Making Of Modern Japan:

The Making of Modern Japan John Harington Gubbins, 1922 **The Making of Modern Japan** Marius B. Jansen, 2002-10-15

Magisterial in vision sweeping in scope this monumental work presents a seamless account of Japanese society during the modern era from 1600 to the present A distillation of more than fifty years engagement with Japan and its history it is the crowning work of our leading interpreter of the modern Japanese experience Since 1600 Japan has undergone three periods of wrenching social and institutional change following the imposition of hegemonic order on feudal society by the Tokugawa shogun the opening of Japan's ports by Commodore Perry and defeat in World War II The Making of Modern Japan charts these changes the social engineering begun with the founding of the shogunate in 1600 the emergence of village and castle towns with consumer populations and the diffusion of samurai values in the culture Marius Jansen covers the making of the modern state the adaptation of Western models growing international trade the broadening opportunity in Japanese society with industrialization and the postwar occupation reforms imposed by General MacArthur Throughout the book gives voice to the individuals and views that have shaped the actions and beliefs of the Japanese with writers artists and thinkers as well as political leaders given their due The story this book tells though marked by profound changes is also one of remarkable consistency in which continuities outweigh upheavals in the development of society and successive waves of outside influence have only served to strengthen a sense of what is unique and native to Japanese experience The Making of Modern Japan takes us to the core of this experience as it illuminates one of the contemporary world's most compelling transformations

Hirohito and the Making of Modern Japan Herbert P. Bix, 2001-09-04 Winner of the Pulitzer Prize In this groundbreaking biography of the Japanese emperor Hirohito Herbert P Bix offers the first complete unvarnished look at the enigmatic leader whose sixty three year reign ushered Japan into the modern world Never before has the full life of this controversial figure been revealed with such clarity and vividness Bix shows what it was like to be trained from birth for a lone position at the apex of the nation's political hierarchy and as a revered symbol of divine status Influenced by an unusual combination of the Japanese imperial tradition and a modern scientific worldview the young emperor gradually evolves into his preeminent role aligning himself with the growing ultranationalist movement perpetuating a cult of religious emperor worship resisting attempts to curb his power and all the while burnishing his image as a reluctant passive monarch Here we see Hirohito as he truly was a man of strong will and real authority Supported by a vast array of previously untapped primary documents Hirohito and the Making of Modern Japan is perhaps most illuminating in lifting the veil on the mythology surrounding the emperor's impact on the world stage Focusing closely on Hirohito's interactions with his advisers and successive Japanese governments Bix sheds new light on the causes of the China War in 1937 and the start of the Asia Pacific War in 1941 And while conventional wisdom has had it that the nation's increasing foreign aggression was driven and maintained not by the emperor but by an elite group of Japanese militarists the reality as witnessed here is quite different Bix

documents in detail the strong decisive role Hirohito played in wartime operations from the takeover of Manchuria in 1931 through the attack on Pearl Harbor and ultimately the fateful decision in 1945 to accede to an unconditional surrender. In fact the emperor stubbornly prolonged the war effort and then used the horrifying bombings of Hiroshima and Nagasaki together with the Soviet entrance into the war as his exit strategy from a no win situation. From the moment of capitulation we see how American and Japanese leaders moved to justify the retention of Hirohito as emperor by whitewashing his wartime role and reshaping the historical consciousness of the Japanese people. The key to this strategy was Hirohito's alliance with General MacArthur who helped him maintain his stature and shed his militaristic image while MacArthur used the emperor as a figurehead to assist him in converting Japan into a peaceful nation. Their partnership ensured that the emperor's image would loom large over the postwar years and later decades as Japan began to make its way in the modern age and struggled as it still does to come to terms with its past. Until the very end of a career that embodied the conflicting aims of Japan's development as a nation, Hirohito remained preoccupied with politics and with his place in history.

Hirohito and the Making of Modern Japan provides the definitive account of his rich life and legacy. Meticulously researched and utterly engaging, this book is proof that the history of twentieth century Japan cannot be understood apart from the life of its most remarkable and enduring leader.

Kita Ikki and the Making of Modern Japan Brij Tankha, 2021-11-22

This important new study of Kita Ikki one of Japan's influential pre-war ideologues focuses on the twin poles of nationalism and socialism that inform his three principal works located always in the context of the dominance of Western imperialism at that time. The three works are *The National Policy and Pure Socialism* *Kokutairon oyobi junsei shakai shugi* in which he explores the nature of the modern Japanese state and its characteristics, *The Unofficial History of the Chinese Revolution* *Shina kakumei gaishi* written to correct what he perceived as Japan's misguided policy towards China and *The Fundamental Principles for the Reorganization of Japan* *Nihon kaizo hoan taiko* which was said to have influenced the young army officers of the Imperial Way Faction who attempted the 26 February 1936 coup to bring about direct imperial rule. The coup failed and Kita was executed the following year for his involvement as the so-called intellectual inspiration. The second half of the book contains the first complete English translation by Brij Tankha of *The Fundamental Principles for the Reorganization of Japan* providing the reader with an opportunity to hear the voice of an early twentieth century Japanese intellectual confronting the challenge of the West's domination and its implications for Japan in so doing. Kita helped galvanize support for an agenda involving Japan's own imperial mission and the pathway to a new Japan.

The Making of Modern Japan Myles Carroll,2021-10-18 In *The Making of Modern Japan* Myles Carroll offers a sweeping account of post war Japanese political

economy exploring the transition from the post war boom to the crisis of today and the connections between these seemingly discrete periods Carroll explores the multifarious international and domestic political economic social and cultural conditions that fortified Japan's post war hegemonic order and enabled decades of prosperity and stability Yet since the 1990s a host of political economic social and cultural changes has left this same hegemonic order out of step with the realities of the contemporary world a contradiction that has led to three decades of crisis in Japanese society Can Japan make the bold changes required to reverse its decline

The Making of Modern Japan John Harington Gubbins, 2012-08-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The Making of Modern Japan John Harington Gubbins, 2009-08 Purchase of this book includes free trial access to www.millionbooks.com where you can read more than a million books for free This is an OCR edition with typos Excerpt from book CHAPTER III The Tokugawa Shoguns Consolidation of Duarchy THE rule of Hid6yoshi was followed by that of a new line of Shoguns The circumstances under which it was established are well known At the death of Hideyoshi in 1598 the government of the country was during the minority of his son Hideyori entrusted to five feudal nobles who acted as regents Of these the most prominent was Tokugawa Iyeyasu who had married Hideyoshi's daughter and whose feudal territories consisted of the eight provinces in the east of the main island known as the KwantS Disputes soon arose between the regents and an appeal to arms resulted in the decisive victory of Iy6yasu at Seki ga hara near Lake Biwa This was in October 1600 In 1603 he was appointed Shogun and twelve years later the death in what is known as the Osaka summer campaign of Hideyori the only personage who could challenge his supremacy left him without any dangerous rival Now for the first time in Japanese history the authority of the Shogunate extended throughout the whole of Japan The prestige of the previous ruler had been as great and his reputation in the field higher but he was not like his successor of Minamoto stock nor could he trace his descent from an Emperor there were remote districts in the country where his influence had not penetrated out of the way places where his writ had never run In founding a fresh line of Shoguns the new ruler had other circumstances in his favour The country was tired of civil war and exhausted the fighting power and resources of turbulent chiefs had been weakened by long continued hostilities and much of the work of pacification had been already done Although the Tokugawa Shogunate was in its main outlines the repetition of a

government which had existed
