contemporary Christian music there has yet to be a scholarly treatment of how and why popular secular music is utilized by churches This book addresses that lacuna by examining this emerging trend in evangelical and emerging churches in America What is the motivation behind using music that seemingly has no connection to Christian theology values or themes such as music by Katy Perry AC DC or Van Halen and what can we learn about post denominational evangelical churches in America by uncovering these motives In this book April Stace uncovers several themes from an ethnographic study of these churches the increasingly porous boundary between the sacred and the secular the importance placed on authenticity in contemporary American culture how evangelicals are responding to what they perceive is an increasingly secular society the turn to the subject of contemporary culture the desire to leave a space for expression of doubt in the worship service without fully authorizing that doubt and the individualization of the construction of religious identity in the modern era *Christian Ethics* David S. One Assembly Jonathan Leeman,2020-03-26 Many churches are switching to the multisite or multiservice models to manage crowded sanctuaries due to growing attendance This solution seems sensible in the short term but too often churches adopt this model without taking into consideration what the Bible says about it Illuminating the importance of physical togetherness as a way to protect the gospel this book argues that maintaining a single assembly best embodies the unity the church possesses in Jesus Christ Jonathan Leeman considers a series of biblical theological and pastoral arguments that ask us to stop and examine intuitions or assumptions about what a church is He reorients our minds to a biblical definition of church offering examples of churches that have thrived with a single service at a single site and compelling alternatives for those looking to solve the complications that come with a growing church

The Sign of the End of the Age Paul Kalbach,2016-12-13 There is a small groundswell of thinking in the evangelical church that we may not have achieved a proper biblical understanding of end times events It is important for us to return to a careful study of these things because the time is near In The Sign of the End of the Age What Jesus Taught about the Future in Matthew 24 author Paul Kalbach helps you discoveror rediscoverthe Olivet Discourse the Lords clear road map that all other prophetic Scriptures must reckon with To understand the discourse we must answer one critical question what is Matthew 24 aboutthe future program for Israel or the end of the age events for all believers including the church Kalbach presents extensive arguments that show a different timing and sequence of events than is usually taught by proponents of the pretribulation rapture position His in depth study adheres to a most literal interpretation method The Sign of the End of the Age seeks to

bring a deeper understanding of the end times period vital in a world that shows every sign that this time is near **The Workes of ... William Perkins. The First Volume: Newly Corrected According to His Owne Copies, Etc** William PERKINS (Fellow of Christ's College, Cambridge.),1635 The End Ken Hathcoat,2015-03-22 People are fascinated with Revelation and end times Unfortunately Revelation studies and Bible prophecy books still remain a puzzle for many Christians Most end time books are either unnecessarily confusing or overly simplistic in their conclusions The End is a study of Revelation that presents a clear concise and thorough biblical analysis of the major end time events without simplistic explanations or wordy seminarian language The End is more than a commentary on Revelation and end time prophecies It offers fresh insights and applications on these subjects for your daily life **Holy Things** Gordon W. Lathrop, New in paperback Cyril of Jerusalem wrote about holy things He thereby reflected the communion invitation used in his fourth century liturgy to call people to taste and see that the Lord is good Mystagogical Catecheses The present times call for strong and healthy symbols that hold people into hope The Christian communities need a reintroduction into the ways in which liturgical symbols respond to human need Indeed Lathrop argues Christian communities continually need to reconsider the meaning of their liturgies and reform those liturgies toward authentic clarity In its three parts this book 1 proposes that an ecumenical pattern or ordo of worship can be discerned which is also a pattern of meaning 2 discusses the ways in which meaning occurs in the meeting for worship itself and 3 draws practical conclusions about the organization of that meeting and its importance to current human need Throughout Lathrop undertakes to do theology that is to say what the liturgy actually says about God Remissioning Church Josh Hayden,2025-04-15 Rediscover Your Church's Mission Many churches are struggling to connect with their communities and are facing a decline But there's hope God is inviting His church to be reborn from the inside out transforming into a new missional presence that brings life and flourishing to their neighborhoods Using inspiring vision practical tools and field tested methods pastor Joshua Hayden offers church leaders solutions for resurrecting their congregations If you're a church leader longing to bring your declining church back from the brink Remissioning Church is your essential companion that outlines the path of inside out transformation through discipleship while focusing on serving your neighbors and the world God is inviting your church to a new beginning Remissioning Church is the guide you need to answer that call and lead your congregation into a future filled with purpose and mission **The Christian Leader**,1923
