Lost Sounds Tim Brooks, Richard Keith Spottswood, 2004-02-24 Available in paperback for the first time this groundbreaking in depth history of the involvement of African Americans in the early recording industry examines the first three decades of sound recording in the United States charting the surprising roles

black artists played in the period leading up to the Jazz Age and the remarkably wide range of black music and culture they preserved. Applying more than thirty years of scholarship, Tim Brooks identifies key black artists who recorded commercially and provides illuminating biographies for some forty of these audio pioneers. Brooks assesses the careers and recordings of George W. Johnson, Bert Williams, George Walker, Noble Sissle, Eubie Blake, the Fisk Jubilee Singers, W. C. Handy, James Reese Europe, Wilbur Sweatman, Harry T. Burleigh, Roland Hayes, Booker T. Washington, and boxing champion Jack Johnson, as well as a host of lesser-known voices. Many of these pioneers faced a difficult struggle to be heard in an era of rampant discrimination and the color line, and their stories illuminate the forces, both black and white, that gradually allowed African Americans greater entry into the mainstream American entertainment industry. The book also discusses how many of these historic recordings are withheld from the public today because of stringent U.S. copyright laws. *Lost Sounds* includes Brooks's selected discography of CD reissues and an appendix by Dick Spottswood describing early recordings by black artists in the Caribbean and South America.

Air Castle of the South Craig Havighurst, 2011-12-19 Started by the National Life and Accident Insurance Company in 1925, WSM became one of the most influential and exceptional radio stations in the history of broadcasting and country music. WSM gave Nashville the moniker Music City USA, as well as a rich tradition of music news and broad-based entertainment. With the rise of country music broadcasting and recording between the 1920s and 50s, WSM, Nashville, and country music became inseparable, stemming from WSM's launch of the Grand Ole Opry, popular daily shows like *Noontime Neighbors*, and early morning artist-driven shows such as *Hank Williams on Mother's Best Flour*. Sparked by public outcry following a proposal to pull country music and the Opry from WSM AM in 2002, Craig Havighurst scoured new and existing sources to document the station's profound effect on the character and self-image of Nashville. Introducing the reader to colorful artists and businessmen from the station's history, including Owen Bradley, Minnie Pearl, Jim Denny, Edwin Craig, and Dinah Shore, the volume invites the reader to reflect on the status of Nashville radio and country music in American culture.

Unsettled Scores Sally Bick, 2019-12-20 The Hollywood careers of Aaron Copland and Hanns Eisler brought the composers and their high-art sensibility into direct conflict with the premier producer of America's potent mass culture. Drawn by Hollywood's potential to reach and edify the public, Copland and Eisler expertly wove sophisticated musical ideas into Hollywood, and each in their own distinctive way left an indelible mark on movie history. Sally Bick's dual study of Copland and Eisler pairs interpretations of their writings on film composing with a close examination of their first Hollywood projects: Copland's music for *Of Mice and Men* and Eisler's score for *Hangmen*. Also, Bick illuminates the different ways the composers treated a film score as a means of expressing their political ideas on society, capitalism, and the human condition.

She also delves into Copland's and Eisler's often conflicted attempts to adapt their music to fit Hollywood's commercial demands an enterprise that took place even as they wrote hostile critiques of the film industry

Transforming Women's Education Jewel A. Smith, 2019-01-30 Female seminaries in nineteenth century America offered middle class women the rare privilege of training in music and the liberal arts A music background in particular provided the foundation for a teaching career one of the few paths open to women Jewel A Smith opens the doors of four female seminaries revealing a milieu where rigorous training focused on music as an artistic pursuit rather than a social skill Drawing on previously untapped archives Smith charts women's musical experiences and training as well as the curricula and instruction available to them the repertoire they mastered and the philosophies undergirding their education She also examines the complex tensions between the ideals of a young democracy and a deeply gendered system of education and professional advancement An in depth study of female seminaries as major institutions of learning Transforming Women's Education illuminates how musical training added to women's lives and how their artistic acumen contributed to American society

Fritz Reiner, Maestro and Martinet Kenneth Morgan, 2010-10-01 This award-winning book, now available in paperback, is the first solid appraisal of the legendary career of the eminent Hungarian-born conductor Fritz Reiner (1888-1963). Personally enigmatic and often described as difficult to work with, he was nevertheless renowned for the dynamic galvanization of the orchestras he led, a nearly unrivaled technical ability, and high professional standards. Reiner's influence in the United States began in the early 1920s and lasted until his death. Reiner was also deeply committed to serious music in American life, especially through the promotion of new scores. In *Fritz Reiner, Maestro and Martinet*, Kenneth Morgan paints a very real portrait of a man who was both his own worst enemy and one of the true titans of his profession.
