Making Russia and Turkey Great Again? Norman A. Graham, Folke Lindahl, Timur Kocaoglu, 2021-03-19 This study analyzes theoretically and empirically the background of the rise to power of Vladimir Putin in Russia and Recep Tayyip Erdogan in Turkey. It situates this analysis in the contexts of the historical assessment of the fragility of liberal democracy and the persistence and growth of authoritarianism, populism and dictatorship in many parts of the world. The authors argue that the question whether Putin and Erdogan can make Russia and Turkey great again is hard to confirm; personal ambition for power and wealth is certainly key to an understanding of both rulers. They each squandered opportunities to build from free and fair democratic electoral legitimacy and economic progress. The prospect for restored national greatness depends on how they can handle the economic and political challenges they now face and will continue to face in the near future in a climate of global pandemic and economic recession. Both rulers so far have succeeded in maintaining and increasing their powers and influence in their respective regions but neither has made real contributions to regional stability and order. Chaos seems to be growing and the EU and the US thus far seem unable to provide coherent responses to mitigate the impact of their adventurism and disruption.

The Politics of HIV/AIDS in Russia Ulla Pape, 2013-10-01 This book studies the role of civil society organisations in the fight against HIV/AIDS in Russia. It looks at how Russia's HIV/AIDS epidemic has developed into a serious social, economic and political problem and how, according to the United Nations Programme on HIV/AIDS (UNAIDS), Russia is currently facing the biggest HIV/AIDS epidemic in all of Europe with an estimated number of 980,000 people living with HIV in 2009. The book investigates civil society organisations' contribution to social change and civil society development in post-Soviet Russia and thus situates a specific type of civil society actors into a broader socio-political context and questions their ability to represent civic interests particularly in the field of social policy making and health. This allows for a better understanding of the dynamics of state-society relations in present-day Russia and gives insight into the ways HIV/AIDS NGOs in Russia have used transnational ties in order to exert influence on domestic policy making in the field of HIV/AIDS.

Cooperation and Conflict between Europe and Russia Magdalena Dembińska, Frederic Mérand, 2021-08-26 When thinking about relations between Europe and Russia International Relations scholars focus on why conflict has replaced cooperation The geostrategic debate excludes the possible coexistence of cooperation and conflict Tracking the evolution of conflict and cooperation patterns in three zones of contact Estonia Kaliningrad and Moldova between 1991 and 2016 this edited volume argues that although the

standard narrative remains compelling local patterns of cooperation and conflict are partly autonomous from the geostrategic level To account for the coexistence of cooperation and conflict the first chapter elaborates a theoretical proposition distinguishing fluid rigid and disputed symbolic boundaries which have different impacts on the ground The subsequent chapters address distinct dimensions of Euro Russian relations paying attention to local reality in Estonia Moldova Ukraine or Kaliningrad different sectors from energy to peoples movement and across institutional contexts such as the EU and NATO They confirm that the standard narrative holds in most cases but also that Euro Russian relations vary in crucial ways according to the interests and representations of actors immersed in specific geopolitical fields Despite a deterioration of geostrategic relations between Europe and Russia since the end of the Soviet Union Cooperation and Conflict between Europe and Russia explores the intriguing coexistence of conflict and cooperation at the local level and across sectors and institutions The chapters in this book were originally published as a special issue of the journal East European Politics
