Indira Files: A Critical Look At The Controversial Side of Indira Gandhi Vishnu Sharma,2023-12-21 Analyze the controversial side of Indira Gandhi s political legacy with Indira Files offering a critical examination of her leadership and policies I have always felt that Indira Gandhi is the exceptional and foremost example of the dynastic politics of independent India She is a perfect example of dynastic rule on one hand she is called the Iron Lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country Where on one hand Indira Gandhi carved her name in golden letters in Indian history by dividing Pakistan into two on the contrary she has also endured the slogans like Sanjay ki mummy badi nikammi for blindly loving her son like Gandhari loved Duryodhana Nonetheless we cannot forget that it was Indira Gandhi who gave wings to India s strength and courage by conducting the Nuclear Test however she was also the Prime Minister for whom the High Court issued orders to be removed from her office In fact Indira Gandhi is merely a symbol of dynasty politics The point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position In today s scenario there are numerous political parties that operate under a single family s control Although I hold great admiration for Indira Gandhi however her darker side is perhaps more prominent Hence I believe that young aspirants who are interested in politics can learn valuable lessons from this book on what not to do

Ethnic Subnationalist Insurgencies in South Asia Jugdep S. Chima, 2015-03-24. This book provides a micro-historical analysis of the emergence and contemporary dynamics of recent ethnic sub-nationalist insurgencies in South Asia. Using comparative case studies, it discusses the causes of each insurgency, analyses the trajectory and dynamics of each, including attempts at resolution and highlights the wider theories of ethno-nationalist insurgency and mobilization. Bringing together an international group of contributors, the book covers insurgencies in India, Sri Lanka, Pakistan, Nepal and Bangladesh. It questions why ethnic sub-nationalist insurgencies occurred at particular points in time and not at others and explores the comparative trajectories of these movements. The book goes on to discern reappearing patterns of conflict escalation/de-escalation through the method of comparative process tracing. It argues that while identity is a necessary factor for insurgency, it is not a sufficient one. Instead, ethnic mobilization and insurgency only emerge when it is activated by tension emerging from political competition between ethnic and central state elites. These elite-led dynamics, when combined with favourable socio-economic and political conditions, make the ethnic masses primed to accept the often symbolically rich appeals from their leaders to mobilize against the central state. Providing an important study on ethno-nationalist
