Making Of A Patriot:

The Making of a Patriot Sheila L. Skemp, 2013-06-15 On January 29 1774 Benjamin Franklin was called to appear before the Privy Council a select group of the king's advisors in an octagonal shaped room in Whitehall Palace known as the Cockpit Spurred by jeers and applause from the audience in the Cockpit Solicitor General Alexander Wedderburn unleashed a withering tirade against Franklin Though Franklin entered the room as a dutiful servant of the British crown he left as a budding American revolutionary In *The Making of a Patriot* renowned Franklin historian Sheila L Skemp presents an insightful lively narrative that goes beyond the traditional Franklin biography and behind the common myths to demonstrate how Franklin's ultimate decision to support the colonists was by no means a foregone conclusion In fact up until the Cockpit ordeal he was steadfastly committed to achieving an accommodation of our differences *The Making of a Patriot* sheds light on the conspiratorial framework within which actors on both sides of the Atlantic moved toward revolution It highlights how this event ultimately pitted Franklin against his son suggesting that the Revolution was in no small part also a civil war

Making Patriots Walter Berns, 2002-09-15 Although Samuel Johnson once remarked that patriotism is the last refuge of scoundrels over the course of the history of the United States we have seen our share of heroes patriots who have willingly put their lives at risk for this country and especially its principles And this is even more remarkable given that the United States is a country founded on the principles of equality and democracy that encourage individuality and autonomy far more readily than public spiritedness and self sacrifice Walter Berns's *Making Patriots* is a pithy and provocative essay on precisely this paradox How is patriotism inculcated in a system that some argue is founded on self interest Expertly and intelligibly guiding the reader through the history and philosophy of patriotism in a republic from the ancient Greeks through contemporary life Berns considers the unique nature of patriotism in the United States and its precarious state And he argues that while both public education and the influence of religion once helped to foster a public minded citizenry the very idea of patriotism is currently under attack Berns finds the best answers to his questions in the thought and words of Abraham Lincoln who understood perhaps better than anyone what the principles of democracy meant and what price adhering to them may exact The graves at Arlington and Gettysburg and Omaha Beach in Normandy bear witness to the fact that self interested individuals can become patriots and *Making Patriots* is a compelling exploration of how this was done and how it might be again *Routledge Revivals: Patriotism: The Making and Unmaking of British National Identity (1989)*

Raphael Samuel, 2016-10-04 First published in 1989 this is the first of three volumes exploring the changing notions of patriotism in British life from the thirteenth century to the late twentieth century and constitutes an attempt to come to terms with the power of the national idea through a historically informed critique This volume deals with the role of politics history religion imperialism and race in the formation of English nationalism In chapters dealing with a wide range of topics the contributors demystify the prevailing conceptions of nationalism suggesting the nation has always been a contested idea

Hayward,2018-12-18 This book is a lively intellectual history of a small circle of thinkers especially but not solely Harry Jaffa and Walter Berns who challenged the mainstream liberal consensus of political science and history about how the American Founding should be understood Along the way they changed the course of the conservative movement and had a significant impact on shaping contemporary political debates from constitutional interpretation civil rights to the corruption of government today Most importantly these thinkers explain the deep reasons for patriotism why we should love America not simply because it is our country but because it is a free and just country Unconditional Unionist Berry Craig,Dieter C. Ullrich,2016-10-10 When U S Congressman Lucian Anderson from Kentucky voted for the 13th Amendment to the Constitution in January 1865 abolishing slavery he gambled more than his political career Anderson was from Mayfield one of the most rabidly secessionist towns in the Bluegrass State During the Civil War his political alignment changed from pro slavery Union Democrat to Unconditional Unionist to Republican Elected by Unionists in 1863 he soon received death threats and was kidnapped by Confederate raiders who held him for ransom while he tried to convert them to the Union cause He was a Kentucky delegate to the 1864 national convention that re nominated President Abraham Lincoln Knowing he could not win another term Anderson did not seek reelection in 1865 Based on newspaper articles letters and other contemporary sources this book provides a detailed portrait of an overlooked but significant figure of the Civil War and Kentucky history

Diamant,2010-01-16 This groundbreaking book examines the treatment of veterans of the People s Liberation Army and military families as an illuminating window into Chinese patriotism citizenship and legitimacy Using a wealth of recently declassified archival documents and employing a wide comparative perspective Neil J Diamant presents the first large scale study of these groups in comparison to similar populations in other parts of Asia and in the West He offers an unprecedented look at the everyday interactions among veterans military families state officials and ordinary citizens as they attempted to secure urban residence jobs spouses medical care and respect Often celebrated by the government for their glorious and patriotic service veterans and military families were the beneficiaries of many policies such as affirmative action in hiring and access to political power But the author asks if veteran and military families were heroic why did many of them compare their situation to donkeys

slaughtered after grinding the wheat and tossed away dirty socks And what explains the thousands of suicides among veterans rampant discrimination and ongoing protests against the government By comparing veterans in China to their counterparts in the United States the Soviet Union Israel and elsewhere this book provides important answers to the larger question of what circumstances lead to better or worse treatment of veterans and what this treatment tells us about patriotism legitimacy and respect for military service **The Lookout for Christ and the Church** ,1903 **Life of Johnson** James Boswell,1891 Boswell's Life of Johnson James Boswell,1891 **Religious Remembrancer** ,1918
