Within the Warrior George Kakaletris, 2007 The book chronicles the events behind the breakdown of a marriage and how those events were based on a way of thinking founded on childhood tragedies and experiences The work also chronicles the impact of those tragedies upon loved ones and friends when the help necessary for liberation from a life of tragedy through proper counseling was not sought Recorded within the book is one man s struggle for redemption and reconciliation of all that he lost or threw away once the decision was reached and sought to bring an end to everything around him through a cycle of self destruction A cycle that was brought to a culminating point on the modern day battlefields of Iraq **Memoir**
