Refutation Of Moral Relativism Interviews With An Absolutist:

A Refutation of Moral Relativism Peter Kreeft, 2009-12-04 No issue is more fateful for civilization than moral relativism History knows not one example of a successful society which repudiated moral absolutes Yet most attacks on relativism have been either pragmatic looking at its social consequences or exhorting preaching rather than proving and philosophers arguments against it have been specialized technical and scholarly In his typical unique writing style Peter Kreeft lets an attractive honest and funny relativist interview a Muslim fundamentalist absolutist so as not to stack the dice personally for absolutism In an engaging series of personal interviews every conceivable argument the sassy Black feminist reporter Libby gives against absolutism is simply and clearly refuted and none of the many arguments for moral absolutism is refuted

Relational Apologetics Michael C. Sherrad, 2015-06-24 Defending the Christian faith by demonstrating its reality Relational Apologetics is about your life becoming a defense of the Christian faith Every relationship you have is an opportunity for you to connect people to their creator by displaying your hope both in word and deed Defending your faith is not just about answering questions and proving that God exists It is about showing that He is real by the way you live It is about demonstrating the power of God through your holiness And it is about drawing people to Jesus through your kindness Using stories and drawing on personal experiences Sherrard teaches the importance of holiness treating skeptics with respect engaging in authentic conversations instead of shouting matches and having well thought out answers to the skeptic's questions The book doesn't delve deeply into the scientific and philosophical arguments for the existence of God and the validity of Christianity Rather it provides solid simple and easily remembered reasons why one should believe in each It will also teach essential relational skills that are necessary for talking to skeptics and maintaining healthy relationships with them
