Refuge From Abuse:

Refuge from Abuse Nancy Nason-Clark, Catherine Clark Kroeger, 2009-09-20 Abuse is ugly It is always wrong It is never part of God's design for healthy family living It distorts relationships and shatters dreams It creates pain and despair It never produces hope You know this all too well that's why you've picked up this book Nancy Nason Clark and Catherine Clark Kroeger know the pain of women who have been abused especially the unique pain of Christian women who thought it couldn't happen to them In this straightforward practical book they supply the answer to the questions you face How do I know I need help How much of my story should I tell Where do I find spiritual support as a victim of abuse What help can I find in the community How do I get started on the healing journey What key steps will I need to take to get on with my life How can I understand what help my abuser needs How do I learn to trust God again Their advice is solid backed up by Nason Clark's professional expertise as a sociologist and Kroeger's as a biblical scholar Together they supply both here and now step by step advice you need to start the healing journey and biblical insights to nourish your soul and sustain you on the path to wholeness

Draft Sentencing Guidelines Great Britain: Parliament: House of Commons: Home Affairs Committee, 2006-06-28 Domestic violence is a social problem of enormous proportion In

2000 there were an estimated 12.9 million incidents and 1.2 million women were affected by stalking. It accounts for a quarter of all violent crime. Victims and children suffer with physical and psychological abuse. The costs to society are high, recently estimated as amounting to 3.1 billion for services for survivors including absence from employment, medical, psychiatric and addiction treatment, housing and other social and legal assistance. The loss to the economy has been estimated at 2.7 billion per year. Two draft guidelines on domestic violence were published by the Sentencing Guidelines Council on 11 April 2006. Overarching Principles: Domestic Violence deals with the general principles. There is no specific offence of domestic violence and conduct amounting to domestic violence can be covered by a wide range of offences, not only assaults but criminal damage, harassment, threats to injure or kill, false imprisonment and sexual offences. The guidelines define domestic violence and discuss assessing seriousness, aggravating and mitigating factors and the wishes and interests of victims and children. Breach of a Protective Order: the second draft guideline addresses breaches of restraining or non-molestation orders imposed in order to prevent harassment or fear of violence or the molestation of others. The Committee endorses the general approach in these guidelines, particularly the explicit recognition that courts should treat domestic violence no less seriously than other cases of violent crime. The Committee makes a number of recommendations for amendments to the guidelines.

Overcoming Emotional Abuse Susan Elliot-Wright, 2016-02-18. Many women assume that abuse is always physical. But this is not always the case. Psychological, verbal and emotional abuse may not cause broken bones or black eyes, but when one person persistently inflicts severe mental pain on another by the use of fear, intimidation, humiliation and manipulation, the damage can be just as serious. The resulting deep emotional scars may take years to recover from. Susan Elliot Wright explores the nature of this often subtle manipulative behaviour and what can be done to break the cycle. As well as offering emotional support, the author looks at the practicalities that may be involved, such as consulting a solicitor or gaining access to benefits. Subjects covered include types of emotional abuse, who may be a victim and why, how to protect yourself and any children, sources of help, such as women's refuges, can an abusive relationship survive, helping the abuser forming a new life.

Child Abuse, Child Exploitation, and Criminal Justice Responses Daniel G. Murphy, April G. Rasmussen, 2020-01-08. There are few things in our society that provoke such raw emotions as that of child abuse. Most people justifiably so are outraged when they hear of allegations of abuse and their anger is intensified as they learn of what seems to be an inappropriate criminal justice response. However, the debate on child abuse usually happens through visceral emotions rather than facts. Taking emotions out of a child abuse debate is much easier said than done, but it is of utmost importance to identify the facts. When the reader has a better understanding of the scope of child abuse, they can become more objective but still maintain their passion about ways to protect this vulnerable and targeted population. Child Abuse, Child Exploitation and

Criminal Justice Responses is unique in that it offers the reader contributing facts based not only through scholarly research but practical experience working in field from this wonderful collaboration of criminal investigator and forensic nurse Thus providing much personal insight and demonstrating how these two areas of expertise can join forces to achieve the objective of working as a team to facilitate safeguarding children The authors also presents the research on this complex yet worthy topic by identifying the unique challenges of investigating these offenses while ultimately bringing the perpetrators to justice and presenting the research from various perspectives of child abuse including both national and international issues and responses
