate on a number of fundamental issues relating to the impending revision of the Treaty on European Union and to discuss the sort of sensible legal options and realistic avenues of thought that could assist those involved with the work of the actual Intergovernmental Council IGC The contributions are grouped around three major themes an exploration of the framework of the revision debate general institutional questions the general architecture of the Union and the scope of the powers of the Community and the Union Questions that are addressed in this work are among others Is it possible in the near future to simplify the procedure for amending the Treaty on European Union Is the objective of the European Union in the long term to become a European superstate a constitutional order of States or merely an advanced type of international organization What are the chances and pitfalls of allowing increased differentiated integration The book concludes with a comprehensive summing up and annexed are the Reflection Group's Report of 5 December 1995 as well as an extensive table of legal provisions and a table of cases Reforming the European Union G. Wyn Rees, N. (Department Of Law, University Of Leicester) Neuwahl, P. (Department Of Politics, University Of Leicester) Lynch, 2014-05-12 Analyses the likely future of the EU following next year's Intergovernmental Conference IGC which is likely to be even more significant for the future of Europe than the Maastricht Treaty Since Maastricht it has become clear that future developments are less certain with regard to the EU and integration The IGC will have to try and resolve tensions such as widening Europe to include former communist countries whilst also trying to deepen Europe with increased political and economic integration providing a framework which is acceptable to a core of countries Benelux Germany France who favour more integration and an early move to monetary union with countries such as the UK which does not **Reforming the European Union** Daniel Finke, 2012-07-29 For decades the European Union tried changing its institutions but achieved only unsatisfying political compromises and modest incremental treaty revisions In late 2009 however the EU was successfully reformed through the Treaty of Lisbon Reforming the European Union examines how political leaders ratified this treaty against all odds and shows how this victory involved all stages of treaty reform negotiations from the initial proposal to referendums in several European countries The authors emphasize the strategic role of political leadership and domestic politics and they use state of the art methodology applying a comprehensive data set for actors reform preferences They look at how political leaders reacted to apparent failures of the process by recreating or changing the rules of the game While domestic actors played a significant role in the process their influence over the outcome was limited as leaders ignored negative referendums and plowed ahead with intended reforms The book's empirical analyses shed light on critical episodes

strategic agenda setting during the European Convention the choice of ratification instrument intergovernmental bargaining dynamics and the reaction of the German Council presidency to the negative referendums in France the Netherlands and Ireland

Theory and Reform in the European Union Dimitris N. Chrysoschoou,1999-06-12 Completely updated and newly available in paperback this book examines the relationship between theory and reform in the European Union in the light of the Amsterdam Treaty

The European Union's Common Agricultural Policy Reforms Marko Lovec,2016-08-02 This book engages in the controversies of the European Union's Common Agricultural Policy CAP reforms demonstrating how these are reiterated by mainstream theoretical approaches in the field The reforms that the European Union's CAP underwent during the last three decades were intended to make it less trade distorting more taxpayer friendly and more able to meet the new challenges of environmental concerns and rural development territorial cohesion The outcome of the reforms has however contradicted these objectives with the controversies being reiterated by the mainstream theoretical approaches in the field European Union's Common Agricultural Policy Reforms argues that these controversies are due to reductionist rationalist and idealist assumptions with regard to the object of inquiry applied by mainstream approaches It proposes an alternative critical approach that takes into account the role of real material factors Critical realism is not just an alternative explanation of CAP reforms but an alternative theory of how explanations can be made which enables readers to reflect upon and endorse the results of existing lines of research in proceeding towards deeper level theory

Brexit and the Future of the European Union Federico Fabbrini,2020-12-17 Brexit represents a momentous event for the European Union with important implications on the future of Europe While most scholarly attention has focused on the Brexit process and its consequences for the United Kingdom and UK EU relations Brexit has had important consequences also for the EU This book examines how the EU has changed during Brexit and because of Brexit while also reflecting on the developments of the EU besides Brexit and beyond Brexit As the book argues the UK withdrawal from the EU the first ever case of disintegration since the start of the European integration process creates an urgent need to reform the EU In fact while the EU institutions and its member states have remained united in their negotiations vis vis the UK Brexit has created transitional problems for the EU and exposed other serious fissures in its system of governance which need to be addressed moving forward As the EU goes through another major crisis in the form of the response to the Covid 19 pandemic the case for increasing the effectiveness and the legitimacy of the EU grows stronger In this context the book analyses the plan to establish a Conference on the Future of Europe examines its precedents and discusses its prospects As the book suggests that after Brexit the initiative to launch a Conference on the Future of Europe is a necessary step to renew the EU and relaunch integration

Evaluation of Agricultural Policy Reforms in the European Union The Common Agricultural Policy 2014-20 OECD,2017-07-27 The Common Agricultural Policy CAP is the primary agricultural policy instrument of the European Union This report focuses on the new features and institutional context of the current CAP 2014

20 adopted by the European Parliament and the European Council in December 2013 European Union Politics Michelle|Borragan Cini (Nieves Perez-Solorzano),2025 This edited textbook covers a broad range of topics being taught in courses on the European Union The 25 chapters are written by experts from around the world and provide extensive coverage of history theories institutions and actors policies and issues and debates *Reforming Fiscal Governance in the European Union* Michal Andrie,Mr.John C Bluedorn,Luc Eyraud,Mr.Tidiane Kinda,Ms.Petya Koeva Brooks,Mr.Gerd Schwartz,Anke Weber,2015-05-21 Successive reforms have brought many positive elements to the European Union's fiscal framework But they have also increased its complexity The current system involves an intricate set of fiscal constraints which hampers effective monitoring and public communication Compliance has also been weak This note discusses medium term reform options to simplify the framework and improve compliance Based on model simulations and practical considerations it argues for moving to a two pillar approach with a single fiscal anchor public debt to GDP and a single operational target an expenditure growth rule possibly with an explicit debt correction mechanism linked to the anchor The European Union Explained, Second Edition Andreas Staab,2011-06-24 This brief and accessible introduction to the European Union is ideal for scholars and professionals in government business the media or the nonprofit sector who need a concise overview of the structure history and policies of the EU This new edition also provides useful background reading for advanced high school and college courses and for those planning overseas study work or research Andreas Staab offers basic terms and interpretive frameworks for understanding the evolution of the EU the overall structure purpose and mandate of its main constituent divisions and key policy areas such as market unification The entire text has been thoroughly updated to incorporate information about key actors terms and new developments and a new chapter on environmental policy has been added European Union Jeremy John Richardson,2006 Richardson introduces the policy making processes at work in the EU This edition has been significantly improved to make it even more accessible for second and third year undergraduates A website will also support this edition featuring some of the more technical material such as statistics **European Union Politics** Michelle Cini,Nieves Pérez-Solórzano Borrágán,2019 Subject This sixth edition of *European Union Politics* builds on the success of the previous five editions by retaining and updating the chapters published in the previous version of the book Innovations in this edition include a new chapter on Brexit and a section on the migration crisis in Chapter 22 Preface

The International Conference Education and Creativity for a Knowledge based Society - Social and Political Sciences, Communication, Foreign Languages and Public Relations, 2012 , *The Depth and Size of the European Union in a Time of War* Per Ekman,Björn Lundqvist,Anna Michalski,Lars Oxelheim,2025-05-17 This book makes a timely and unique contribution to the field of European Union studies drawing on interdisciplinary insights from economics law and political science to shed light on crucial questions relating to the depth and size of the EU in times of war including enlargement migration citizenship and new technologies The broad scope of the book will be highly useful for scholars

practitioners and students interested in how the EU grapples with these pressing challenges Niklas Bremberg Associate Professor of Political Science Stockholm University Sweden This open access book the eighth volume in the series of Interdisciplinary European Studies explores the implications of the EU's size and depth at a time of war in Europe Russia's fateful decision to invade Ukraine in 2022 has put the question of EU enlargement back on the political agenda and again the implications of a larger and more diverse EU bring key principles of integration to the fore Addressing these issues scholars from economics law and political science provide insights from previous EU enlargements and the UK's withdrawal from the EU Based on up to date research findings they provide succinct assessments of the challenges facing the EU in areas such as immigration labour market integration and adaptation to advanced technologies To conclude each chapter offers policy recommendations for decision makers on European and national levels

A Companion to European Union Law and International Law Dennis Patterson, Anna Södersten, 2016-03-15 Featuring contributions from renowned scholars A Companion to European Union Law and International Law presents a comprehensive and authoritative collection of essays that addresses all of the most important topics on European Union and international law Integrates the fields of European Union law and international law revealing both the similarities and differences Features contributions from renowned scholars in the fields of EU law and international law Covers a broad range of topical issues including trade institutional decision making the European Court of Justice democracy human rights criminal law the EMU and many others

The EU under Strain? Mechthild Roos, Daniel Schade, 2023-06-06 When EU member states signed the Treaty of Lisbon in 2007 they did not anticipate the manifold crises in store for them over the following years Instead of the intended consolidation of a Union which had just gone through its most profound modernisation and biggest round of enlargements the EU has since then had to weather a wide range of political economic social legal health and even military crises with major repercussions within and beyond its own territory Indeed this time of polycrisis has induced change on many levels Across the continent and its many fora of European supra trans and international collaboration established institutions rule systems and normative frameworks have been put into question and power balances have been shifting Against this background actors from social political economic and cultural life have sought new ways to overcome the manifold pressing problems of their time be it through intensified collaboration or attempts to increasingly resolve issues at the national level This volume offers a compilation of case studies on EU crisis responses covering the most impactful of the various crises the EU has had to face in recent years It provides theoretical and conceptual guidelines for the study of political actors responses to crisis at all levels of the EU multilevel governance system and beyond

The Economic and Social Law of the European Union Josephine Shaw, Jo Hunt, Chloe Wallace, 2017-09-16 This title provides students with a clear accessible and highly engaging analysis of substantive law of the EU in the most comprehensive text of its kind as well as containing chapter summaries questions suggestions for further reading and annotated web addresses

Paradoxes of European Legal Integration Hanne

Petersen,2008 Focusing on paradoxes and tensions of European legal integration this book investigates four complex and inherently contradictory processes to offer a new framework for understanding contemporary European integration The volume features contributions from some of the biggest names in European legal philosophy to include Neil MacCormick Yves Dezalay and Bryant Garth Pierre Legrand Heikki Mattila and David Nelken **European Union Law** Damian Chalmers, Giorgio Monti,2008 This pack contains European Union Law Text and Materials and Updating Supplement

Designing the European Union F. Laursen,2012-12-15 This book outlines the content of the main treaties that form the constitutional basis of the European Union and analyses changes in these over time The EU has expanded its policy scope and taken in many more members transferring powers to common supranational institutions in a way seen nowhere else in the world
