A magazine of tales, travels, essays, and poems. **Uhlenpiegel with the Schilda Citizens**, Renier-Fréduman Mundil, 2025-06-04. Uhlenpiegel is a prankster who lived in Germany in the Middle Ages, played tricks on people by often taking idioms literally, knowing how to take advantage of them, and mocking his fellow citizens. The Schilda citizens are inhabitants of the fictional town of Schilda, who were known for their naive actions. One of the most famous stories is that they forgot the windows when building the town hall and therefore tried to bring in the light with buckets. In this book, the prankster Uhlenpiegel meets the foolish Schilda citizens. The strange encounters that ensue are told in this book in the form of short stories. **Uhlenpiegel with the Schilda Citizens**, Renier-Fréduman Mundil, 2025-07-07. The consideration of witness testimony had traditionally been a task left to fact finders with scant guidance from legal professionals. As a result, various practices have developed during the investigative and trial process which can obscure or even eradicate critical material. Miscarriages of justice will continue to occur so long as those working within the justice system continue to accept witnesses and their testimony at face value. This book aims to make practitioners as well as the fact finders and those who guide them aware of a wide range of perspectives on witness testimony. Each contributor identifies bad practice and puts forward ideas for improvement or removal of previously acceptable investigative and forensic methods. **Origins of Pictures**, Klaus Sachs-Hombach, Jörg R. J. Schirra, 2014-10-29. Anyone talking about pictures by necessity refers to those using pictures. It is therefore essentially the competence of using pictures that has to be considered. Such competence is not common among higher developed mammals at least as far as we know today. This fact raises the question whether and to what extent that ability has to be conceived as a strictly anthropological one. In an interdisciplinary approach, the first international conference of the Society for Interdisciplinary Image Science GiB, titled *Origins of Pictures*, has taken a closer look at the role of pictures for the *conditio humana*. The primary goal of the conference was to present empirical findings of the origins of picture uses, considering in particular research in paleo anthropology, archeology, cultural

anthropology and developmental psychology Furthermore those findings were to be related to philosophical considerations concerning the conditions of the conceptual formation of picture competence The Preaching Life Barbara Brown Taylor,1993-01-25 In her bestselling preaching autobiography Barbara Brown Taylor writes of how she came to be a preacher of the gospel as a priest in the Episcopal Church In this warm and poignant collection Barbara Brown Taylor's humor and wisdom delve into the meaning of Christian symbols and history both her own growing up in the Mid West and Georgia and the Church's from its earliest beginnings in the Near East Seamlessly Taylor weaves together reflections on her vocation with the long standing struggles of the Church to hear respond and remain faithful to its mission of holy love She moves effortlessly from reflection to homily concluding the volume with thirteen sermons illustrative of the answered call This rich meeting of memoir theology and sermon stands at the center of Taylor's work bringing into one book the origins and the vision of her remarkable preaching life But her voice is not sentimental Instead Taylor explores Christian meanings and histories in order to hear and speak in the present for God God has given us good news in human form and has given us the grace to proclaim it she writes but part of our terrible freedom is the freedom to lose our voices to forget where we were going and why While that knowledge does not yet strike me as prophetic it does keep me from taking both my ministry and the ministry of the whole church for granted This book on the calling to preach is itself a call to reawaken to the activating presence of God Because I am a preacher it is through a preacher's eyes that I see but because I am a baptized Christian too it is from that perspective I write Either way my job remains the same to proclaim the good news of God in Christ and to celebrate the sacraments of God's presence in the world Those two jobs are described as clearly in the baptismal vows as they are in the ordination vows which give all Christians a common vocation from Chapter One The Museum Environment Garry Thomson,2013-10-22 The Museum Environment Second Edition deals with the behavior and conservation of the various classes of museum exhibit This book is divided into six sections that provide museum specifications for conservation This text highlights the three contributing factors in the deterioration and decay of museum exhibits namely light humidity and air pollution Each section describes the mechanism of deterioration and the appropriate preventive conservation The changes in this edition from the previous include the electronic hygrometry fluorescent lamps buffered cases air conditioning systems and data logging and control in historic buildings This book is of great value to conservation researchers and museum workers **Trust No One** Jayne Ann Krentz,2015-01-06 A New York Times bestselling masterpiece of romantic suspense from the author of Promise Not to Tell When Grace Elland finds her boss motivational speaker Sprague Witherspoon murdered a vodka bottle on his nightstand is a terrifying reminder of the horrors of her past one that can be no coincidence To regroup Grace retreats to her childhood home Cloud Lake where she meets venture capitalist Julius Arkwright a man who lives to make money by any means necessary But the intense former Marine has skills that Grace can use to figure out her future And he's the perfect man to help Grace when it becomes clear she is being stalked As

Witherspoon's financial empire continues to crumble around them taking a deadly toll Julius will walk Grace step by step into her past to uncover a devious plan to destroy not only Grace but everyone around her as well Stories and Poems Rudyard Kipling, 2015-10-08 Hear and attend and listen Rudyard Kipling is a supreme master of the short story in English and a poet of brilliant gifts His energy and inventiveness poured themselves into every kind of tale from the bleakest of fables to the richest of comedies and he illuminated every aspect of human behaviour of which he was a fascinated and sometimes appalled observer This generous selection of stories and poems first published in the acclaimed Oxford Authors series covers the full range of Kipling's career from the youthful volumes that brought him fame as the chronicler of British India to the bittersweet fruits of age and bereavement in the aftermath of the First World War It includes stories such as The Man who would be King Mrs Bathurst and Mary Postgate and poems from Barrack Room Ballads and other collections In his introduction and notes Daniel Karlin addresses the controversial political engagement of Kipling's art and the sources of its imaginative power **Museum Environment** Garry Thomson Cbe, 2018-10-08 The Museum Environment is in two parts Part I intended for conservators and museum curators and describes the principles and techniques of controlling the environment so that the potentially damaging effects of light humidity and air pollution on museum exhibits may be minimised Part II the author brings together and summarises information and data hitherto widely scattered in the literature of diverse fields which is essential to workers in conservation research Since the timely publication of the first two editions of this book in hardback interest in preventive conservation has continued to grow strongly making publication of this paperback edition all the more welcome Those whose responsibility it is to care for the valuable and beautiful objects in the world's collections have become increasingly aware that it is better to prevent their deterioration by ensuring that they are housed and displayed in the best possible environmental conditions than to wait until restoration and repair are necessary The changes for the second edition have been mainly concentrated in the sections on electronic hygrometry new fluorescent lamps buffered cases air conditioning systems data logging and control within historic buildings A new appendix giving a summary of museum specifications for conservation provides a useful quick reference Born Yesterday Stephanie Insley Hershinow, 2020-08-04 The early novel was not the coming of age story we know today eighteenth century adolescent protagonists remained in a constant state of arrested development never truly maturing Between the emergence of the realist novel in the early eighteenth century and the novel's subsequent alignment with self improvement a century later lies a significant moment when novelistic characters were unlikely to mature in any meaningful way That adolescent protagonists poised on the cusp of adulthood resisted a headlong tumble into maturity through the workings of plot reveals a curious literary and philosophical counter tradition in the history of the novel Stephanie Insley Hershinow's Born Yesterday shows how the archetype of the early realist novice reveals literary character tout court Through new readings of canonical novels by Samuel Richardson Henry Fielding Horace Walpole Ann Radcliffe Frances Burney and Jane Austen Hershinow severs the

too easy tie between novelistic form and character formation a conflation she argues of *Bild* with *Bildung* A pop culture infused epilogue illustrates the influence of the eighteenth century novice as embodied by Austen's Emma in the 1995 film *Clueless* as well as in dystopian YA works like *The Hunger Games* Drawing on bold close readings *Born Yesterday* alters the landscape of literary historical eighteenth century studies and challenges some of novel theory's most well worn assumptions
