Earth Tales Henry T. Conserva, 2001-07 This book presents 239 selected stories on the relationship between space geography and time history in human affairs The stories represent an infinitely small sampling of the myriad interrelationships of space and time

The Mongol Conquests in World History Timothy May, 2013-02-15 The Mongol Empire can be seen as marking the beginning of the modern age and of globalization as well While communications between the extremes of Eurasia existed prior to the Mongols they were infrequent and often through intermediaries As this new book by Timothy May shows the rise of the Mongol Empire changed everything through their conquests the Mongols swept away dozens of empires and kingdoms and replaced them with the largest contiguous empire in history While the Mongols were an extremely destructive force in the premodern world the Mongol Empire had stabilizing effects on the social cultural and economic life of the inhabitants of the vast territory allowing merchants and missionaries to transverse Eurasia The Mongol Conquests in World History examines the many ways in which the conquests were a catalyst for change including changes and advancements in warfare food culture and scientific knowledge Even as Mongol power declined the memory of the Empire fired the collective imagination of the region into far reaching endeavors such as the desire for luxury goods and spices that launched Columbus's voyage and the innovations in art that were manifested in the masterpieces of the Renaissance This fascinating book offers comprehensive coverage of the entire empire rather than a more regional approach and provides an extensive survey of the legacy of the Mongol Empire

Embree, Carol Gluck, 2015-05-20 A guide aimed at introducing students to the history of Asia in conjunction with Western and world history The Fall of the Mongol Empire Jennifer Swanson, 2016-07-15 As spectacular as its creation was the fall of the Mongol Empire was just as remarkable Its descent into chaos was signaled by inter family rebellion across the four khanates established by Genghis Khan As weaker Mongol leaders struggled to retain control drought flood famine and the bubonic plague eventually contributed to the collapse of each khanate As this volume amply demonstrates though the Mongols were fierce warriors their legacy also includes a culture of honor and discipline centralized government structure trade promotion and communication routes and religious tolerance all of which helped spread wealth information and technology across two continents *What Life was Like in the Land of the Dragon* Time-Life Books, 1998 Essays on religion ethics children and the three perfections accompany an overview of Chinese history from the collapse of the Tang Dynasty through the foundation of the Ming Dynasty **Tomb - Memory - Space** Francine Giese, Anna Pawlak, Markus

Thome,2018-06-25 From an intercultural perspective this book focuses on aesthetic strategies and forms of representation in premodern Christian and Islamic sepulchral art Seeing the tomb as an interface for eschatological political and artistic debate the contributions analyze the diversity of memorial space configurations The subjects range from the complex interaction between architecture and tomb topography through to questions relating to the funereal expression of power and identity and to practices of ritual realization in the context of individual and collective memory **The Mongols in Iran**

Judith Kolbas,2013-10-11 This book explores the administration of Iran under Mongol rule through taxation and monetary policy A consistent development is evident only from abundant numismatic material from the conquest of Samarqand by Chingiz Khan to the reign of the penultimate ruler Uljaytu In many cases the individuals responsible for initiating and conducting the policies can be identified from the histories or remarks of the mint master The structure of the empire is clearly demarcated by mint production coin styles and type of metal This illuminates many controversial historical points such as the meaning and function of an Il khan and the establishment of the Toluid dynasty under Hulagu The Mongols broke the crust of an inflexible and archaic Islamic monetary tradition that had hampered economic development by encouraging extensive trade and the sciences especially astronomy and higher mathematics through determined and always pragmatic programmes *The Future of the Global Church* Patrick Johnstone,2014-01-17 In *The Future of the Global Church* Patrick Johnstone author of six editions of the phenomenal prayer guide *Operation World* draws on his fifty years experience to present a breathtaking full color graphical and textual overview of the past present and possible future of the church around the world Digest ,1927 **Science and Its Times: 700-1449** Neil Schlager,Josh Lauer,2000 Exploration and Discovery Life Sciences Mathematics Medicine Physical Sciences Technology and Invention *Young Adult Reader's Adviser* Marion Sader,1992-01-30 The best in literature and language arts mathmatics and computer science **The World's History** Howard Spodek,2001 A true exploration of world history this text presents world history through an analysis of eight chronological turning points seen through the prisms of eight different themes origins cities empires religion trade migrations revolutions and technology Focusing throughout on three major questions What do we know How do we know it What difference does it make it helps readers make sense of the immensity of human historical experience the most significant activities accomplishments and failures throughout the world from earliest times to the present Volumes I and II cover the following turning points human origins and human cultures 5 million B C E 10 000 B C E The first cities 10 000 B C E 1000 C E Empire and Imperialism 2300 B C E 1100 C E the rise of world religions 600 B C E 1500 C E world trade 1100 1776 C E migration 1500 1750 social change 1688 1914 and exploding technologies 1914 1900s For individuals interested in a comprehensive yet manageable presentation of world history *Hinduism & Its Military Ethos* Air Marshal RK Nehra, What is real Hinduism The simple answer is that there is no simple answer We know Hinduism as the most ancient complex and fascinating religion of humankind It may also be the least understood due to bewildering variety of its thought processes

which are both original and sublime An attempt has been made in the book to present a short and simplified yet comprehensive view of Hinduism its culture and civilization The vast range of Hindu gods and goddesses is fully explored It is considered that after going through the book aam admi layman would be greatly informed about Hinduism and Hindus will feel empowered about their religion The book will be of special interest to NRIs especially of the second generation in search of their roots For everyone else including the foreigners there is a fascinating story waiting to be discovered The second half of the book relates to study of the Hindu military value system from the earliest times of mythology to the present times Issues of Hindu military mindset and 750 years of unending slavery are covered in detail The causes for the Hindu military defeats are analyzed with an extraordinary degree of candor the conclusions reached shatter many a prevalent myth The causes for Hindu military defeats lay in their mind rather than in their muscle
