World City Network Peter J. Taylor, Ben Derudder, 2015-08-17 With the advent of multinational corporations the traditional urban service function has gone global In order to provide services to globalizing corporate clients the offices of major financial and business service firms across the world have generated networks of work It is the myriad of flows between office towers in different metropolitan centres that has produced a world city network Taylor and Derudder s unique and illuminating book provides both an update and a substantial revision of the first edition that was published in 2004 It provides a comprehensive and systematic description

and analysis of the world city network as the skeleton upon which contemporary globalization has been built Through an analysis of the intra company flows of 175 leading global service firms across 526 cities in 2012 this book assesses cities in terms of their overall network connectivity the regional configurations they form and their changing position in the period 2000 12 Results are used to reflect on cities and city state relations in the context of the global ecological and economic crisis Written by two of the foremost authorities on the subject this book provides a much needed mapping of the connecting relationships between world cities and will be a valuable resource for students of urban studies geography sociology and planning

**Migrants and Urban Change** Anne Winter, 2015-09-30 Taking the Belgian city of Antwerp as a case study this book argues that the direction of nineteenth century societal change was such as to make some groups of people better suited to reap the benefits of new opportunities

*A Companion to Eighteenth-Century Europe* Peter H. Wilson, 2014-01-28 A COMPANION TO EIGHTEENTH CENTURY EUROPE This is an impressive volume with leading experts providing a wide ranging coverage that should satisfy most requirements for effective and thoughtful introductory surveys All specialists on this period will find much of value in this excellent volume History The Journal of the Historical Association This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth century Europe It considers not just major western European states but also the often neglected countries of eastern and northern Europe Placing Europe within an international context contributors investigate key areas of society economics culture and political development The book concludes with the French and other European revolutions that brought the century to a close both chronologically and as regards the Ancien R gime A Companion to Eighteenth Century Europe examines both established and emerging areas of interest in the field making it an essential guide for students and scholars

Property, Tenancy and Urban Growth in Stockholm and Berlin, 1860-1920 Håkan Forsell, 2006 Exploring the social and political meanings attributed to property specifically home ownership this study looks at how these changed during the course of the modern city building process between 1860 and 1920 Focussing on two northern European capital cities Berlin and Stockholm the study contributes to the understanding of various factors that shaped the dynamic urban growth that characterized this period

**Mussolini's Cities** , *The Social Sustainability of Cities* Mario Polèse, Richard E. Stren, Richard Stren, 2000-01-01 Cities are a locus of human diversity where people with varying degrees of wealth and status share an association within a particular urban boundary Despite the common geography sharp social divisions characterize many cities High levels of urban violence bear witness to the difficult challenge of creating socially cohesive and inclusive cities The devastated inner cities of many large American urban centres exemplify the failure of urban development With an enlightened democratic approach to policy reform however cities can achieve social sustainability Some cities have been more successful than others in creating environments conducive to the cohabitation of a diverse population In this collection of original essays case studies of ten cities Montreal and Toronto in Canada Miami and Baltimore in the United States Geneva and Rotterdam in

Europe S o Paulo and San Salvador in South America and Nairobi and Cape Town in South Africa are presented and analysed in terms of social sustainability The volume as a whole looks at the policies institutions and planning and social processes that can have the effect of integrating diverse groups and cultural practices in a just and equitable fashion The authors conclude that policies conducive to social sustainability should among other things seek to promote fiscal equalization weave communities within the metropolis into a cohesive whole and ideally provide transport systems that ensure equal access to public services and workplaces all within the framework of an open and democratic local governance structure **New**

**State Spaces** Neil Brenner,2004-09-10 In this synthetic interdisciplinary work Neil Brenner develops a new interpretation of the transformation of statehood under contemporary globalizing capitalism Whereas most analysts of the emergent post Westphalian world order have focused on supranational and national institutional realignments New State Spaces shows that strategic subnational spaces such as cities and city regions represent essential arenas in which states are being transformed Brenner traces the transformation of urban governance in western Europe during the last four decades and on this basis argues that inherited geographies of state power are being fundamentally rescaled Through a combination of theory construction historical analysis and cross national case studies of urban policy change New State Spaces provides an innovative analysis of the new formations of state power that are currently emerging This is a mature and sophisticated analysis by a major young scholar *The Urban Fantastic in Nineteenth-Century European Literature* Patricia

García,2022-01-17 *The Urban Fantastic in Nineteenth Century European Literature* explores transnational perspectives of modern city life in Europe by engaging with the fantastic tropes and metaphors used by writers of short fiction Focusing on the literary city and literary representations of urban experience throughout the nineteenth century the works discussed incorporate supernatural occurrences in a European city and the supernatural of these stories stems from and belongs to the city The argument is structured around three primary themes Architectures Encounters and Rhythms make reference to three axes of city life material space human encounters and movement This thematic approach highlights cultural continuities and thus supports the use of the label of urban fantastic within and across the European traditions studied here

*The Evolving Boundaries of Defence* Renaud Bellais,2014-08-14 This volume analyses key features of recent and ongoing transformations of defence issues from four key perspectives These are defence economics the spatial footprint of defence human resources management by the armed forces and the international landscape of defence *The Urban Social History*

*of the Middle East, 1750-1950* Peter Sluglett,2008-12-08 The great cities of the Middle East and North Africa have long attracted the attention and interest of historians With the discovery and wider use over the last few decades of Islamic court records and Ottoman administrative documents our knowledge of Middle Eastern cities between the seventeenth and early twentieth centuries has vastly expanded Drawing upon a treasure trove of documents and using a variety of methodologies the contributors succeed in providing a significant overview of the ways in which Middle Eastern cities can be studied as well

as an excellent introduction to current literature in the field

**Innovation and Creativity in Late Medieval and Early Modern European Cities** Karel Davids, Bert De Munck, 2016-05-23 Late medieval and early modern cities are often depicted as cradles of artistic creativity and hotbeds of new material culture Cities in renaissance Italy and in seventeenth and eighteenth century northwestern Europe are the most obvious cases in point But how did this come about Why did cities rather than rural environments produce new artistic genres new products and new techniques How did pre industrial cities evolve into centres of innovation and creativity As the most urbanized regions of continental Europe in this period Italy and the Low Countries provide a rich source of case studies as the contributors to this volume demonstrate They set out to examine the relationship between institutional arrangements and regulatory mechanisms such as citizenship and guild rules and innovation and creativity in late medieval and early modern cities They analyze whether in what context and why regulation or deregulation influenced innovation and creativity and what the impact was of long term changes in the political and economic sphere

**Urban Ministry** Manuel Ortiz, Harvie M. Conn, 2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to understand the city and God s work in it Through four great waves of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God s urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God s kingdom to the city through the people of God
