in Britain Ian Bradley,2006-11-24 Why is there such intense interest today in the idea of Britishness Does it really matter and what is Britishness anyway Why does the notion of being British seem to have most resonance amongst recent immigrant especially Asian and Afro Caribbean communities And why is that traditional British values now seem to be most widely practised and cherished by newcomers not by the dominant majority This book answers these vital questions by making a unique contribution to the current debate about British identity It investigates why Liverpool is the most British of UK cities with a regional accent representing a medley of Welsh Scots Irish and English how a small village off the M6 motorway is arguably Britain s spiritual heart and what theme parks airport shops and eating habits have to tell us about the contemporary national character It is often claimed that Great Britain is one of the most secular nations on earth But controversially Ian Bradley argues that Britishness is best envisaged as a series of overlapping identities which are at root religious He views the 400 year old Union Jack with its overlaid crosses of three of the nation s four patron saints as symbolising the United Kingdom s unparalleled combination of unity in diversity the diversity of a society which now embodies Muslim Jewish Hindu Buddhist and many other including secular traditions He goes on to argue that Britishness has special value as a broad church measure of spiritual and cultural inclusiveness and as a positive alternative to fundamentalism narrow nationalism and jingoism The author explores in separate chapters the distinctive contributions to Britishness made over the centuries by the Celtic traditions of the Welsh and Irish the Anglo Saxon strain of tolerance and freedom associated with the English the moral seriousness of the Scots and the characteristics of exuberance modesty and privacy introduced by new black and Asian Britons Published to coincide with the three hundredth anniversary of the 1707 Act of Union his book offers a number of radical proposals These include re designing the Union flag to incorporate a black cross on a gold background to better reflect the hybridity of contemporary Britain and replacing George Andrew and Patrick with a new trinity of patron saints Columba Bridget and Edward the Confessor Ian Bradley contends that a rejuvenated BBC monarchy and Commonwealth all have a part to play in forging a new sense of British identity which combines myth imagination and tradition with a broad open minded inclusivity and respect for difference Believing in Britain makes a consistently thoughtful and challenging contribution to one of the most important discussions of our time The Great British Reboot Alex Brummer,2020-11-10 An optimistic exploration of how through radical economic reform the United Kingdom can prosper and flourish in the new global economy Taking a refreshingly realistic approach Alex Brummer outlines how our current moment can be reshaped into an unprecedented opportunity for economic prosperity With a new long term approach Britain can capitalize on the ever changing global market its brilliant research universities and new technological developments Drawing on firsthand interviews with the leading minds in business and his own expertise as a seasoned economic journalist Brummer creates an inspiring investigation into how careful planning and innovative reform can lead to a flourishing economy after Brexit **The Culture of Male Beauty in Britain** Paul R. Griffin, 2003-12-08 This text was the first monograph to document and analyse the plays written by Black and Asian women in
Britain The volume explores how Black and Asian women playwrights theatricalize their experiences of migration
displacement identity racism and sexism in Britain Plays by writers such as Tanika Gupta Winsome Pinnock Maya Chowdhry
and Amrit Wilson among others many of whom have had their work produced at key British theatre sites are discussed in
some detail Other playwrights work is also briefly explored to suggest the range and scope of contemporary plays The
volume analyses concerns such as geographies of un belonging reverse migration in the form of tourism sexploitation
arranged marriages the racialization of sexuality and asylum seeking as they emerge in the plays and argues that Black and
Asian women playwrights have become constitutive subjects of British theatre
