**Hawthorne's Histories, Hawthorne's World** Michael J. Colacurcio, 2022-05-17 Hawthorne's Histories Hawthorne's World picks up Hawthorne where *The Province of Piety* left him extending the historical and theological reading there developed of the early Puritan and revolutionary tales Hawthorne wrote in birthplace Salem on to the contemporary tales sketches essays and finally four published romances based on his stays in Brook Farm Boston Concord Lenox Salem Liverpool and Rome A collection of essays rather than a single continuously argued monograph Hawthorne's Histories Hawthorne's World collects together the essays Professor Colacurcio has written on Hawthorne since the publication of his ground breaking *Province of Piety* elaborating and refining his analyses of how Hawthorne's most memorable early tales do history but proceeding then to explore the later productions of that author's distinguished career The result in Colacurcio's patient analysis is something like Hawthorne's history of his own times

**Hawthorne's Visual Artists and the Pursuit of a Transatlantic Aesthetics** Kumiko Mukai, 2008 Among Hawthorne's primary themes the visual arts have usually been regarded as an afterthought and have only been examined to elucidate his own personal philosophy Hawthorne's own contemporaries derided him for his mediocre aesthetics and that view has been taken as received wisdom up to the present day This study reexamines Hawthorne's aesthetics and suggests that he was much more familiar with the art and artists of the time than has previously been acknowledged by critics He developed his own eclectic and transatlantic view of art a view which incorporated decorative arts like embroidery while maintaining a modest estimation of his own talents This book examines the full range of visual artists whom Hawthorne portrays It argues that these portrayals illuminate the artist's dilemma of being fettered by New England Puritanism while at the same time being attracted to the richness and depth of both Victorian aesthetics and the artistic sense of Old World Catholicism The ambiguous destinies of his artist characters include misunderstandings and disputes while at the same time they suggest a reconciliation of the conflicting sentiments and transatlantic perspectives of the writer himself

Subjects Sian Silyn Roberts, Siân Silyn Roberts, 2014-06-09 Beginning in the 1790s North American readers developed an appetite for the gothic novel as imported reprinted and pirated editions of British and European romances flooded the market alongside homegrown works In Gothic Subjects Si n Silyn Roberts accounts for the sudden and considerable appeal of the gothic during this period by contending that it prepared a culturally diverse American readership to think of itself as part of a transatlantic world through which goods people and information could circulate By putting gothic literature in dialogue with the writings of Locke Hume Reid Smith Rousseau and other major figures of the European Enlightenment Silyn Roberts shows how the early American novel participated in the process of revising and transforming the figure of the modern individual for a fluid contingent Atlantic population Exploring works of fiction by Charles Brockden Brown Leonora Sansay Sally Sayward Barrell Keating Wood Edgar Allan Poe Robert Montgomery Bird Nathaniel Hawthorne and William Wells Brown among others Silyn Roberts argues that the gothic helped post Revolutionary readers to think of themselves as political subjects By reading the emergence of a national literary style in terms of its appropriation and reinterpretation of British cultural forms Gothic Subjects situates itself at the crux of several important issues in American literary history transatlantic literary relations the connection between literature and political philosophy the paradoxes of sovereign power and the form of the novel In doing so Gothic Subjects powerfully rethinks some of our previous assumptions about the cultural work of the American gothic tradition The Half-vanished Structure Magnus Ullén, 2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ull n argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne s writings The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne s mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne s writings this book is an eloquent plea for the necessity of grounding ideological analysis in aesthetical considerations **Doctrine and Difference** Michael J. Colacurcio, 2021-07-29 Doctrine and Difference Readings in Classic American Literature aims to expand and deepen the inquiry begun in the volume from 2007 Beginning with an essay on the avowedly Puritan poetry of Anne Bradstreet and ending with two not quite secular novels from late in the 19th century this volume seeks to uncover the religious and philosophical meanings deeply embedded in so much of 19th century American literature and then importantly to identify and analyze the techniques by which the doctrines are differentiated into imaginative literature Poe Emerson Thoreau Hawthorne Melville and yes even Howells and James are driven by powerful thematic intentions But they do not preach they dramatize And as they talk their way through their existential issues they often talk to one another yes no maybe ok but not so fast Stressing the idea of a shared poet Puritan inheritance the new Doctrine and Difference means to re confirm the vitality of literary history and in particular the importance of reading the

classic texts of American literature in context and in relation Men Beyond Desire David Greven, 2025-01-10 This book explores the construction of male sexuality in nineteenth century American literature and overturns longstanding views Far from desiring heterosexual sex and wishing to bond with other men through fraternity the male protagonists of classic American literature mainly want to be left alone Greven makes the claim that American men eschewing both marriage and male friendship strive to remain emotionally and sexually inviolate Examining the work of traditional authors Hawthorne Poe Melville Cooper Irving Stowe Greven discovers consistently resistant portrayals of male characters who defend their individuality through a lockdown on sexuality Objects of desire from both women and other men the inviolate males discussed in this study disrupt established gendered and sexual categories inspiring fresh analysis of the era and its literary depiction of American manhood This second edition of Men Beyond Desire 2005 expands the analysis of male sexuality to include discussions of developments in the field of masculinity studies It includes a new introduction that introduces the complementary figure of the victim monster and revisits the work of Leslie Fiedler and a new chapter that focuses on Melville's tale Bartleby the Scrivener 1856 Chapter 4 expands the analysis of the intersections among free love health reform and male sexuality in The Blithedale Romance 1852 and chapter 9 expands the discussion of Billy Budd Sailor to address questions of race and the role of the Handsome Sailor

**Glancing Visions** Zachary Tavlin, 2023-06-13 The sweeping vantages that typify American landscape painting from the nineteenth century by Thomas Cole and other members of the Hudson School are often interpreted for their geopolitical connotations as visual attempts to tame the wild alleviating fears of a savage frontier through views that subdue the landscape to the eye Zachary Tavlin's Glancing Visions challenges the long standing assumption that visuality in nineteenth century art and literature was inherently imperialistic or possessive While there is much to be said for both material economic and theological impulses to clear the wilderness superimpose a national identity and usher in a Puritanical idyll many literary figures of the era display a purposeful disdain for the possessive gaze signaling instead a preference for subtle glances often informed by early photography Impressionism new techniques in portraiture and soon after the dawn of cinema The visual subjectivities and contingencies introduced by these media made room for a visual counter narrative one informed by a mode of seeing that moves fast and lightly across the surface of things Tavlin probes Nathaniel Hawthorne's idea of the imagination one that derives from both the camera obscura in The Custom House and the daguerreotype in The House of the Seven Gables each in its way an instance of the glance and entirely dependent on temporal moments The poetry of Frances Ellen Watkins Harper toggles between gazes and glances unsettling two competing forms of racialized seeing as they pertain to nineteenth century Black life and racial hierarchies the sentimental gaze and the slave trader's glance highlighting the life and death stakes of both looking anyone squarely in the eye and looking away Emily Dickinson's certain slant of light syntactical oddities and her stitching of scraps and fragments into the fascicles that constitute her corpus all derive from a commitment to contingency the ungrounded life's only defense

against the abyss of non being Tavlin investigates as well Henry James s vexed but entirely dependent relationship to literary and painterly impressionism and William Carlos Williams s imagist poetics as a response to early cinema s use of the cut as the basis for a new visual grammar Each of these literary artists Tavlin argues via their own distinctive sensibilities and the artistic or technological counterparts that informed them refuse the authoritative all possessive gaze in favor of the glance a mode of seeing thinking and being that made way for what we now think of as commonplace namely modernity
