**The Making of the African Diaspora in the Americas, 1441-1900** Vincent Bakpetu Thompson, 1987 This work examines the core period of the African diaspora in the Americas The author confronts myths surrounding the ethos of this diaspora which were induced by the mercantilist preoccupations of Western Europe The entire period is portrayed as a battle between two conflicting and opposite strategies that of the slavocracy and that of the enslaved Africans culminating in the conversion of the French colony of St Domingue into the revolutionary state of Haiti The author suggests that Haiti because of its position in the midst of hostile slave societies provided inspiration for the antislavery crusade in both its particularistic and its international aspects The epilogue provides a glimpse into the author's second book on the divergent perceptions in the early evolution of leadership in the African diaspora in the Americas Amazon.com viewed Oct 26 2022

**The African Diaspora** Patrick Manning, 2010-03-05 Patrick Manning follows the multiple routes that brought Africans and people of African descent into contact with one another and with Europe Asia and the Americas In joining these stories he shows how the waters of the Atlantic Ocean the Mediterranean Sea and the Indian Ocean fueled dynamic interactions among black communities and cultures and how these patterns resembled those of a number of connected diasporas concurrently taking shape across the globe Manning begins in 1400 and traces the connections that enabled Africans to mutually identify and hold together as a global community He tracks discourses on race changes in economic circumstance the evolving character of family life and the growth of popular culture He underscores the profound influence that the African diaspora had on world history and demonstrates the inextricable link between black migration and the rise of modernity Inclusive and far reaching The African Diaspora proves that the advent of modernity cannot be fully understood without taking the African peoples and the African continent into account

Morgan, 2014-11-12 A history of corporal punishment in the Brazilian navy and the four day mutiny that took Rio hostage and put an end to the violent practice *Legacy of the Lash* is a compelling social and cultural history of the Brazilian navy in the decades preceding and immediately following the 1888 abolition of slavery in Brazil Focusing on non elite mostly black enlisted men and the oppressive labor regimes under which they struggled the book is an examination of the four day Revolta da Chibata Revolt of the Lash of November 1910 during which nearly half of Rio de Janeiro s enlisted men rebelled against the use of corporal punishment in the navy These men seized four new powerful warships turned their guns on Rio de Janeiro Brazil s capital city and held its population hostage until the government abolished the use of the lash as a means of military discipline Although the revolt succeeded the men involved paid dearly for their actions This event provides a clear lens through which to examine racial identity violence masculinity citizenship modernity and the construction of the Brazilian nation Offering new insights into the spectacular sailors revolt of 1910 Zachary R Morgan treats the deep structure of Brazilian naval discipline one based primarily on flogging Slavery was only abolished in 1888 and the mutineers largely of African descent saw flogging as an intolerable holdover from the slave era Morgan also shows the incompatibility of the old labor regime and modern naval technology Trained on the new battleships in the English shipyards where they were built Brazilian sailors increasingly viewed themselves as citizens in uniform Joseph L Love University of Illinois Urbana Champaign *Legacy of the Lash* is a stellar contribution to the growing global scholarship on mutiny and maritime radicalism Zachary R Morgan brings back to vibrant life the history making powers of Brazil s motley crews in the early twentieth century Marcus Rediker author of *The Slave Ship A Human History*      **If We Must Die** Eric Robert Taylor, 2009-03-01 *If We Must Die*

examines nearly five hundred shipboard rebellions that occurred over the course of the entire slave trade directly challenging the prevailing thesis that such resistance was infrequent or insignificant As Eric Robert Taylor shows though most revolts were crushed quickly others raged on for hours days or weeks and occasionally the Africans captured the vessel and returned themselves to freedom In recounting these rebellions Taylor suggests that certain factors like geographic location the involvement of women and children and the timing of a shipboard revolt determined the difference between success and failure Taylor also explores issues like aid from other ships punishment of slave rebels and treatment of sailors captured by the Africans *If We Must Die* expands the historical view of slave resistance revealing a continuum of rebellions that spanned the Atlantic as well as the centuries These uprisings Taylor argues ultimately helped limit and end the traffic in enslaved Africans and also served as crucial predecessors to the many revolts that occurred subsequently on plantations throughout the Americas

Fong, 2008-05-02 Study of ethnic groups and race relations have always existed in the academy primarily in the areas of sociology and anthropology However grassroots movements for ethnic studies programs and departments came about with very different agendas for the study of these groups It is surprising then that relatively few books devoted to these methods exist to document and promote this innovation among succeeding generations of graduate students as well as current academics and professional practitioners *Ethnic Studies Research* synthesizes and benchmarks ethnic studies methodologies as interdisciplinary modes of inquiry providing state of the art summary chapters on key methods and issues extensive bibliographies and promising new directions for the future

*Re-Membering History in Student and Teacher Learning* Joyce E. King, Ellen E. Swartz, 2014-03-05 What kind of social studies knowledge can stimulate a critical and ethical dialog with the past and present *Re-Membering History in Student and Teacher Learning* answers this question by explaining and illustrating a process of historical recovery that merges Afrocentric theory and principles of culturally informed curricular practice to reconnect multiple knowledge bases and experiences In the case studies presented K 12 practitioners teacher educators preservice teachers and parents use this praxis to produce and then study the use of democratized student texts they step outside of reproducing standard school experiences to engage in conscious inquiry about their shared present as a continuance of a shared past This volume exemplifies not only why instructional materials including most so called multicultural materials obstruct democratized knowledge but also takes the next step to construct and then study how re-membered student texts can be used Case study findings reveal improved student outcomes enhanced relationships between teachers and families and teachers and students and a closer connection for children and adults to their heritage
