Masters of War Clara Nieto, 2011-01-04 In *Masters of War* Clara Nieto adeptly presents the parallel histories of the countries of Latin America histories that are intertwined each reflecting the United States coherent policy of intervention set into motion by the Monroe Doctrine As the value of this continued policy comes increasingly into question Nieto argues for the need to evaluate the alarming precedent set in Latin America the institution of client dictatorships the roles played by the interests of U S corporations the enormous tolls taken on civilian populations and the irreversible disruption of regional stability Drawing from an impressive array of documents and sources as well as from her unique first hand insights as a participant in crucial meetings and negotiations in the region from the mid 1960s through the mid 1980s Nieto chronicles the Cuban Revolution the CIA sponsored coup against popularly elected President Allende in Chile the U S invasions of Panama and Grenada U S support for the cultivation and training of paramilitary death squads in Nicaragua El Salvador and Colombia as well as similarly severe but less well known situations in other countries such as Uruguay Venezuela Argentina Peru Bolivia Honduras and Guatemala *Masters of War* offers from an informed perspective perhaps for the first time a distanced objective analysis of recent Latin American history Clara Nieto s depth of knowledge and understanding is an invaluable resource at a time when the media is seen as unapologetically aligned with the interests of major corporations and policymakers and the American public has reached a new height of apprehension regarding the intentions behind and consequences of its government s policies

Populism and Ethnicity Raanan Rein, 2020-06-03 Juan Per n s decade long regime from 1946 to 1955 is often presented as Nazi fascist and antisemitic claims that are strongly rooted in Argentina s collective unconscious and popular culture Challenging this widely held view Raanan Rein asserts that there was greater Jewish support for Per n than previously believed and that fewer antisemitic incidents took place in Argentina during Per n s rule than during any other period in the twentieth century Recovering the silenced voices of Jewish Argentines who supported Peronism from the beginning *Populism and Ethnicity* is a historical sociological and political analysis that describes the many positive changes experienced by the Jewish community as a direct result of Per n s presidencies Per n and his wife Eva gave numerous speeches denouncing antisemitism and Per n s Argentina was the first Latin American country to open an embassy in the newly established State of Israel Arguing that no president before Per n so unambiguously rejected discrimination against Jews Rein shows that many Jews secured more important posts in government in the 1940s and 1950s than in previous years among them members of the Argentine Jewish Organization which became a section of the ruling Peronist party Deconstructing the myth of antisemitism during Per n s regime *Populism and Ethnicity* looks deep into the heart of international memory for the truth behind Jewish Argentine relations

Conspiracy Theories and Latin American History Luis Roniger, Leonardo Senkman, 2021-09-09

This book is a systematic inquiry of conspiracy theories across Latin America Conspiracy theories project not only an interpretive logic of reality that leads people to believe in sinister machinations but also imply a theory of power that requires mobilizing and taking action Through history many have fallen for the allure of conspiratorial narratives even the most unsubstantiated and bizarre This book traces the main conspiracy theories developing in Latin America since late colonial times and into the present and identifies the geopolitical socioeconomic and cultural scenarios of their diffusion and mobilization Students and scholars of Latin American history and politics as well as comparatists will find in this book penetrating analyses of major conspiratorial designs in this multi state region of the Americas

Black Terror White Soldiers David Livingstone, 2013-06-16

Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient

mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history

Argentina's "Dirty War" Donald C. Hodges, 2014-01-30 Argentines ask how their ultracivilized country reputedly the most European in Latin America could have relapsed into near barbarism in the 1970s This enlightening study seeks to answer that question by reviewing the underlying political events and intellectual foundations of the dirty war 1975 1978 and overlapping Military Process 1976 1982 It examines the ideologies and actions of the main protagonists the armed forces guerrillas and organized labor over time and traces them to their roots In the most comprehensive treatment of the subject to date Hodges examines primary materials never seen by other researchers including clandestinely published guerrilla documents and interviews important actors in Argentina s political drama His wide ranging scholarship traces the origins of the national security and national salvation doctrines to the Spanish Inquisition sixteenth century witch hunts and nineteenth century reactions to the modernizing ideologies of liberalism democracy socialism and communism Hodges posits that the dirty war Military Process and revolutionary war to which they responded represented the culmination of social tensions that arose in 1930 with the launching of the Military Era by Argentina s first successful twentieth century coup He offers the disquieting hypothesis that as long as the Argentine Question remains unsettled the military may intervene again the resistance movement will remain strong and violence may continue even under a democratic government **The Economic**
