Abstract

Digital technological innovations make new types of responses to conflict-related sexual violence (CRSV) possible, bringing with them both potential promises and pitfalls. Aiming to provide a conceptual starting point for further analysis, this article problematizes the trend towards data extraction in exchange for aid, protection and justice, and argues for the importance of complementing technology-driven approaches to the struggle against CRSV with the inclusion of strategies for user participation and investment in digital literacy as key aspects of the response. To explore how the digital turn shapes the struggle against CRSV, the article offers a three-part analytical framework. First, the article unpacks how digital technologies create corresponding “digital bodies” – comprised of images,

Domestic Abuse and Sexual Violence Claire McLoone-Richards, 2023-08-25 This book offers a critical examination of the ethical and moral challenges in conducting research about domestic abuse or sexual violence from the perspectives of student practitioners and novice researchers within various professional disciplines offering rich insights based on the experiences of each author Including the research expertise of academics in this field and importantly the experiences of student practitioners in conducting their research the book explores practice informed research and research informed practice in relation to the examination of a range of issues and themes related to DA and SV All contributors consider the challenges and reflect on the salient issues related to their ethical research and with some of the research conducted during the global pandemic of COVID 19 they also reflect on these additional challenges and how they sought to address them The reader is invited to consider the different national and international gendered cultural and social contexts of DA and SV from early childhood to old age With a constant thread of critical reflection they are encouraged to think about their own positionality to the unfolding discussions within each chapter and how these may relate to their professional practice their research and their professional values Overall the book sets out to 1 articulate the dominant theoretical frameworks that have sought to offer explanations about domestic abuse and sexual violence within the research problems presented by the student practitioners 2 evaluate the significance of the legislation and policy provision within the UK in service provision and interventions for victims and perpetrators 3 showcase best practice examples of research studies on domestic abuse and sexual violence based on the experiences of student practitioners 4 promote a critical appraisal of the self and the positionality of the practitioner as researcher through reflection on their personal and professional development and 5 reflect on the impact of the shadow pandemic on the experiences of vulnerable individuals and the challenges of conducting research ethically and safely This is essential reading for students either currently engaged in or with aspirations to work in professional practice in the DA and SV sectors It is also useful for students on related graduate MA professional courses practitioners in social work health care criminal justice counselling and particularly in the multi faceted women s sector It will also appeal to final year students undertaking primary research in social work health care women s studies and criminology

Investigating Sexual Assault Cases Arthur S. Chancellor, 2021-12-26 Investigating Sexual Assault Cases Second Edition serves as an essential textbook for courses in investigating rape and sexual assault As with the first edition this second edition includes the latest research and techniques in coverage of victimology offender typology investigative techniques interviewing and legal implications This new second edition includes chapters on child victims and molestation sexual homicides as potentially staged events grooming interviewing techniques and same sex elder and special populations as victims of sexual assault The book fills a current void in the body of literature on the topics of rape and sex crime investigation Many previous writings while informative do not address all the investigative processes necessary for an investigation to be thorough and complete By providing a fresh approach to the topic the author aims to augment those

writings and ultimately improving the reader awareness by being much more attuned to the needs of and taking investigative cues from the victim Key Features Outlines the complete investigative process for sexual assault cases from evidence collection and interviews to court and legal proceedings Addresses victims and victimology offender typology the importance of the investigative interviewing process and working with attorneys Includes new chapters on grooming sexual homicides SAFE examinations and child specific interviewing techniques Added coverage looks at same sex crimes crimes against men elder victims and assault of vulnerable populations In addition to being used in coursework in Forensic Science and Criminal justice programs Investigating Sexual Assault Cases Second Edition will serve as an essential reference for police detectives criminal and death investigators legal professionals sexual assault nurses and those who provide health and mental health services to populations experiencing sexual assault

The Transformation of Human Rights Fact-finding Philip Alston, Sarah Knuckey, 2016 Fact finding is at the heart of human rights advocacy and is often at the center of international controversies about alleged government abuses In recent years human rights fact finding has greatly proliferated and become more sophisticated and complex while also being subjected to stronger scrutiny from governments Nevertheless despite the prominence of fact finding it remains strikingly under studied and under theorized Too little has been done to bring forth the assumptions methodologies and techniques of this rapidly developing field or to open human rights fact finding to critical and constructive scrutiny The Transformation of Human Rights Fact Finding offers a multidisciplinary approach to the study of fact finding with rigorous and critical analysis of the field of practice while providing a range of accounts of what actually happens It deepens the study and practice of human rights investigations and fosters fact finding as a discretely studied topic while mapping crucial transformations in the field The contributions to this book are the result of a major international conference organized by New York University Law School s Center for Human Rights and Global Justice Engaging the expertise and experience of the editors and contributing authors it offers a broad approach encompassing contemporary issues and analysis across the human rights spectrum in law international relations and critical theory This book addresses the major areas of human rights fact finding such as victim and witness issues fact finding for advocacy enforcement and litigation the role of interdisciplinary expertise and methodologies crowd sourcing social media and big data and international guidelines for fact finding
