Clear section title

1

Label your skills section using a conventional title (e.g. 'Skills', 'Other', 'Additional') so all resume screeners can identify it.

Software

2

List specific software and tools you're good at and are listed in the job description. Try to include modern tools so you show you stay updated in your industry.

Proficiency levels

3

Indicate to hiring managers how experienced you are with a specific tool or technology.

Hard skills only

4

Do not mention soft skills like Leadership or Communication. Focus on only hard skills from the job description, which include software, tools and techniques.

Group your skills

5

It makes it easier to skim. Use categories relevant to your industry.
