Religion Daniel A. Stout, 2013-06-17 This text examines the history theory cultural context and professional aspects of media and religion While religion has been explored more fully in psychology sociology anthropology and the humanities there is no clear bridge of understanding to the communication discipline Daniel A Stout tackles this issue by providing a roadmap for examining this understudied area so that discussions about media and religion can more easily proceed Offering great breadth this text covers key concepts and historical highlights world religions denominations and cultural religion and religion and specific media genres The text also includes key terms and questions to ponder for every chapter and concludes with an in class learning activity that can be used to encourage students to explore the media religion interface and review the essential ideas presented in the book Media and Religion is an ideal introduction for undergraduate students in need of a foundation for this emerging field

Karma Karen Reed Hadalski, 2011 Karma isn't a mystery Karma isn't an esoteric philosophy Karma is a natural law the Law of Cause and Effect and just like gravity it is constantly at work in the world and in your life whether you know it or believe in it or not The book you are holding will give you the knowledge and tools necessary to discover and understand the playing out of karma in your physical mental psychological social and spiritual life It will help you to make sense of your life circumstances and provide a road map for traveling to a more fulfilling joyous and purposeful future

Knowledge and Ignorance Folke Dovring, 1998-03-25 Dovring explores the limits of science as causes of ignorance Some topics examined in these essays are problems with our ways of knowing and the impact of emotion on objectivity He argues that reality consists of designs of things and processes While most designs we might think of cannot exist those that can exist add up to a tool box of creation which contains the detailed laws of nature many of them synergisms Reality must conform to this web of necessities hence the danger of unchecked virtual reality These lines of thought are then applied to evolution as creation and history In a final essay Dovring explores topics upon which science should concentrate This book will be of interest to scientists as well as the lay public interested in the theory of science and questions of truth and faith

Sundial Barbara E. Bryden, 2005 *Edgar Cayce in Context* K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings Cayce's medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce's ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs This is the first book to

focus solely on appraising the entire body of the Cayce readings from a scholarly perspective **Ancient Teachings for Beginners** Douglas De Long, 2000 Ancient Teachings for Beginners by Douglas De Long reveals the mysteries from the distant past and how they can lead to a brighter future in the New Age It begins with a brief history of spiritual development from before ancient Egypt right up to the present It continues by explaining the secrets of the aura and the chakras In this section you ll learn about the importance of the third eye chakra It is related to the pineal gland and the third eye Opening the third eye aids intuition creativity and psychic abilities You can do this easily by toning doing vibrational work or chanting Thoh rhymes with toe at a middle or high C note This triggers a vibration in the pineal which cause the third eye and its chakra to open The exact techniques are included in the book If you open the crown chakra associated with the pituitary gland you can improve some of your natural psychic abilities including clairaudience clairvoyance and clairsentience Vibrational work for this chakra uses the sound May Breathing techniques and the exact way of toning to open the chakra are fully explained You ll also learn how to see the aura and interpret its colors as well as how to open all of the chakras The book also explains techniques to send the mysterious kundalini energy through the chakras But this book has more It includes the secrets of channeling such as working with angels and spirit guides It goes on to share methods of astral projection and then reveals the secrets of reincarnation Ancient Teachings for Beginners is easy to understand and the techniques are a snap to use If you are looking for an introduction to the secrets of the teachings of the ancient mystery schools this book is for you Race and Practice in Archaeological Interpretation Charles E. Orser, Jr., 2013-04-19 Scholars who investigate race a label based upon real or perceived physical differences realize that they face a formidable task The concept has been contested and condoned debated and denied throughout modern history Presented with the full understanding of the complexity of the issue Race and Practice in Archaeological Interpretation concentrates on the archaeological analysis of race and how race is determined in the archaeological record Most archaeologists even those dealing with recent history have usually avoided the subject of race yet Charles E Orser Jr contends that its study and its implications are extremely important for the science of archaeology Drawing upon his considerable experience as an archaeologist and using a combination of practice theory as interpreted by Pierre Bourdieu and spatial theory as presented by Henri Lefebvre Orser argues for an explicit archaeology of race and its interpretation The author reviews past archaeological usages of race including a case study from early nineteenth century Ireland and explores the way race was used to form ideas about the Mound Builders the Celts and Atlantis He concludes with a proposal that historical archaeology cast as modern world archaeology should take the lead in the archaeological analysis of race because its purview is the recent past that period during which our conceptions of race developed *Common Phantoms* Alicia Puglionesi, 2020-08-25 S ances clairvoyance and telepathy captivated public imagination in the United States from the 1850s well into the twentieth century Though skeptics dismissed these experiences as delusions a new kind of investigator emerged to seek the science

behind such phenomena With new technologies like the telegraph collapsing the boundaries of time and space an explanation seemed within reach As Americans took up psychical experiments in their homes the boundaries of the mind began to waver Common Phantoms brings these experiments back to life while modeling a new approach to the history of psychology and the mind sciences Drawing on previously untapped archives of participant reported data Alicia Puglionesi recounts how an eclectic group of investigators tried to capture the most elusive dimensions of human consciousness A vast though flawed experiment in democratic science psychical research gave participants valuable tools with which to study their experiences on their own terms Academic psychology would ultimately disown this effort as both a scientific failure and a remnant of magical thinking but its challenge to the limits of science the mind and the soul still reverberates today *Beyond Heaven and Earth* Steven H Propp,2003-11-17 Have you ever wondered what happens to us when we die What if you really HAD to know When tragedy strikes the family of young Jobran Winter he is forced to confront these questions directly Undertaking a feverish Quest he explores various branches of Christianity Judaism Islam Hinduism Buddhism Sikhism as well as the religions of China and Japan His search encompasses the New Age Reincarnation Spiritism and Psychical Research Attending channeling sessions and sances investigating haunted houses and Near Death Experiences he examines spiritual traditions ranging from Swedenborg to Scientology from Jodo Shinshu to the Jehovah s Witnesses Finally the Quest brings him into direct contact with Hospice work physical disability child abandonment abortion suicide euthanasia and even cold blooded murder Encounter the doctrines of Purgatory Predestination Universalism Annihilationism as you journey in a novel that will make you reexamine your ideas about religion skepticism love death and LIFE **Virginia Myths and Legends** Emilee Hines,2015-11-01 Part of our new and growing Mysteries and Legends series Mysteries and Legends of Virginia explores unusual phenomena strange events and mysteries in Virginia s history Each episode included in the book is a story unto itself and the tone and style of the book is lively and easy to read for a general audience interested in Virginia history **Nine Simple Laws to Create Joy and Grace** Aaron L. Singleton,Sue Hanks Singleton,2013-03-27 Sue Hanks Singletons near death experience provided her with an invaluable vision about the big picture and how the universe works In Nine Simple Laws to Create Joy and Grace she shares a treasure trove of wisdom on reclaiming and using the spiritual underpinnings of the universal laws to create a more conscious fulfilled and dynamic life Sue and her husband and coauthor Aaron L Singleton reveal which universal laws are the architects with blueprints which laws are the reliable builders and carpenters who carry out the architectural plans and which laws provide the infrastructure much like electricians and plumbers to build your path to happiness With a chapter dedicated to each law this guide includes descriptions examples quotations and artwork This is followed by exercises to enhance your understanding of the law and to practice it on your own a daily affirmation for each law to help you focus and Stone Play Crystal Layouts for each law Intentionally written with many layers of understanding Nine Simple Laws to Create Joy and Grace helps you discover the timeless and joyful wisdom of living in cooperation with the

heightened awareness of the nine universal laws Learn to begin anew and to manifest joy and grace in your life UFOs, Conspiracy Theories and the New Age David G. Robertson, 2016-02-25 How and why were UFOs so prevalent in both conspiracy theories and the New Age milieu in the post Cold War period In this ground breaking book David G Robertson argues that UFOs symbolized an uncertainty about the boundaries between scientific knowledge and other ways of validating knowledge and thus became part of a shared vocabulary Through historical and ethnographic case studies of three prominent figures novelist and abductee Whitley Strieber environmentalist and reptilian proponent David Icke and David Wilcock alleged reincarnation of Edgar Cayce the investigation reveals that millennial conspiracism offers an explanation as to why the prophesied New Age failed to arrive it was prevented from arriving by malevolent hidden others Yet millennial conspiracism constructs a counter elite a gnostic third party defined by their special knowledge An overview of the development of UFO subcultures from the perspective of religious studies UFOs Conspiracy Theories and the New Age is an innovative application of discourse analysis to the study of present day alternative religion Synchronicity and the Other Side Rob MacGregor, Trish MacGregor, 2018-01-20 You see your grandmother s favorite bird outside your window not long after her death You inexplicably feel drawn to vacation at a remote location you ve never been to only to discover that your ancestors lived there hundreds of years ago Everywhere you look you notice the numbers 1111 on clocks license plates odometers Signs from the afterlife are everywhere if you only know how to look In this groundbreaking book you ll discover how meaningful coincidence synchronicity is key to your connecting with loved ones who have passed on Such contact can come to you through dreams and meditation mediums and signs and more From the unexpected appearance of familiar animals images and sounds to clusters of numbers and objects you ll learn how to recognize when and how people from the other side are trying to connect with you
