Seeing Japan:

Seeing Japan Charles T. Whipple, 2005 The scenes and images that best typify Japan are showcased in this lavishly produced full colour photographs throughout with a succinct and illuminating text Part 1 presents the tremendous range of landscapes and customs in the various distinctive regions of this surprisingly large and diverse nation while Part 2 concentrates on the arts and traditions of a culture that has been nurtured over centuries Part 3 offers essential background on the country's history language and people Film Resources on Japan University of Michigan. Audio-Visual Education Center, United States. Office of Education, 1975 **About Japan**, 1916 *U.S.-Japan* United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asian and Pacific Affairs, 1992 Christianity and Imperialism in Modern Japan Emily Anderson, 2014-10-23 Christianity and Imperialism in Modern Japan explores how Japanese Protestants engaged with the unsettling changes that resulted from Japan's emergence as a world power in the early 20th century Through this analysis the book offers a new perspective on the intersection of religion and imperialism in modern Japan Emily Anderson reassesses religion as a critical site of negotiation between the state and its subjects as part of Japan's emergence as a modern nation state and colonial empire The book shows how religion including its adherents and the state's attempts to determine acceptable belief is a necessary subject of study for a nuanced understanding of modern Japanese history I'll Be Seeing You James T. Born, 2012-10-03 This is a true love story of a woman who walked through life's trials with God by her side Her walk and faith in Jesus Christ manifests itself when she tells of her trials and tribulations that she endured during World War II Vietnam and during her almost 65 years of marriage to the same man Her continued faith will inspire you and help you to understand what you may need to do when you are confronted with life's tragic and sometimes sudden events She is of the Greatest Generation and her story much of which is in her own words will instill in you that courage that her generation had This story was accomplished with historical perspective and with a feeling of deep religious conviction Japan's Navy Peter J. Woolley, 2000 An examination of the development and potential of the Japanese navy in the context of the US Japan alliance It presents Japan's coming of age as a military primarily naval power in a series of case studies on sea lane defence minesweeping and participation in UN peacekeeping operations **The Japan-British Exhibition of 1910** A. Hotta-Lister, 2013-10-23 The rapid development of Japan at the turn of the last century including the defeat of Russia in 1904 intrigued the western Imperial powers but also aroused reactions of contempt and suspicion Britain was the most important of the powers upon which Japan earnestly wished to impress herself to mitigate the rising tide of anti Japanese sentiment An exhibition in London therefore was seen as a timely event by the Meiji Government to advance Japanese agendas in political economic and educational terms This is the first major study of this remarkable venture fully reviewed and documented and concerned principally with the Japanese side of the story **A History of Japan** James Murdoch, Isoh Yamagata, 1926 **Transactions and Proceedings of the Japan Society, London** Japan Society of London, 1918

Transactions and Proceedings of the Japan Society, London Japan Society (London, England), 1916 Rethinking Sino-Japanese Alienation Barry Buzan, Evelyn Goh, 2020-01-09 Bitterly contested memories of war colonisation and empire among Japan China and Korea have increasingly threatened regional order and security over the past three decades In Sino Japanese relations identity territory and power pull together in a particularly lethal direction generating dangerous tensions in both geopolitical and memory rivalries Buzan and Goh explore a new approach to dealing with this history problem First they construct a more balanced and global view of China and Japan in modern world history Second building on this they sketch out the possibilities for a 21st century great power bargain between them Buzan puts Northeast Asia s history since 1840 into both a world historical and a systematic normative context exposing the parochial nature of the China Japan history debate in relation to what is a bigger shared story about their encounter with modernity and the West within which their modern encounter with each other took place Arguing that regional order will ultimately depend substantially on the relationship between these two East Asian great powers Goh explores the conditions under which China and Japan have been able to reach strategic bargains in the course of their long historical relationship and uses this to sketch out the main modes of agreement that might underpin a new contemporary great power bargain between them in a variety of future scenarios for the region The frameworks adopted here consciously blend historical contextualisation enduring concerns with wealth power and interest and the complex relationship between Northeast Asian states evolving encounters with each other and with global international society **A History of Japan: The Tokugawa epoch, 1652-1868, rev. and ed. by Joseph H. Longford. 1926** James Murdoch, Isao Yamagata, 1926 *Japan's Reluctant Realism* M. Green, 2001-05-17 In Japan s Reluctant Realism Michael J Green examines the adjustments of Japanese foreign policy in the decade since the end of the Cold War Green presents case studies of China the Korean peninsula Russia and Central Asia Southeast Asia the international financial institutions and multilateral forums the United Nations APEC and the ARF In each of these studies Green considers Japanese objectives the effectiveness of Japanese diplomacy in achieving those objectives the domestic and exogenous pressures on policy making the degree of convergence or divergence with the United States in both strategy and implementation and lessons for more effective US Japan diplomatic cooperation in the future As Green notes its bilateral relationship with the United States is at the heart of Japan s foreign policy initiatives and Japan therefore conducts foreign policy with one eye carefully on Washington However Green argues it is time to recognize Japan as an independent actor in Northeast Asia and to assess Japanese foreign policy in its own terms **Sino-Japanese Relations** Ming Wan, 2006 This book examines the transformation of the Sino Japanese relationship since 1989 **Rethinking Japanese Security** Peter J. Katzenstein, 2008-03-11 Since the unexpected end of the Cold War standard arguments about power politics can no longer be adopted uncritically This has led to a renewed interest in Japan s unusually peaceful security policy Japan s championing of comprehensive security is central to this collection Peter J Katzenstein s essays explore this concept which not only

encompasses traditional military concerns but also domestic aspects of security The book's focus on counter terrorism and national security highlights a policy approach which over decades Japan has developed with political patience and diplomatic finesse These essays advocate an eclectic approach that helps in recognizing new questions and that seek to combine elements from different analytical perspectives in the exploration of novel lines of argument Additionally the book features an entirely new substantial introduction that explores and elaborates the themes of the collection while bringing it up to date This collection will be of significant interest to students and scholars of Japanese politics security studies and international relations

Japan's Rise as a Regional and Global Power, 2013-2023 Gilbert Rozman, Brad Glosserman, 2024-06-03 Rozman and Glosserman follow a momentous decade in the transformation of Japanese foreign policy from 2013 to 2023 that unveils Japan in a new light as a leading power more closely aligned with the United States than ever before but with distinct aspirations The book presents a comprehensive chronology a broad sweep of relations with regional partners and an unprecedented look at new relations with Europe Zeroing in on the legacy of Abe Shinzo it pays special attention to the leadership of Kishida Fumio in response to the Biden administration the Ukraine war the growing alarm about China the swings in ties to South Korea and the hopes to be a bridge with Southeast Asia and India It is a vital read for students of international relations in the Indo Pacific and of Japan and advanced undergraduate courses on Japanese foreign policy Asian regional studies and comparative international
