Congress. House. Committee on Banking and Financial Services. Subcommittee on Capital Markets, Securities, and Government Sponsored Enterprises, 1999      Ethics at Work Barbara Goodwin, 2012-12-06 What would tempt you to whistleblow Do Codes of Conduct make organisations ethical How do people react to taking the blame for others This book answers such questions drawing on the views of employees in eight large organisations One finding is the whitened sepulchre phenomenon an organisation which presents a squeaky clean image to the world but has intrinsic failings which cause moral dilemmas for staff While treatment of customers is regulated by Codes and Charters internal organisation is typically more anarchic The study also exposes the moral conflicts generated by party political machinations in organisations with democratic governance The book offers a unique perspective on ethical attitudes at work and reactions to responsibility and accountability It finds that although religious belief is declining strong moral beliefs still thrive and ethical employees abound It highlights the

importance of empowerment procedures and professionalism in creating the moral organisation This original study will interest practitioners in business the public sector and NGOs especially human resources professionals as well as philosophers and business ethicists
