customers 234 questionnaires were collected 45 from multinational managers and 189 from customers This represents a total response rate of 62 percent which is adequate for this study The empirical results supported with comprehensive secondary data confirmed virtually all of the research hypotheses The study found that joint ventures are the dominant form of multinational business in Saudi Arabia both in manufacturing and service industries The core roles of MNCs in the Saudi foreign ventures are evident in the cross border value adding activities of marketing trading manufacturing consulting contracting project management insurance hotel operation and banking Likewise MNCs provide licensing franchising financing services and various auxiliary roles in the Kingdom Therefore the multinationality of a firm or a group of firms operating across national boundaries is not necessarily synonymous with international production the main subject of contemporary multinational theories The respondents generally perceived the competitiveness of MNCs operating in Saudi Arabia as a function of a number of economic management marketing technological and other variables They also perceived the contributions of MNCs to the Kingdom's socio economic developments as significant and positive The study also found that understanding Islamic values and ethics is important for MNCs In this regard the researcher looked at some objective indicators of business success and related them to selected measures of MNCs local cultural awareness and responsiveness The results indicate that the business success of multinationals operating in Saudi Arabia is positively related to their local cultural awareness and responsiveness Along this line this study covers some vital elements of Islamic culture which will help MNCs understand further the cultural needs values and sensitivities of the Saudi people and Muslims in general

The Far East and Australasia 2003 Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume OPEC in a Shale Oil World Mohamed Ramady,Wael Mahdi,2015-10-15 RAMADy Mahdi Opec in a SHALE oil world where to NEXT With PREFACE by Dr Sadad Al Hussein former Board Member and Executive Vice President Saudi Aramco OPEC has played an important role since its founding and continues to do so but it has to recognize that this role has now changed and the organization has to adapt to new challenges This book provides some possible solutions Abdulsamad Al Awadhi former Kuwait National Representative at OPEC Authoritative well informed and excellent account of the role of OPEC in managing the oil market present past and future Hassan Qabazard former Director of Research Division OPEC The call for action by Mohamed Ramady and Wael Mahdy in this book makes it clear that time and not oil is the precious commodity that is running out fast on OPEC's side Sadad Al Hussein former Board Member and EVP Saudi Aramco OPEC is dead Long live OPEC The organization is now going through a mid life crisis in its 54 years of existence trying to figure out where it goes next in a

world where OPEC has been relegated from being the energy swing producer and Saudi Arabia as the Sultan of the Swing to one where it now faces competition from both non OPEC traditional well as non conventional shale producers The Authors examine how OPEC has had to come to terms with the reality that the earlier decades call on OPEC has now been replaced by a call on non OPEC and that a new swing has been identified the producers of shale oil Drawing upon the Authors combined academic and practical first hand insights on OPEC the book discusses how a new OPEC paradigm has emerged following the oil price rout of 2014 whereby the organization s principal concern is now protecting market share without being in charge unlike earlier fleeting periods of the late 1970 s which brought with it a lasting myth of the OPEC cartel Mohamed Ramady is Visiting Associate Professor King Fahd University of Petroleum and Minerals Saudi Arabia Wael Mahdi is Bloomberg OPEC Energy Correspondent Benn's Media ,2002 *South America, Central America and the Caribbean* 2003 Europa Publications,2002 Introductory surveys cover topics of regional importance individual country chapters include analysis statistics and directory information plus information on regional organizations **Russia in the Middle East** Andrej Kreutz,2006-11-30 Kreutz examines the goals and strategies of Russia and the former Soviet Union toward most of the Arab states in the Middle East The author argues that Russia has been an important actor in the region for over a century and has tried to regain its influence in several countries following its strategic retreat after the collapse of the Soviet Union in the early 1990s However according to Kreutz Moscow does not seek confrontation with the United States or with the West in general in the region Rather the Russians are interested in peace and stability in the region which is close to its borders Because of that although Moscow wants to cultivate its links with Israel it also seeks to reach a peaceful and balanced solution to the Palestinian Israel and the Arab Israeli conflicts taking Palestinian and Arab interests into account Washington can better engage Moscow as a stabilizing force in the Middle East and as a collaborator in the struggle against Islamic terrorists At the same time the United States must be cognizant of where Washington and Moscow diverge Although Russia may be too weak now to compete with the United States on a global scale it is not happy to see American or EU encroachment close to its own neighborhood If we take their weakness for granted and become blind to the possibilities for Russian alliances in the region we do so to our disadvantage This book demonstrates Russia s enduring interest and influence in the Arab Middle East
