 ,1907 Peaceful Neighbor Michael Long,2015-03-13 Fred Rogers was one of the most radical pacifists of contemporary  
 history We do not usually think of him as radical partly because he wore colorful soft sweaters made by his mother Nor do we  
 usually imagine him as a pacifist that adjective seems way too political to describe the host of a children s program known for  
 its focus on feelings We have restricted Fred Rogers to the realm of entertainment children and feelings and we ve ripped  
 him out of his political and religious context Rogers was an ordained Presbyterian minister and although he rarely shared his  
 religious convictions on his program he fervently believed in a God who accepts us as we are and who desires a world  
 marked by peace and wholeness With this progressive spirituality as his inspiration Rogers used his children s program as a  
 platform for sharing countercultural beliefs about caring nonviolently for one another animals and the earth To critics who  
 dared call him namby pamby Rogers said Only people who take the time to see our work can begin to understand the depth  
 of it This is the invitation of Peaceful Neighbor to see and understand Rogers s convictions and their expression through his  
 program Mister Rogers Neighborhood it turns out is far from sappy sentimental and shallow it s a sharp political response to  
 a civil and political society poised to kill **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright
