for a temporarily retired academic to retreat to the woods deliberately regress to personal and cultural adolescence and dream in silent solitude about stand up classroom verbal eloquence but it is another when these dreams become a theory of human nature going all the way back to the primitive Siberian shaman and are urged on us as a description of modern western man It does not help much that the author a teacher of Shakespeare acknowledges each irony in turn social science theory is nothing but autobiography writing is a dream of speech solitude creates fantasy company Each admitted irony each existential paradox wafts this quixotic author further from his mundane chore to write well To be sure the author agrees Marijuana he says generates first draft or epiphanic thought and the book is thus a composition text an illustration of pride and flaw If indolence has been the hallmark of my execution for quite a while in several areas should I not make it the focus of my educational effort Thus will the stone soup of this Peter Pan preserve if not communicate the creative vision which he defines as an idealistic blurring of forms which allows autobiography cultural history ethical paradigm and ecstatic witness to reveal common roots in ego and fiction In method and subject roughly being stoned and watching the tube Novel Talking is adolescent pastoral aware of itself as an idyll It is a survey of the four seasonal literary modes comedy tragedy irony and romance each presented with a behavioral analogue from the social sciences The pattern for tragedy the western body soul dualism derives from the cultural practice of swaddling Its first articulation is by the ancient shaman who performs an imitation of a wrapped rapt memory of an imagined unwrapped act a magic spirit flight from the body an ineffable claim convincing enough to arouse sustain and focus to his profit the fight flight tension the mingled rage and ridicule of the gathering within the sound of his voice In further discussion the swaddle itself becomes an analogue for various contemporary sedentary recreational states including television and chemical euphoria which are contrasted with group ritual behavior in order to suggest ways to deal with emerging national patterns of domestic equality and mutual grooming This is a rather heavy argument to be founded as the author says only on cultural generalizations and more importantly on purely autobiographical analogies He further asserts that it is only because of the fashion of the times that he speaks in this way He is only a Boy Scout an acolyte only a shaman stoned He has a theory of gentility of manners and God is a personal laugh track He is looking for work We seek he says only what we lack At the college level of this author s prime pedagogic fantasy only one of several this search translates as a form of residential literary and critical counseling minor arbitration general assaying duck rowing a kind of WASP male Uncle Tomming or intellectual groping for pay that can only be imagined perhaps after three years alone in the woods It s going to have to be a no frills fantasy this academic niche because the writing of this book will compel poetic justice academic logic and Dame Fortune to all insist that its author teach composition for a living And that would be after all the best framework for coaching the logical and literary mise en scene of a gathering of shamen Heaven help his students nbs
