*Making Management Decisions* Steve Cooke, Nigel Slack, 1991 Textbook written for undergraduate courses in business studies and related subjects      Management Decisions by Objectives G. S. Odiorne, 1975 Decision making by objectives Decision making on the run The tools of decision making      The Project Manager's Guide to Making Successful Decisions Robert A. Powell, 2008-12 Make Better Decisions While Managing Projects Decision making is critical in project management Lack of decision making knowledge avoidable mistakes and improper definitions can negatively impact your company's ability to generate profit The Project Manager's Guide to Making Successful Decisions is a practical handbook that focuses on the significance of project decision making skills that will allow you to reach workable and effective results This valuable resource highlights numerous decisions necessary to support the project management life cycle presents various techniques that facilitate the decision making process provides an overview of decision analysis as it relates to project management and much more Understand different types of decision making processes and cycles Recognize how to frame the decision and gather better information Define alternatives and assessments to make the right decision Analyze short case studies demonstrating project decision making success      *Management Decisions by Objectives* George S. Odiorne, 1982      *Cost Accounting for Management Decisions* Patel Bhavesh M, 1997      *The 75 Greatest Management Decisions Ever Made* Stuart Crainer, 1999-10-22 The 75 Greatest Management Decisions Ever Made is a pithy compendium that celebrates pinnacles of decision making that have shaped management through the ages and left their indelible impressions on business and society

**Study Design for Resource Management Decisions** United States. Bureau of Land Management, 1979      *Managerial Decisions Under Uncertainty* Bruce F. Baird, 1991-01-16 How to improve decision making skills in realistic situations and do it in a reasonably nonmathematical fashion Develops practical techniques for deciding upon the best strategies in a variety of situations Provides methods for reducing complex problems to easily drawn decision diagrams trees supported by real world examples Includes detailed cases that employ the methods described in the text Each chapter contains illustrative examples and exercises      Criteria and Procedures for Making Route and Service Decisions by Amtrak United States. Congress. Senate. Committee on Commerce. Subcommittee on Surface Transportation, 1976      **Decision Management** J. Frank Yates, 2003-02-03 Why do the people in some companies continually dazzle us with their brilliant decisions while those in others make one blunder after another Do they understand their businesses better Are they just plain smarter Or is it all a matter of luck The answer says J Frank Yates is none of the above The real key rarely recognized is how the leaders manage the company's decision processes the leaders decision management practices Drawing on his thirty years of research and experience as well as scholarship from psychology economics statistics strategy medicine and other fields to explain the fundamental nature of business decision problems Yates highlights the ten cardinal decision issues crucial to managing the decision making process and ultimately better company decisions He covers problems ranging from recognizing whether a

decision is actually called for to assuring that a preferred course of action will be implemented He shows how solid decisions result when managers ensure that deciders resolve every cardinal issue effectively for every decision problem facing the company He also reveals how conversely chronically poor decisions are traceable to managers allowing or even creating conditions that encourage deciders to fall short in how they address at least one of those critical issues

**Structured Decision Making** Robin Gregory, Lee Failing, Michael Harstone, Graham Long, Tim McDaniels, Dan Ohlson, 2012-02-17 This book outlines the creative process of making environmental management decisions using the approach called Structured Decision Making It is a short introductory guide to this popular form of decision making and is aimed at environmental managers and scientists This is a distinctly pragmatic label given to ways for helping individuals and groups think through tough multidimensional choices characterized by uncertain science diverse stakeholders and difficult tradeoffs This is the everyday reality of environmental management yet many important decisions currently are made on an ad hoc basis that lacks a solid value based foundation ignores key information and results in selection of an inferior alternative Making progress in a way that is rigorous inclusive defensible and transparent requires combining analytical methods drawn from the decision sciences and applied ecology with deliberative insights from cognitive psychology facilitation and negotiation The authors review key methods and discuss case study examples based in their experiences in communities boardrooms and stakeholder meetings The goal of this book is to lay out a compelling guide that will change how you think about making environmental decisions Visit [www.wiley.com/go/gregory](http://www.wiley.com/go/gregory) to access the figures and tables from the book
