Mongolia Nily Naiman,2011-06-01 Description This novel is based upon true events in the lives of the author and her family members The narrator Lana is three years old when she stands on a hill with her mother and sisters for the first time waiting for butterflies to land on her Thus Nily Naiman begins this sensual emotional and ever surprising saga of a very special family The complex narrative spreads over two lifetimes and four continents over times of war and peace and poverty and plenty The women of this novel are larger than life Only at the age of 18 does Lana come to the realization that not

everything has been known to her about her family and she begins an adventurous journey in search of her roots and her identity Her mother Sara a determined and passionate woman who found herself in the wilderness of Mongolia during the Second World War relates a life story of exceptional bravery and turmoil Lana s two sisters are polar opposites as personalities but each in her own way is fascinating and brings the reader to tears Farah an Arab woman who lives under the Israeli occupation is a symbol of strength and incredible pride in her identity Lana s captivating daughters each uniquely combine the attributes of sensitivity and courage Lana herself lives through an extraordinary and unexpected series of events that bring forth all the special strengths that she has within her Although this complex tale is focused primarily in Mongolia it reaches throughout much of the world Author Naiman is able to transmit the magical atmosphere of each locale that she describes from the hard constricted narrow minded climate of Israel a tiny country at war to the distant open terrain of Mongolia its mountains lakes deserts and forests and its open minded people One thread of the narrative is an old belief that when a girl stands on a hill where butterflies are about the number that land on her will foretell the number of husbands that she will have The men in this book the butterflies are all interesting in their own right sensitive strong and caring They supply the physical and emotional needs of the women and provide critical support in times of severe stress But it is the women who are central Coping with the setbacks and crises of life is a major theme of the story Both Lana and later her eldest daughter live through shocking events that cause them to retreat within themselves They lose the capacity to speak or even utter a sound The book explores in depth the phenomenon of post traumatic muteness the horrendous conscious fears and frustrations that accompany it and the paradoxical and contradictory underlying reality that this kind of mental collapse temporarily frees the individual from her normal relationship with her surroundings a convenient and all too enticing form of escape This silence has a language of its own It speaks it cries it shouts out in anger all in the mind of the sufferer Through the experiences of Lana and her daughter the book describes not only the horrible anxiety and loneliness that are a part of post traumatic muteness but the exceptional strength and courage that must be brought to bear to fight one s way out of the suffering and renew one s relationship with the world Of all the demonstrations of strength and determination in the course of the saga the struggles of Lana and her daughter in this regard are perhaps the greatest examples About the Author Born in Israel in 1953 Nily Naiman grew up among Holocaust survivors and their children Israel of the 1950 s was a confused mix of conflicting cultures traditions and tragic personal histories all grating against each other in a new society struggling to define itself This was the bewildering brew into which she was born Her work is inspired by her childhood memories of the stories of her parents and their contemporaries Only now has she begun writing down the pieces of her life that are incorporated into *The Bookman*, 1921

Celebrities in American Elections Richard T. Longoria, 2022-09-02 Using a case study approach *Celebrities in American Elections* contends that celebrities have the talent fame and resources to succeed in electoral politics These factors account for the electoral victories of Ronald Reagan Clint Eastwood Fred Grandy

Sonny Bono Jesse Ventura Arnold Schwarzenegger Al Franken and Donald Trump However the author argues that these items are insufficient without a favorable political environment as many celebrities have lost elections as have won them They lose because their persona does not match the politics of their time or they represent the minority party in a one party dominated district or state or they advocate for unpopular policies Among those that won nearly half were elected by a plurality not a majority of voters This does not suggest overwhelming public support for celebrity candidates despite their many advantages With a few exceptions celebrities that won tended to also win the fundraising battle while celebrities that lost tended to raise less than their opponent the normal laws of politics still apply The celebrity factor while helpful does not fully explain why celebrities win or lose elections

F.S.P. Arthur Gwynn-Browne,2017-07-24 I am in the F S P F S P stands for Field Security Personnel That is the authorized version So begins this remarkable account of six months service with the British Expeditionary Force in France up to and including the terrible retreat to and evacuation from the beaches of Dunkirk at the end of May 1940 Absorbing affecting thrilling often funny this book is very different from other war memoirs It was the first on the ground account of Dunkirk to be published in 1942 and lacks nothing in the immediacy of its telling The narrative is gripping and the style is revolutionary immersing the readers in the emotional and psychological turbulence of the author's experience and making them feel they are living through it themselves The result is a stunningly authentic and involving record of one of the defining episodes of twentieth century British history Editor N H Reeve provides a lucid critical and biographical Afterword and includes two extracts from an unfinished work by Gwynn Browne in which his idiosyncratic stream of consciousness style is used to describe the London Blitz and the mood of the civilian population in wartime
