Seeking God In All Things Theology And Spiritual Direction:

Seeking God in All Things William E. Reiser, 2004 The practice of spiritual direction assumes a theology of the Holy Spirit a theology of revelation and of the Church and a theology of prayer Seeking God in All Things explores each of these themes as the underpinnings of spiritual direction and examines what makes the Christian religious experience distinctive Since not every experience of God bears a Christian imprint William Reiser SJ asks whether and in what way a Christian might be able to assist someone who is not Christian in developing his or her interior life This question looks beyond suggesting the concrete steps a person might take in initiating nurturing and solidifying a way of praying It looks rather toward the fundamental issue of helping others as they discover and deepen their relationship to the mystery of God Chapters are It Is God Who Directs Imagining Divine Action in Human Lives Where Do Holy Desires Come From What's Distinctive About the Christian Religious Experience Further Elements of Christian Distinctiveness The Incarnation as a Starting Point for Spiritual Direction and Should Christian Spirituality Move Beyond Jesus William Reiser SJ PhD is a professor of theology in the religious studies department at Holy Cross College Worcester Massachusetts Over the past twelve years he has also served as an associate staff member at the Center for Religious Development in Cambridge He is the author of *Jesus in Solidarity with His People* published by Liturgical Press

Finding God on the Indian Road Chad Johnson, 2023-09-15 Drawing on the long and arduous history between the Indigenous people of North America and the Christian church that colonists brought to them the harmful relationship of the past must be addressed To move forward so that Native American spiritual practices have much to offer the Christian world of spiritual living a way a spirit of respect and reverence must be established For centuries these two deeply spiritual worlds were told that they could not and would not coexist Drawing deep attention to ways Native American spiritual practices have been misappropriated and trivialized over the years through a lack of reverence draws us into a deeper sense of respect and appreciation for non Native persons and offers a new sense of hope and beginning for Native peoples that continue to struggle with the voices of the past telling them that being fully Native and fully Christian are incompatible There is a new reality that these two worlds very much can and should coexist and it is a good and joyful thing for all people to begin to explore where Native American cultures and faith intersect

Quest for Spiritual Community Angela H. Reed, 2011-04-25 Many churches recognize the importance of the genuine spiritual hunger in our time and are attempting to bridge the gulf between traditional religious institutions and the contemporary spiritual quest by revitalizing and retooling ancient spiritual practices This book suggests that it is possible to relish the spiritual quest while honoring tradition and theological inquiry through practices such as spiritual guidance It presents a sociological analysis of contemporary spirituality case studies of congregations with spiritual guidance ministries

and reflection on historical practices and Protestant theological roots to explore the strengths and pitfalls of nurturing the contemporary spiritual quest in the average congregation The resulting vision for congregation based spiritual guidance incorporates practices that attend to person community and mission *How Then Shall We Guide?* Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis

Message from the Stream: Go with the Flow Ruby Radford, 2012-03-01 Ruby Radford in her book *Message from the Stream* Go with the Flow takes the reader on a spiritual journey by way of her encounter with a stream at a spiritual retreat Her book is filled with inspiration and motivation for Christians who may become stalled on their spiritual journey Using her gift as a poet she interjects poetry and short stories to help tell her story In the introduction she asks the reader to trust in the Creator of streams of life as a prerequisite for the faith journey that unfolds in the book As a student in a spiritual direction class while in seminary the class along with the professor traveled to a retreat site in Pennsylvania to practice the presence of God Following the instructions of the professor the students stood on a hillside in silence overlooking a stream of water While looking at the stream Ruby engages in a dialogue with the stream Obedient to the voice from the stream to go with the flow she relaxed and spiritually flowed with the stream During the flow situations and circumstances that had caused a leak in her faith became plugged with the knowledge that God knows and is with her In other words she was not walking alone The voice from the stream encouraged her to stay on the path that she was traveling and made it clear that the Holy Spirit would help navigate her through the debris and obstacles that sought to interrupt her flow She comes away from

the stream with a better understanding of her call to ordain ministry in light of the physical mental and spiritual interrupters that sought to alter her walk She comes out of the experience advocating for spiritual direction teaching as a means to aid Christians in establishing a closer relationship with God She comes away from the retreat with her own personal definition of faith Faith is not just a statement that one makes but is the life that one lives in concert with the Holy Spirit As the book comes to an end Ruby offers spiritual disciplines suggestions of retreat alone time with God and praying talk to God about everything all the time as necessary practice to draw closer to God Adding these disciplines to those of reading the Bible and meditation the reader has a good starter kit for spiritual direction practice Practice is at the core of spiritual direction Practice does not make perfect but it does make closer our relationship with God **Thirsty for God** Bradley P.
