- ❖ Another way of judging the strength of arguments is to see whether the authors have made any of a number of well-known logical errors. Such common flaws in argument are;
- ❖ The use of emotionally toned words
- ❖ Making sweeping statements
- ❖ Proof by only selecting material that backs up the authors point of view
- ❖ The recommendation of a stance because it is a mean between two extreme perspectives

Liturgy and Literature in the Making of Protestant England

Timothy Rosendale, 2007-09-20 The Book of Common Prayer is one of the most important and influential books in English history but it has received relatively little attention from literary scholars This study seeks to remedy this by attending to the prayerbook's importance in England's political intellectual religious and literary history The first half of the book presents extensive analyses of the Book of Common Prayer's involvement in early modern discourses of nationalism and individualism and argues that the liturgy sought to engage and textually reconcile these potentially competing cultural impulses In its second half *Liturgy and Literature* traces these tensions in subsequent works by four major authors Sidney Shakespeare Milton and Hobbes and contends that they operate within the dialectical parameters laid out in the prayerbook decades earlier Rosendale's analyses are supplemented by a brief history of the Book of Common Prayer and by an appendix which
