Collage in Twentieth-Century Art, Literature, and Culture Rona Cran,2016-05-23 Emphasizing the diversity of twentieth century collage practices Rona Cran s book explores the role that it played in the work of Joseph Cornell William Burroughs Frank O Hara and Bob Dylan For all four collage was an important creative catalyst employed cathartically aggressively and experimentally Collage s catalytic effect Cran argues enabled each to overcome a potentially destabilizing crisis in representation Cornell convinced that he was an artist and yet hampered by his inability to draw or paint used collage to gain access to the art world and to show what he was capable of given the right medium Burroughs formal problems with linear composition were turned to his advantage by collage which enabled him to move beyond narrative and chronological requirement O Hara used collage to navigate an effective path between plastic art and literature and to choose the facets of each which best suited his compositional style Bob Dylan s self conscious application of collage techniques elevated his brand of rock and roll to a level of heightened aestheticism

Throughout her book Cran shows that to delineate collage stringently as one thing or another is to severely limit our understanding of the work of the artists and writers who came to use it in non traditional ways *Live* 2023 11 No.271 LiveABC,2023-11-01 4 Live 9 10 The Cop and the Anthem 14 The Wonderful World of Pancakes 18 1 19 A Day at the Zoo 22 Austin Butler s Unexpected Hollywood Journey 26 Seoul Searching Discover the Capital of South Korea 30 Man Breaks World Record by Living Underwater for 100 Days 32 Creating Collages From Scissors to Screens 36 A Brief Introduction to Poisonous Birds 40 Going on a Hike 43 2 44 Money Management What They Don t Teach You in School 47 Translation Practice 50 Pieces of the Past The Museum of Old Taiwan Tiles 52 Making the Grade 56 UV Light the Invisible Germ Killer 59 60 62 63 64 71 77 *Feminisms in Social Work Research* Stéphanie Wahab,Ben Anderson-Nathe,Christina Gringeri,2014-07-25 Social work as a profession and academic discipline has long centered women and issues of concern to women such as reproductive rights labor rights equal rights violence and poverty In fact the social work profession was started by and maintained in large part by women and has been home to several generations of feminists starting with recognized first wave feminists This wide ranging volume both maps the contemporary landscape of feminist social work research and offers a deep engagement with critical and third wave feminisms in social work research Showcasing the breadth and depth of exemplary social work feminist research the editors argue that social work s unique focus on praxis daily proximities to privilege and oppression concern with social change and engagement with participatory forms of inquiry place social workers in a unique position to both learn from and contribute to broader social science and humanities discourse associated with feminist research The authors attend here to their specific claims of feminisms articulate deep engagement with theory address the problematic use of binaries and engage with issues associated with methods that are consistently of interest to feminist researchers such as power and authority ethics reflexivity praxis and difference Comprehensive and containing an international selection of contributions *Feminisms in Social Work Research* is an important reference for all social work researchers with an interest in critical perspectives *Helping At-Risk Students* Jill Waterman,Elizabeth Walker,2013-12-09 Engaging activity based and effective this widely used group counseling curriculum the SPARK program is designed for flexible implementation in school or clinical settings The program helps youth build skills for school success and social emotional growth while exploring such crucial topics as personal goals ethnic identity and prejudice peer pressure violence prevention and family relationships Featured are 36 reproducible handouts and forms plus Spanish language versions of the 32 handouts in a large size format with lay flat binding for ease of use New to This Edition Revised and expanded to incorporate new findings and field tested strategies New module on male female relationships New sessions on emotion regulation communication and relational aggression Strategies for whole class implementation have been added Nearly half of the 68 reproducibles are new or revised **An Introduction to Multicultural Education** Chinaka S.
