**C. Richard Nelson**

## **Monte Cassino The Hardest Fought Battle Of World War II:**

**Monte Cassino** Matthew Parker,2003 Documents the six month battle in the mountains of central Italy during which more than 350 000 people died describing how German commander Kesselring established a virtually impregnable position at the fortress like monastery in a volume drawing on the first person accounts of four hundred survivors **How Roosevelt Failed America in World War II** Stewart Halsey Ross,2006-05-17 Reeling from the devastation of World War I many Americans vowed never again to become involved in European conflicts This stance was formalized in 1935 when Congress passed the first Neutrality Act which was not only designed to keep America out of foreign wars but also called for the president to declare an immediate embargo of arms and munitions to all belligerent countries As war loomed and eventually erupted in 1939 President Franklin D Roosevelt instituted several policies that aided the Allies and American neutrality was questionable many months before the attack on Pearl Harbor This work examines how Roosevelt navigated prewar neutrality to push the United States toward intervention on the side of the Allies in World War II and considers critically his wartime policy of unconditional surrender and his unprecedented acceptance of a fourth term It covers his prewar policies that sidestepped neutrality including covert submarine warfare air patrol of the North Atlantic the Lend Lease Act and coordination between the American and British navies and critiques his plans for rebuilding postwar Europe Thirteen appendices parallel prewar planning by Roosevelt and Woodrow Wilson and reproduce such key documents as the Atlantic Charter and the Potsdam Declaration **The Wehrmacht's Last Stand** Robert M. Citino,2020-07-09 By 1943 the war was lost and most German officers knew it Three quarters of a century later the question persists What kept the German army going in an increasingly hopeless situation Where some historians have found explanations in the power of Hitler or the role of ideology Robert M Citino the world s leading scholar on the subject posits a more straightforward solution *Bewegungskrieg* the way of war cultivated by the Germans over the course of history In this gripping account of German military campaigns during the final phase of World War II Citino charts the inevitable path by which *Bewegungskrieg* or a war of movement inexorably led to Nazi Germany s defeat The Wehrmacht s Last Stand analyzes the German *Totenritt* or death ride from January 1944 with simultaneous Allied offensives at Anzio and Ukraine until May 1945 the collapse of the Wehrmacht in the field and the Soviet storming of Berlin In clear and compelling prose and bringing extensive reading of the German language literature to bear Citino focuses on the German view of these campaigns Often very different from the Allied perspective this approach allows for a more nuanced and far reaching understanding of the last battles of the Wehrmacht than any now available With Citino s previous volumes *Death of the Wehrmacht* and *The Wehrmacht Retreats* The Wehrmacht s Last Stand completes a uniquely comprehensive picture of the German army s strategy operations and performance against the Allies in World War II **Monte Cassino** Matthew Parker,2004-06-01 Monte Cassino is the true story of one of the bitterest and bloodiest of the Allied struggles against the Nazi army Long neglected by historians the

horrific conflict saw over 350 000 casualties while the worst winter in Italian memory and official incompetence and backbiting only worsened the carnage and turmoil Combining groundbreaking research in military archives with interviews with four hundred survivors from both sides as well as soldier diaries and letters Monte Cassino is both profoundly evocative and historically definitive Clearly and precisely Matthew Parker brilliantly reconstructs Europe s largest land battle which saw the destruction of the ancient monastery of Monte Cassino and dramatically conveys the heroism and misery of the human face of war [The Battles of Monte Cassino](#) Glyn Harper,2013-09-01 The Allied forces actions in and around Monte Cassino in Italy remain some of the most controversial of the Second World War Adolf Hitler described them as the battles that came closest to the bitter struggles on the Western Front The name Cassino has become a touchstone for New Zealanders as a result of the crucial role played there by Kiwi forces and the controversy surrounding the battles refuses to die down This reappraisal of the battles brings new information about the events at Cassino to light The Battles of Monte Cassino is not another campaign narrative but a fresh look at some of the key aspects of the battles the controversial bombing of the Benedictine monastery the effectiveness of the commanders involved on both sides the consequences of the Anzio beachhead the performance of the Germans and why four agonising battles were needed to defeat the Germans at Cassino

**Let Us Watch Richard Wilbur** Robert Bagg,Mary Bagg,2018-06-29 Pulitzer Prize winning poet Richard Wilbur b 1921 is part of a notable literary cohort American poets who came to prominence in the mid twentieth century Wilbur s verse is esteemed for its fluency wit and optimism his ingeniously rhymed translations of French drama by Moli re Racine and Corneille remain the most often staged in the English speaking world his essays possess a scope and acumen equal to the era s best criticism This biography examines the philosophical and visionary depth of his world renowned poetry and traces achievements spanning seventy years from political editorials about World War II to war poems written during his service to his theatrical career including a contentious collaboration with Leonard Bernstein and Lillian Hellman Wilbur s life has been mistakenly seen as blessed lacking the drama of his troubled contemporaries Let Us Watch Richard Wilbur corrects that view and explores how Wilbur s perceived normality both enhanced and limited his achievement The authors augment the life story with details gleaned from access to his unpublished journals family archives candid interviews they conducted with Wilbur and his wife Charlee and his correspondence with Robert Lowell Elizabeth Bishop John Berryman John Malcolm Brinnin James Merrill and others

**Anzio** Lloyd Clark,2007-12-01 A harrowing and incisive high quality battle history from one of the world s finest military historians Booklist The Allied attack of Normandy beach and its resultant bloodbath have been immortalized in film and literature but the US campaign on the beaches of Western Italy reigns as perhaps the deadliest battle of World War II s western theater In January 1944 about six months before D Day an Allied force of thirty six thousand soldiers launched one of the first attacks on continental Europe at Anzio a small coastal city thirty miles south of Rome The assault was conceived as the first step toward an eventual siege of the Italian capital But the advance stalled and Anzio beach

became a death trap After five months of brutal fighting and monumental casualties on both sides the Allies finally cracked the German line and marched into Rome on June 5 the day before D Day Richly detailed and fueled by extensive archival research of newspapers letters and diaries as well as scores of original interviews with surviving soldiers on both sides of the trenches Anzio is a relentlessly fascinating story with plenty of asides about individuals experiences Publishers Weekly Masterly A heartbreaking beautifully told story of wasted sacrifice The Washington Post

**Churchill on the Far East in the Second World War** C. Wilson,2014-08-05 Cat Wilson brings together two strands of historical scholarship Churchill s work as a historian and the history of WWII in the Far East Examining Churchill s portrayal of the British Empire s war against Japan as set down in his memoirs it ascertains whether he mythologised wartime Anglo American relations to present a special relationship

**Gunfire!** Stig H. Moberg,2017-03-30 This book provides an insight into how artillery resources were established developed and employed during the Second World War using the British Royal Artillery as an example Beginning with an overview of the nature and state of readiness of the Royal Artillery on the outbreak of war the book analyses in great detail the weapons available to the Royal Artillery their technical functionality and their performance capabilities With this knowledge the author then examines the organization methods procedures and tactics employed by the Royal Artillery To complete this fascinating study Stig Moberg looks at a number of key battles from the war to see how the artillery was used and the effectiveness of its support to the British and Allied infantry in campaigns in North Africa Burma and Europe British Artillery of the Second World War is profusely illustrated throughout with photographs maps plans graphs charts and diagrams to demonstrate precisely how the British Artillery was used on the battlefields around the world Although I am an infantryman and proud of it I have many times said that the Royal Regiment of Artillery in my opinion did more to win the last war more than any other Arm of the Service Field Marshal Bernard Montgomery

**A Perfect Hell** John Nadler,2007-03-27 Nadler offers this account of America s first Special Forces unit a team of commandoes considered the forefathers of the Green Berets and credited with turning the tide of the Italian campaign in the Second World War Includes an 8 page photo insert and maps

*Cultural Heritage and Mass Atrocities* James Cuno,2022-09-20 A pathbreaking call to halt the intertwined crises of cultural heritage attacks and mass atrocities and mobilize international efforts to protect people and cultures Intentional destruction of cultural heritage has a long history Contemporary examples include the Bamiyan Buddhas in Afghanistan mosques in Xinjiang mausoleums in Timbuktu and Greco Roman remains in Syria Cultural heritage destruction invariably accompanies assaults on civilians making heritage attacks impossible to disentangle from the mass atrocities of genocide war crimes crimes against humanity and ethnic cleansing Both seek to eliminate people and the heritage with which they identify Cultural Heritage and Mass Atrocities assembles essays by thirty eight experts from the heritage social science humanitarian legal and military communities Focusing on immovable cultural heritage vulnerable to attack the volume s guiding framework is the Responsibility to Protect R2P a United Nations resolution adopted unanimously

in 2005 to permit international intervention against crimes of war or genocide Based on the three pillars of prevent react and rebuild R2P offers today s policymakers a set of existing laws and international norms that can and as this book argues must be extended to the protection of cultural heritage Contributions consider the global value of cultural heritage and document recent attacks on people and sites in China Guatemala Iraq Mali Sri Lanka and Afghanistan Syria and Yemen Comprehensive sections on vulnerable populations as well as the role of international law and the military offer readers critical insights and point toward research policy and action agendas to protect both people and cultural heritage A concise abstract of each chapter is offered online in Arabic Chinese French Russian and Spanish to facilitate robust global dissemination of the strategies and tactics offered in this pathbreaking call to action The free online edition of this publication is available at [getty.edu/publications/cultural-heritage-mass-atrocities](http://getty.edu/publications/cultural-heritage-mass-atrocities) Also available are free PDF EPUB and Kindle MOBI downloads of the book

No Greater Ally Kenneth K. Koskodan, 2011-12-20 There is a chapter of World War II history that remains largely untold the monumental struggles of an entire nation have been forgotten and even intentionally obscured Giving a full overview of Poland s participation in World War II Following their valiant but doomed defence of Poland in 1939 members of the Polish armed forces fought with the Allies wherever and however they could Full of previously unpublished accounts and rare photographs this title provides a detailed analysis of the devastation the war brought to Poland and the final betrayal when having fought for freedom for six long years Poland was handed to the Soviet Union **Daily Life in a Medieval**

**Monastery** Sherri Olson, 2013-08-12 A study of life inside medieval monasteries that explores monastic spirituality daily routines contact with the outside world and the historical impact of these foundational institutions on the Western world How did the Western monastic tradition begin What was monastic life typically like for a monk or nun How was the institution of the monastery formative to Western culture from antiquity through the Middle Ages This book covers the entire span of monastic history in the late ancient and medieval periods and provides an in depth look at several monasteries across Europe Each chapter introduces the reader to the surviving evidence for the houses studied such as its monastic rules plans records of visitation chronicles and biographical accounts and aims to give an insider view not only of monks and nuns daily activities but what these dedicated individuals values ambitions and aspirations might have been **Bill Mauldin** Todd

DePastino, 2008 The definitive biography of the greatest cartoonist of the Greatest Generation Mauldin defied army censors German artillery and Patton s pledge to throw his ass in jail to deliver his wildly popular cartoon Up Front to the pages of Stars and Stripes From publisher description **Hitler's Paratrooper** Gilberto Villahermosa, 2010-07-30 A valuable study a must read for everybody interested in the topic of German Fallschirmj ger in the Second World War Volker Griesser author of The Lions of Carentan Rudolf Witzig entered the history books as the heroic captor of Belgium s supposedly impregnable fortress Eben Emael in May 1940 the first time that glider borne troops were used in the war To many people he is also known as the commander of the battle group that fired the first shots of the Tunisian campaign Remarkably next to nothing

has been written about him as an individual This biography completed with the full support of Witzig s widow and son is a comprehensive history of the man and also provides important new detail on the German parachute arm that he served In the course of his service Witzig was awarded the coveted Knight s Cross of the Iron Cross even though he had not yet earned the Iron Crosses 2nd and 1st class To resolve the problem he was awarded all three on the spot Witzig was involved in Operation Mercury the invasion of Crete but was injured during the fighting After his recovery he was sent to Tunisia where he was credited with several successful defensive actions He ended the war in captivity surrendering to the Allies on May 8 1945 the day after his name was placed on the Honour Roll of the Luftwaffe A gripping biography providing a tough gritty and compelling study of a German soldier Firetrench A unique well written and impeccably researched account of the Third Reich s evolving fortunes as witnessed on numerous battlefronts by a highly decorated Fallschirmj ger officer Mark J Reardon author of Defending Fortress Europe

**Hollywood's War with Poland, 1939-1945** M.B.B. Biskupski,2010-01-08 This passionate carefully researched richly detailed well written study reveals the political motives behind WWII Hollywood s portrayal of Poles Choice During World War II Hollywood studios supported the war effort by making patriotic movies designed to raise the nation s morale Often the characterizations were as black and white as the movies themselves Americans and their allies were heroes while everyone else was a villain The peoples of Norway France Czechoslovakia and England were all good because they had been invaded or victimized by Nazi Germany Yet Poland the first country to be invaded by the Third Reich was repeatedly represented in a negative light In this prize winning study Polish historian M B B Biskupski explores why Biskupski presents a close critical study of prewar and wartime films such as To Be or Not to Be In Our Time and None Shall Escape Through memoirs letters diaries and memoranda written by screenwriters directors studio heads and actors Biskupski examines how the political climate and especially pro Soviet sentiment influenced Hollywood films of the time Winner of the Oscar Halecki Prize A Choice Outstanding Academic Title

[The Environment in American History](#) Jeff Crane,2014-11-27 From pre European contact to the present day people living in what is now the United States have constantly manipulated their environment The use of natural resources animals plants minerals water and land has produced both prosperity and destruction reshaping the land and human responses to it The Environment in American History is a clear and comprehensive account that vividly shows students how the environment played a defining role in the development of American society Organized in thirteen chronological chapters and extensively illustrated the book covers themes including Native peoples manipulation of the environment across various regions The role of Old World livestock and diseases in European conquests Plantation agriculture and slavery Westward expansion and the exploitation of natural resources Environmental influences on the Civil War and World War II The emergence and development of environmental activism Industrialization and the growth of cities and suburbs Ecological restoration and climate change Each chapter includes a selection of primary documents and the book is supported by a robust companion website that provides further

resources for students and instructors Drawing on current scholarship Jeff Crane has created a vibrant and engaging survey that is a key resource for all students of American environmental history **Thermopylae** Chris Carey,2019 The story of Thermopylae the famous last stand of the Greco Persian Wars how it was fought how it has been remembered and what it has come to mean **The Life and Work of General Andrew J. Goodpaster** C. Richard Nelson,2016-09-29 General Andrew J Goodpaster 1915 2005 was a brilliant military leader a scholar and most of all an exceptional presidential adviser who served under seven successive administrations A respected strategist he participated at the highest levels of government in many of the most important decisions of the second half of the twentieth century As President Eisenhower s Staff Secretary he was the de facto originator of the National Security Council process and served as a mentor and role model to his successors down to the present day He was involved in many security challenges such as establishing and sustaining NATO planning for nuclear weapons and arms control and implementing d tente He developed a collaborative method of approaching national security affairs a style that reflected a strong capacity to engage effectively the necessary people to work together to achieve the best possible outcomes In doing so he learned and taught best practices in national security that still influence decision making today This biography shows the importance of experienced soldier scholars with high integrity on national security teams and provides the first systematic mining of the documents Goodpaster wrote on national security Organized chronologically it demonstrates how Goodpaster was able to adapt best practices to a constantly changing political military economic and technological environment It also explains why he was so frequently selected as an insider in national security decision making His life and work reveal how best to approach complex national security problems and the kind of collaborative leadership needed to get the job done Still today his method confirms General Scowcroft s view that Goodpaster is too important to ignore *Two Years in a Gulag* Frank Pleszak,2013-02-15 The true story of a Polish peasant exiled to the harsh Gulags of north eastern Siberia during the Second World War
