Look Three Ways At Murder Inscribed:

The Puritan Way of Death David E. Stannard, 1977-10-13 The Puritan Way of Death is more than a book about Puritans or about death It is also about family community and identity in the modern world Even before publication eminent historians sociologists and religious scholars in the United States and Europe among them Gordon Wood Philippe Ari s William Clebsch and Robert Nisbet hailed it as a pathbreaking provocative and exciting work a terse urbane learned clear humane volume Beyond The Galaxy: How Humanity Looked Beyond Our Milky Way And Discovered The Entire Universe Ethan Siegel, 2015-11-26 A look up at the night sky reveals a treasury of wonders Even to the naked eye the Moon stars planets the Milky Way and even a few star clusters and nebulae illuminate the heavens For millennia humans struggled to make sense of what s out there in the Universe from all we can see to that which lies beyond the limits of even our most powerful telescopes Beyond the Galaxy traces our journey from an ancient Earth centered Universe all the way to our modern 21st century understanding of the cosmos Touching on not only what we know but also how we know it Ethan Siegel takes us to the very frontiers of modern astrophysics and cosmology from the birth of our Universe to its ultimate fate and everything in between

The Inscription of Things Thomas Kelly, 2023-11-14 Why would an inkstone have a poem inscribed on it Early modern Chinese writers did not limit themselves to working with brushes and ink and their texts were not confined to woodblock printed books or the boundaries of the paper page Poets carved lines of verse onto cups ladles animal horns seashells walking sticks boxes fans daggers teapots and musical instruments Calligraphers left messages on the implements ordinarily used for writing on paper These inscriptions terse compositions in verse or epigrammatic prose relate in complex ways to the objects on which they are written Thomas Kelly develops a new account of the relationship between Chinese literature and material culture by examining inscribed objects from the late Ming and early to mid Qing dynasties He considers how the literary qualities of inscriptions interact with the visual and physical properties of the things that bear them Kelly argues that inscribing an object became a means for authors to grapple with the materiality and technologies of writing Facing profound social upheavals from volatility in the marketplace to the violence of dynastic transition writers turned to inscriptions to reflect on their investments in and dependence on the permanence of the written word Shedding new light on cultures of writing in early modern China The Inscription of Things broadens understandings of the links between the literary and the material *The Lost Coal Mine to Oz* L. Fuller James L. Fuller, James L. Fuller, 2009-11 What they anticipated would be a simple picnic and hike becomes an adventure when Katie Tommy and Aunt Deborah discover an abandoned haunted mine leading to Oz **Inscribing Sorrow** Christos Tsagalis, 2008-12-10 Fourth century Attic grave epigrams reflect a transitional phase in the evolution of the genre of epigram They testify to a shift of interest towards social issues such as the family the deceased s age and profession In a turbulent period of restlessness and uncertainty that followed the devastating Peloponnesian war the commemoration of the departed in private monuments became an effective mechanism of displaying

publicly a new set of social concerns It is within these contexts that special emphasis has been put on the composition of sepulchral epigrams their gradual autonomization and sophistication This book explores this decisive phase in the evolution of the epigram by reconstructing as many ancient contexts as possible on the one hand and studying sepulchral epigrams as a poetic art on the other *Confessions of the Flesh* Michel Foucault, 2022-01-18 The fourth and final volume in Michel Foucault's acclaimed *History of Sexuality* completed just before his death in 1984 and finally available to the public One of the most influential thinkers of the twentieth century Michel Foucault made an indelible impact on Western thought The first three volumes in his *History of Sexuality* which trace cultural and intellectual notions of sexuality arguing that it has been profoundly shaped by the power structures applied to it constitute some of Foucault's most important work This fourth volume posits that the origins of totalitarian self surveillance began with the Christian practice of confession The manuscript had long been secreted away in accordance with Foucault's stated wish that there be no posthumous publication of his unpublished work With the sale of the Foucault archives in 2013 Foucault's nephew felt that the time had come to publish this final volume in Foucault's seminal history Philosophically it is a chapter in his hermeneutics of the desiring subject Historically it focuses on the remodeling of subjectivity carried out by the early Christian Fathers who set out to transform the classical Logos of truthful human discourse into a theologos the divine Word of a pure sovereign What did God will in the matter of righteous sexual practice Foucault parses out the logic of the various responses proffered by theologians over the centuries culminating with Saint Augustine's fascinating discussion of the libido Sweeping and deeply personal *Confessions of the Flesh* is a tour de force from a philosophical master Catalogue of Drawings by British Artists and Artists of Foreign Origin Working in Great Britain ...: I-R British Museum. Dept. of Prints and Drawings, Laurence Binyon, 1902 **1960** Al Filreis, 2021-10-26 In 1960 when World War II might seem to have been receding into history a number of artists and writers instead turned back to it They chose to confront the unprecedented horror and mass killing of the war searching for new creative and political possibilities after the conservatism of the 1950s in the long shadow of genocide Al Filreis recasts 1960 as a turning point to offer a groundbreaking account of postwar culture He examines an eclectic group of artistic literary and intellectual figures who strove to create a new language to reckon with the trauma of World War II and to imagine a new world Filreis reflects on the belatedness of this response to the war and the Holocaust and shows how key works linked the legacies of fascism and antisemitism with American racism In grappling with the memory of the war he demonstrates artists reclaimed the radical elements of modernism and brought forth original ideas about testimony to traumatic history 1960 interweaves the lives and works of figures across high and popular culture including Chinua Achebe Hannah Arendt James Baldwin Amiri Baraka Paul Celan John Coltrane Frantz Fanon Roberto Rossellini Muriel Rukeyser Rod Serling and Louis Zukofsky and considers art forms spanning poetry fiction memoir film painting sculpture teleplays musical theater and jazz A deeply interdisciplinary cultural literary and intellectual history this book also offers fresh perspective on the beginning of
