Bushway, Charla S. Long, 2023-07-03 As interest in competency based education CBE continues to grow by leaps and bounds
 the need for a practical resource to guide development of high quality CBE programs led the authors to write this book Until
 now there has been no how to manual that captures in one place a big picture view of CBE along with the down to earth
 means for building a CBE program A variety of pressures are driving the growth in CBE including the need for alternatives to
 the current model of higher education with its dismal completion rates the potential to better manage the iron triangle of
 costs access and quality the need for graduates to be better prepared for the workforce and the demands of adult learners
 for programs with the flexible time and personalized learning that CBE offers Designed to help institutional leaders become
 more competent in designing building and scaling high quality competency based education CBE programs this book
 provides context guidelines and process The process is based on ten design elements that emerged from research funded by
 the Gates Foundation and sponsored by AAC Providing models checklists and considerations to determine the what
 component for each design element Sharing outlines and templates for the design elements to enable institutions to build
 quality relevant and rigorous CBE programs the how **The Professional Skills Handbook For Engineers And**
