

The Secrets of Hitler's "Supermen"

They wore black uniforms, shining boots, gleaming daggers, and death's-head rings. Strong and daring, they were also assassins and mass murderers. They were the Nazi elite, the infamous SS.

Was the SS disbanded when the Third Reich collapsed? From privileged interviews with surviving members of Hitler's inner circle and access to the closely held files of a famous Nuremberg Trial judge, investigator Glenn Infield reveals previously unknown Nazi secrets and presents convincing evidence that the SS is alive and plotting today.

Secrets Richard Breitman, 2025-09-23 Richard Breitman's Official Secrets is an important work based on newly declassified archives As defeat loomed over the Third Reich in 1945 its officials tried to destroy the physical and documentary evidence about the Nazis monstrous crimes about their murder of millions Great Britain already had some of the evidence however for its intelligence services had for years been intercepting decoding and analyzing German police radio messages and SS ones too Yet these important papers were sealed away as Most Secret Never to Be Removed from This Office and they have only now reappeared Integrating this new evidence with other sources Richard Breitman reconsiders how Germany's leaders brought about the Holocaust and when and reassesses Britain's and America's suppression of information about the Nazi killings His absorbing account of the tensions between the two powers and the consequences of keeping this information secret for so long shows us the danger of continued government secrecy which serves none of us well and the failure to punish many known war criminals
